Page 9 Page 11 just throw them out when you're done. 1 1 subpoena are here. 2 MR. MAY: Okay. 2 Q Got it. So there's no more documents A Yes, I recognize it. 3 3 you expect to produce? 4 BY MR. BURDEN: A Not to my understanding. 5 Q Can you tell me what Exhibit 117 is, Q Okay. Mr. Ruth, have you withheld any 5 6 documents called for by the subpoena based on any 6 please. 7 A The documents that I'm providing in 7 claim of privilege? 8 response to the subpoena. A What do you mean by privilege? 8 Q All right. And is this, the documents 9 9 Q I'm sure you will have talked 10 we see in Exhibit 117, is that the sum total of the 10 about this with your counsel but attorney-client 11 privilege, the Fifth Amendment privilege against 11 responsive documents to the CFTC's subpoena? MR. MAY: Are you having -- do you have 12 12 self-incrimination? a question for me? 13 13 A No. 14 THE WITNESS: Yes. 14 Q All right. So if you would, please, MR. MAY: Okay. Do you mind if I ask 15 15 please describe the search that was conducted for 16 him some questions? 16 the subpoenaed records. 17 MR. BURDEN: We don't usually allow it, A What do you mean by that? 17 18 but it seems like --18 Q Well, the documents we see in 19 MR. MAY: No. 19 Exhibit 117, those are documents that you found 20 MR. BURDEN: -- it might be appropriate. 20 and you gave them to your lawyer and your lawyer 21 MR. MAY: Yeah. 21 produced them to us, right? MR. BURDEN: So go right ahead, Mr. May. A Correct. 22 22 23 MR. MAY: So, Mr. Ruth, did you tender 23 Q So where did you get those documents a number of documents to me to assist you in 24 from in 117? Were they maybe in a file drawer? 24 Page 12 complying with the subpoena? 1 1 Were they on your computer? Where did you find 2 THE WITNESS: Yes. 2 them? 3 MR. MAY: And did I review the subpoena A I mean, they were predominantly emails 4 and decide on your behalf what documents were 4 between me and principals and former principals and 5 responsive and which ones weren't? 5 attorneys of Long Leaf Trading Group. 6 THE WITNESS: Yes. Q Okay. So you looked in your email account, MR. MAY: Okay. And the documents that 7 7 correct? 8 we're tendering to the CFTC is essentially the 8 A Yeah, correct. 9 documents that I've come to the conclusion are 9 Q And what's the address for that email 10 responsive? 10 account? 11 THE WITNESS: Yes. 11 A Jeremysruth@hotmail.com. 12 MR. MAY: Okay. Q And do you have any other email accounts? 12 MR. BURDEN: All right. So thank you, 13 Why is that funny? 13 14 Mr. May. 14 A I don't know. Hotmail's really old. Q So the subpoena essentially calls 15 15 Q It is. I always laugh when I see a 16 for all documents in your possession relating to 16 Hotmail or a Yahoo. 17 Long Leaf Trading? A Yeah. 17 A Um-hmm. 18 18 Q All right. So you looked in your Hotmail Q Yes? 19 19 account, right? A That is my understanding, yes. 20 20 Α Yeah. Q All right. So are all of those documents 21 21 Q Where else did you look for responsive 22 in CFTC Exhibit 117? 22 documents? 23 A The documents that I gave to Mr. May, 23 A Well, the only other documents that 24 the ones that he determined were responsive to the 24 I would have had would be with a Long Leaf email

- 1 account, which I don't have access to because I'm
- 2 not, I guess, affiliated with them.
- 3 Q Got it.
- 4 MR. MAY: So you didn't produce those?
- 5 THE WITNESS: No.
- 6 BY MR. BURDEN:
- 7 Q And you can't produce them because you
- 8 don't have access --
- 9 A Right.
- 10 Q -- to that email address, right?
- 11 A Right. I just have -- these are
- 12 the only emails that I have in my personal stuff
- 13 or any documents that I have.
- 14 Q Got it. So do you have any physical
- 15 files in your home or office?
- 16 A No.
- 17 Q Any paper copies of documents?
- 18 A No. That was -- as you'll see from these
- 19 documents, it's prevented from that happening.
- 20 Q Why is that?
- 21 A It's a violation of their, I don't know,
- 22 protocols I guess.
- 23 Q So did you have any documents that
- 24 you used at Long Leaf that you maybe took home

- se I'm 1 testimony before, Mr. Ruth?
 - 2 A No.
 - 3 Q All right. So I'm sure your counsel
 - 4 went over these with you, but for the record I want

Page 15

Page 16

- 5 to do some quick rules of the road.
- 6 A Okay.
- 7 Q So the first is be sure to answer
- 8 my questions verbally, please. There's a natural
- 9 tendency to nod or shake your head or in my case,
- 10 you know, make an affirmative noise. So say yes or
- 11 no. Give your answer. Do you understand?
- 12 A Yes.
- 13 Q All right. You and I should try not
- 14 to talk over each other. I'm the guy that does
- 15 this the most, so I'll be extra mindful of it. But
- 16 I'm sure our court reporter, Mary Maslowski, will
- 17 remind us if we start doing that.
- 18 A Okay.
- 19 Q And you know what a good rule of thumb
- 20 is, and I'm sure your lawyer already told you, is
- 21 if I ask you a question, take a breath, then answer
- 22 it, you know. I don't want to ask you any questions
- 23 in testimony that confuse you or that you don't
- 24 understand. So do you promise that if something

- 1 in a bag or that you put in a file?
- 2 A No, no, no.
- 3 Q Do you know of any documents responsive
- 4 to the subpoena but not provided that were in your
- 5 possession at some other time but have since been
- 6 lost or destroyed or disposed of? Maybe you threw
- 7 them away or you moved, anything like that?
- 8 A I mean, there's obviously documents
- 9 when I was -- I don't know if you want to call
- 10 it an employee or independent contractor of Long
- 11 Leaf Trading Group, but I don't have any of those
- 12 documents.
- 13 Q Well, did you take any of those documents
- 14 home?
- 15 A No.
- 16 Q At any point?
- 17 A No. I mean, I don't know if no
- 18 is right. I don't have any, but I don't recall.
- 19 I mean, maybe one day I brought a document home19
- 20 but ...
- 21 Q And maybe you threw it away but you
- 22 don't remember either way, correct?
- 23 A Correct. Yeah, I don't.
- 24 Q All right. Have you ever given sworn

- 1 confuses you, you'll tell me?
- 2 A Yes.
- 3 Q All right. So what I want to do first
- 4 is talk a little about your personal background,
- 5 your education, your professional credentials and
- 6 then we're going to move on to Long Leaf Trading,
- 7 all right?
- 8 A All right.
- 9 Q All right. So, Mr. Ruth, what is the
- 10 highest level of education you received, please.
- 11 A High school diploma.
- 12 Q Any college in there?
- 13 A Yeah.
- 14 Q How much, please.
- 15 A 98 percent completion.
- 16 Q All right. So three or four years then?
- 17 A Yes.
- 18 Q And where did you attend college?
 - A College of DuPage and the University
- 20 of Houston.
- 21 Q And what did you study there, please.
- 22 A Hotel and restaurant management.
- 23 Q What professional licenses or
- 24 certifications do you hold?

Page 17 A Currently nothing I guess you could say.

- Q I ought to know this, but do you currently
- 2
- 3 hold a Series 3 or did you let that lapse?
- A It's an interesting situation. I don't
- 5 know if it ever lapsed, but I'm not currently
- 6 registered with the NFA.
- Q Got it, okay. But do you have a Series 3 7
- 8 license currently?
- 9 A I mean --
- MR. MAY: Can I ask a question? 10
- A -- I've passed the Series 3 test, yes. 11
- MR. MAY: Okay. That's where I was going 12
- 13 to go. Okay.
- A But I don't think they like give you 14
- 15 a license so ...
- 16 BY MR. BURDEN:
- 17 Q All right. Any other operational
- 18 licenses or certifications that you've previously
- 19 held?

1

- 20 A I was certified in sanitation in the
- 21 state of Illinois.
- Q What else, please. 22
- 23 A I think that's it.
- Q All right. So let's talk a bit, 24

Page 18

- 1 if we could, please, about your professional
- 2 background. During what period of time did you
- 3 work for Long Leaf Trading?
- A March 13, 2015 to a day in late August 4 5 of 2017.
- Q All right. So what did you do before you 7 joined Long Leaf Trading, please.
- 8 A I worked in like the internet marketing
- 9 industry.
- Q Okay. Can you be a little more specific, 10
- 11 please. Like what company, how about that?
- A I worked for a company called Yodle. 12
- Q What did Yodle do, please. 13
- A Internet marketing for small to medium-
- 15 sized businesses.
- Q Was there anything in particular they 16
- 17 focused on?
- A Google AdWords. 18
- Q Okay. So it's not like finance stuff. 19
- 20 It's just sort of general internet marketing, is
- 21 that fair to say?
- 22 A Yes.
- 23 Q All right. And how long did you work
- 24 for Yodle, please.

- A One year. 1
 - 2 Q All right. What did you do before Yodle?
 - A I worked in real estate, which going 3
 - 4 back means I had a professional license in the state
 - 5 of Texas to be a real estate agent.
 - Q All right. And before real estate?
 - A I worked in the restaurant industry. 7
 - Q Okay. So was Long Leaf Trading your
 - 9 first experience working for a financial firm?
- A Yes. 10
- 11 Q All right. What did you do after you
- 12 left Long Leaf Trading?
 - A I went to Postrock Brokerage.
- 14 Q And how long did you work at Postrock
- 15 Brokerage for?
- A So I think it would be like the first
- 17 week of September of 2017 until May 2nd of 2019.
- Q All right. So what have you done 18
- 19 since -- what have you been doing since May of
- 20 2019, please.

22

- 21 A I've been trying to open up my own GIB.
 - And who would be the guarantor of that GIB?
- 23 Α Multiple people that I'm trying
- 24 to guarantee my IB, multiple different FCMs.

Page 20

- 1 Q Got it. So have you settled on one yet 2 or is that still in the works?
 - 3 THE WITNESS: How do I answer that
 - 4 question?
 - 5 MR. MAY: To the best of your ability.
 - A Yeah. I mean, I'm trying to. I'm having
 - 7 some issues getting registered.
 - 8 BY MR. BURDEN:
 - Q Why is that?
- 10 A I don't know. I was hoping maybe you
- 11 guys could fill me in on that.
- 12 Q I mean, we can't answer any questions
- 13 but --
- 14 A Yeah. I'm in the dark on --
- 15 Q I don't know.
- A -- a lot of things that are going on. 16
- So you're not currently registered, 17 Q
- 18 correct?
- 19 A No.
- 20 Q All right. So let's talk about
- 21 your experience trading options sort of generally.
- 22 So it sounds like when you started working at Long
- 23 Leaf Trading, that was your first experience with
- 24 options, is that right?

1 A Correct.

- 2 Q Have you traded personally in any
- 3 futures or options products for your own account?
- 4 A With real money, no.
- 5 Q What about for the accounts of others?
- 6 A Have I traded personally for the accounts
- 7 of others? No, I don't think so.
- 8 Q All right.
- 9 A Like are you asking if I had like
- 10 discretionary --
- 11 Q Yeah, sure. You know, what I'm trying
- 12 to ascertain is your knowledge and experience with 12
- 13 respect to options trading. I understand that you
- 14 worked for Long Leaf Trading as a senior broker,
- 15 is that correct?
- 16 A Yeah. I mean, that might be like a
- 17 self-designated title, but yeah.
- 18 Q And we'll get into that, right? That's
- 19 why you're here.
- 20 A Yeah.
- 21 Q But, otherwise, I want to know have
- 22 you done any options trading for yourself? And it
- 23 sounds like the answer's no, correct?
- 24 A No, no.

Page 22

- 1 Q Have you done any trading for other
- 2 people, perhaps clients or family or friends or
- 3 anything like that?
- 4 A Yeah. I mean, I think that's where
- 5 I need clarification. Like I -- the accounts
- 6 I opened are self-directed accounts in a broker-
- 7 assisted environment so -- but I didn't -- the trade
- 8 ideas and all that kind of stuff came from another
- 9 person.
- 10 Q Got it. I understand. Thank you.
- 11 The work you did for Postrock, can you describe
- 12 that, please.
- 13 A I was an associated person.
- 14 Q And did you do the same type of work at
- 15 Postrock that you did at Long Leaf Trading, i.e.,
- 16 sales?
- 17 A I guess what do you mean by the same?
- 18 What did I do at Long Leaf?
- 19 Q Yeah, yeah. What was your -- we want
- 20 to get into Long Leaf, but I want to quickly touch
- 21 on Postrock. What was your job title at Postrock?
- 22 A Just associated person.
- 23 Q All right. And what were your
- 24 responsibilities, please.

- Page 21 1 A Well, I mean, it's not like the
 - 2 firm gave me responsibilities. So it's whatever
 - 3 you want to -- you know, my goal is to acquire
 - 4 clients and have them generate, you know, revenues
 - 5 for the firm and myself.
 - 6 Q All right.
 - 7 A Yeah.
 - 8 Q So your customers at Postrock -- did you
 - 9 have customers at Postrock?
 - 10 A Yes.
 - 11 Q All right. So did they trade in options?
 - 12 A Yes.
 - 3 Q All right. Did they trade out-of-the-money
 - 14 option spreads?
 - 15 A Out-of-the-money option spreads.
 - 16 MR. MAY: And we're talking about
 - 17 at Postrock.
 - 18 A At Postrock?
 - 19 BY MR. BURDEN:
 - 20 Q Yeah.
 - 21 A I mean, I'm not 100 percent positive
 - 22 if I could use the word out of the money, but they
 - 23 traded option spreads.
 - 24 Q Got it.

Page 24

- 1 A Probably some were in the money and out
- 2 of the money, yeah.
- 3 Q So at Postrock were your clients also
- 4 broker-assisted clients?
- 5 A Yes.
- 6 Q Got it. All right. So let's talk about
- 7 Long Leaf Trading, if we could, please. So I think
- 8 you testified that you worked at Long Leaf Trading
- 9 from March 13th of 2015 through sometime into late
- 10 August of 2017, is that right?
- 11 A Yeah. I mean, I became an associated
- 12 person I don't think until like April 24th or
- 13 26th of 2015. So, I mean, before that I was just
- 14 studying for the Series 3 and sitting there and
- 15 watching what was going on. I don't know if I was
- 16 technically employed.
- 17 Q All right. So what was your job title
- 18 when you started at Long Leaf Trading?
- 19 A I don't know. Associated person,
- 20 commodities associate, something like that.
- 21 Q All right. And did that title change
- 22 when you were registered as an associated person?
- 23 A I mean, we didn't really do titles.
- 24 We just -- kind of just some day like, you know,

- 1 we were commodity associates and then some day
- 2 we woke up and said, well, we're senior commodity
- 3 associates.
- 4 Q Yeah, I was going to ask about that.
- 5 So is that a meaningful distinction, senior --
- 6 A No, I don't think so. I don't know.
- 7 Q Was that a title you gave yourself?
- 8 A Probably, yeah.
- 9 Q All right. So when you started in
- 10 March of 2015, what were your responsibilities?
- 11 What did you do at Long Leaf Trading?
- 12 A I was studying for the Series 3.
- 13 Q What else did you do?
- 14 A Got people coffee.
- 15 Q What else?
- 16 A That was pretty much it.
- 17 Q All right. And were you paid for that?
- 18 A Interesting question. I think the
- 19 deal that I had was if I passed the Series 3,
- 20 I would be compensated. But I ended up failing the
- 21 Series 3 the first time I took it, so I don't think
- 22 I was compensated. And then I passed the Series 3
- 23 the second time I took it.
- 24 Q All right. And after you passed

Page 26

- 1 the Series 3, was that when you were registered
- 2 as an associated person?
- 3 A I would -- yeah, I would assume so, yeah.
- 4 Q That's right?
- 5 A That I was an associated person after
- 6 I passed the Series 3?
- 7 Q Correct.
- 8 A Yeah. I mean, that was the whole
- 9 purpose of getting the Series 3, was to be an
- 10 associated person, yeah.
- 11 Q So when did you pass that Series 3 then,
- 12 please.
- 13 A I can't remember the exact date, but
- 14 I would assume my NFA record reflects it. But I
- 15 think it's April 24th, if I'm not mistaken, 2015.
- 16 I wouldn't hold me to that but it's --
- 17 Q I'm sorry. I thought you testified
- 18 that you were registered as an AP in April of 2016.
- 19 Was it 2015?
- 20 A 2015.
- 21 Q There we go. That makes a lot more
- 22 sense. So for a month you were kind of hanging out,
- 23 getting coffee, studying for your Series 3 and not
- 24 being compensated, correct?

1 A I was supposed to be compensated

- 1 A I was supposed to be compensated
- 2 in the event that I passed my Series 3 on the first
- 3 try, but I didn't.
- 4 Q Oh, so you were getting retroactive comp
- 5 if you passed, correct?
- 6 A Yeah, I think something of that nature.
- 7 Q All right. And you didn't the first
- 8 time --
- 9 A No.
- 10 Q -- but you passed eventually, correct?
- 11 A Yes.
- 12 Q All right. So when did you
- 13 begin -- or I should ask instead when you
- 14 started as an associated person, what were your
- 15 job responsibilities then?
- 16 A To bring in customers.
- 17 Q Did you have any other responsibilities?
- 18 A I mean, it's -- I think at the time
- 19 there was like three or four associated persons
- 20 and then, you know, the owner, principal, the
- 21 compliance officer. So, I mean, I don't know. Just
- 22 like general office stuff. I think they designated
- 23 me maybe as like the IT guy.
- 24 Q All right. So one of your tasks

Page 28

- 1 was to bring in customers, right?
 - 2 A Yeah.
 - 3 Q And you sort of had an informal role
 - 4 as an IT person, is that correct?
 - 5 A Yeah, like fixing computers and making
 - 6 sure that they can print and stuff like that, yeah.
 - 7 Q What else did you do?
 - 8 A Just learned, studied, talked to people.
 - 9 That's about it.
 - 10 Q All right. Was your primary responsibility
 - 11 to bring in customers?
 - 12 A Yeah, that's what I was hired to do, yes.
 - 13 Q All right. And was that your primary
 - 14 responsibility through April of 2015 until you left
 - 15 the firm?
 - 16 A I think you have those dates -- I left
 - 17 the firm in August of 2017.
 - 8 Q I understand. I mean, was bringing
 - 19 in customers your primary job duty from the time
 - 20 that you were registered as an AP in April of '15?
 - 21 A Yeah, yeah, I could -- I mean, you could
 - 22 say that, yeah.
 - 23 Q All right. At Long Leaf Trading who
 - 24 supervised you, please.

Page 29 A Tim Evans and towards the end of my

- 2 tenure Brian Adams as well.
- 3 Q Any other supervisors during your tenure
- 4 at Long Leaf?

1

- 5 A No, no.
- 6 Q And did you supervise anybody at Long Leaf?
- 7 A I mean, I had the same job title
- 8 as a lot of people but, I mean, my personality
- 9 might -- I don't know, could be perceived as.
- 10 But, I mean, I was never given like an official
- 11 supervisor designation.
- Q Let me ask you this. Who, stepping
- 13 back to supervising again, who hired you at Long
- 14 Leaf Trading?
- 15 A Tim Evans.
- Q Did you ultimately quit or were you fired? 16
- A I don't know how to answer that question. 17
- 18 It's one of those, you know --
- Q I'll ask you what happened later, how 19
- 20 about that?
- A Yeah, it's -- I don't know. He --21
- 22 I don't know. I guess if you were to reflect the
- record, maybe I'm fired but ...
- Who fired you? 24

Page 30

- 1 A Tim Evans.
- 2 There we go. All right. Getting
- 3 back to the question of people that you supervised,
- 4 were there any employees at Long Leaf Trading or
- contractors or people who worked there that reported
- 7 A Well, I'm not saying that I supervised
- 8 anybody.
- Q Well, that's not what I'm asking,
- 10 right? Is there anybody that reported to you?
- A No. I mean, like not -- like if you're 11
- 12 talking like standard like corporate structure,
- 13 like pyramids or something, am I above anybody,
- 14 no, that's not how it worked.
- 15 Q All right.
- A Like did I collaborate with other people, 16
- 17 yes, but it's not like they reported to me.
- Q Was there anybody at Long Leaf Trading 18
- 19 who did work for you?
- A Again, we -- it's a team-based environment, 20
- 21 so I don't know.
- 22 Q All right. Let's talk about your comp
- 23 at Long Leaf Trading, if we could, please. What was
- 24 the basis for your compensation?

A What do you mean by that? 1

- 2 Well, did you get salary? Did you
- 3 get commissions? Did you get a mix of salary and

Page 31

- 4 commission?
- 5 A The thing changed every five minutes,
- 6 so let's see. I think originally my deal was I got
- 7 like \$1500 a month and then 20 percent of revenues
- 8 generated I guess by my efforts or in coordination
- 9 with my efforts. At one point I got 40 percent of
- 10 all commissions generated, but then I think I had
- 11 to pay like salaries of other people. Then I had
- 12 like a sliding scale compensation structure where
- 13 it depended on like the amount of new accounts I
- 14 opened. And then in going back to the team-based
- 15 environment, like who was involved in the opening
- 16 of the account process.
- 17 Q Got it. So it sounds like originally
- 18 you had sort of a \$1500-a-month salary but then you
- 19 would get commissions in some amount, is that right?
- 20 A Yeah.
- 21 So that \$1500, was that a draw? Q
- 22 Α No.
- 23 Q So you just got that?
- 24 Α Yep.

Page 32 Q All right. So when did that arrangement

- 2 stop and when did it move to a commission-based 3 model?
- 4 A Well, it's always been a commission-
- based model. It was the salary plus commissions.
- Q When did the salary go away is what I'm 6 7 asking.
- I don't recall. 8 Α
- 9 How many months approximately of \$1500
- payments did you get, do you think?
- 11 Α I don't recall.
- 12 So after this \$1500-a-month arrangement
- 13 ceased, were there any other salary payments after
- 14 that or was it just some commission-based metric?
- 15 A I think, yeah. I mean, as I started
- 16 opening more accounts, which I can't tell you when
- 17 this date flipped, I moved to -- I didn't get the
- 18 guaranteed \$1500. I just got commissions. But
- 19 like the commission percentage changed so often,
- 20 and I couldn't tell you the exact dates.
- 21 Q Okay. No, I understand. What I'm
- 22 trying to ask is -- and I think probably not doing
- 23 a good job -- is after you stopped getting that 1500
- 24 a month, was there any more sort of salary after

- 1 that or was everything commission based? And
- 2 I understand that the basis for the commission
- 3 changed and the percentage changed. I'm just
- 4 trying to focus on a salary component.
- 5 A Right. I mean, I don't -- the reason
- 6 why I'm like hesitant in answering that is -- not
- 7 hesitant in like providing an answer. I'm just
- 8 unsure of the answer because like I think I had
- 9 some deal worked out where like he paid for like
- 10 my parking spot. And so I don't know if you
- 11 consider that salary, but I had like a parking
- 12 spot paid for. I had -- at one point I think
- 13 I had like a summer intern and that was paid
- 14 for, but it was like given to me. I don't know.
- 15 Somehow it was like salary. So I don't know.
- 16 Q Got it. So you understand --
- 17 A I had a weird situation.
- Q It sounds like it. So you understand 18
- 19 what a 1099 is, right?
- A Yes. 20
- 21 Q All right. So what percentage --
- 22 like, you know, you're getting that 1099 every
- 23 year. Like what portion of that is going to be
- 24 salary versus commissions after that sort of \$1500

- Q All right. Well, why don't you describe
- 2 it for me, if you would, please.
- A It's an option -- they use it as
- 4 an option selling strategies with defined risk and,

Page 35

Page 36

- 5 yeah, it's done in a broker-assisted environment.
- Q So what does that mean, please,
- 7 broker-assisted environment.
- A It means that the broker assists
- 9 the clients in, you know, executing trades.
- Q Got it. So does the broker recommend
- 11 the trades to the client?
- 12 A In the situation -- I mean, not
- 13 under the -- I mean, not under the -- I mean,
- 14 I don't know. I can speak specifically about this
- 15 situation.
- 16 Q That's all I'm asking about.
- 17 All right.
- Q So we're only talking about Time Means 18
- 19 Money.
- 20 A The chief market strategist, which
- 21 was Tim Evans, would design a trade. It was given
- 22 to me to then present it to the client and obtain
- 23 their permission for execution. So I'm just kind
- 24 of like a lemming in this situation, if you want

- 1 stops?
- 2 A I don't know. I don't know off the top
- 3 of my head.
- 4 Q All right. So are you familiar with the
- 5 phrase Time Means Money?
- A Yes. 6
- Q All right. What's the basis for your 7
- familiarity? Why is that familiar to you?
- A At Long Leaf Trading Group that was
- 10 the name of the -- I don't know if you want to
- 11 call it program we would solicit.
- Q And when did that program start, please. 12
- 13 A Pretty much when I started.
- Q Got it. So by the time you started 14
- 15 work as an AP in April of 2015, the Time Means
- 16 Money program was in full swing, is that fair to
- 17 say?
- A I guess, yeah. I mean, I wouldn't 18
- actually say full swing but it was -- it existed.
- Q Got it. And is it fair to describe Time 20
- 21 Means Money as a broker-assisted trading program for
- 22 customers of Long Leaf Trading?
- A Broker-assisted trading program. 23
- 24 I mean, that's a very limited view of it, but yeah.

- 1 to call it. I don't -- it's not like my trade
 - 2 ideas or I didn't have a choice. It wasn't like
 - 3 I gave -- I didn't provide any feedback, but also
- 4 it wasn't -- it wouldn't have been accepted if
- 5 I did anyway so...
- Q So what percentage of your customers
- 7 when you were at Long Leaf Trading were Time Means
- 8 Money customers?
- A I would say a majority of them,
- 10 you know. I was -- there was -- I managed --
- 11 I mean, I had some people that were like given to
- 12 me that are either self-directed or I think, yeah,
- 13 that I would like communicate with or be like their
- 14 point of contact for the firm. But pretty much
- 15 everything was Time Means Money.
- Q Do you have any knowledge or understanding 16
- 17 of what Long Leaf Trading did before you showed up
- 18 in terms of broker recommendations? It's a terrible
- 19 question but, you know --
- 20 MR. MAY: Because it calls for speculation.
- 21 MR. BURDEN: It may or may not. I think
- 22 it's just inartfully worded.
- 23 Q But, you know, did Time Means Money
- 24 take the place of something? Were they recommending

- 1 other trades or just doing self-directed, if you 2 know?
- 3 A Yeah. I mean, from my understanding --
- 4 and this was just told to me. I didn't see it
- 5 or anything -- was they had like some trade alert
- 6 service called In The Money maybe or some other
- 7 play on those words. And, you know, there was also
- 8 just, you know, general brokerage accounts and
- 9 things of that nature.
- And so I was getting there 10
- 11 when there was this move from -- again, I'm not
- 12 100 percent positive on the title, but I think it
- 13 was called In The Money trade alerts to Time Means
- 14 Money. So I'm like that, I don't know, I guess
- 15 there's that before me. Then I come and they had
- 16 already made the decision to switch and they had
- 17 already switched, but I was there I guess in the
- 18 beginning of it.
- Q Got it. 19
- 20 A I don't know what -- I mean, I guess
- 21 they send out alerts and they I guess execute
- 22 maybe -- maybe they're discretionary accounts.
- 23 But, I mean, I guess I would be speculating.
- 24 I don't know exactly what they're doing.

- Page 38 Q Got it. So, Mr. Ruth, did Mr. Evans
- 2 ever talk to you about or explain why Long Leaf
- 3 was transitioning from whatever they were doing
- 4 before to Time Means Money?
- A I mean, I think like a better trade 5
- 6 strategy. Like so better client performance I think
- 7 was the goal.
- 8 Q All right. Is that what Mr. Evans said
- 9 to you?

1

- A I don't recall specifically. But 10
- 11 if you were to like kind of sum it up, I think that
- 12 was the idea behind it.
- Q And that's something that Mr. Evans 13
- 14 communicated to you?
- 15 A Yeah.
- 16 Q Okay. And how did he communicate that
- 17 to you?
- 18 A Verbally.
- 19 Q Got it. And do you remember when he
- 20 said that to you?
- A I mean, this would all be happening
- 22 probably between the dates of March 13th and
- 23 April 24th.
- 24 Q All right. So Mr. Evans communicated

Page 37

1 to you that the transition to the Time Means Money

- 2 program was for better performance for clients,
- 3 is that right?
- A I think -- well, I mean, I guess
- 5 I could speak on behalf of all brokers. I think
- 6 all brokers generally want to always improve account
- 7 performance, and so they're constantly evolving what
- 8 it is that they're doing in order to -- you know,
- 9 as results are coming in. So, yeah, I would assume
- 10 that's what we're -- that's what he's going for.
- 11 Q All right. Did Mr. Evans say anything
- 12 else to you about the reasons for the transition
- 13 to Time Means Money?
- A Nothing that I recall. 14
- 15 Q All right. Do you have an understanding
- 16 of how Long Leaf's profits were affected by the
- 17 transition from Time Means Money? Like did Long
- 18 Leaf make more money or less money, if you know?
- 19 A I mean, I would assume -- I mean,
- 20 I really, you know --
- 21 Q Well, rather than have you assume,
- 22 let me --
- 23 A Like do I know for a fact like what the
- 24 dollar amount change is or --

Page 40

- 1 Q Did anybody at Long Leaf Trading
 - 2 talk to you about that? Did Mr. Evans ever talk
 - 3 about the firm's revenues sort of pre Time Means
 - 4 Money and post Time Means Money?
 - A I mean, yeah, he indicated that they were 5
 - 6 making more money.
 - 7 Q And how did he indicate that to you?
 - 8 A Verbally.
 - Q All right. And when? 9
 - A I mean, throughout my tenure there, yeah. 10
 - 11 Q So did he say why? Like why was Time
 - 12 Means Money more profitable than what Long Leaf was
 - doing before? Did he tell you?
 - A Well, I mean, we brought in more clients 14
 - 15 so ...
 - Q Did Mr. Evans ever talk to you about 16
 - 17 why more clients came in?
 - 18 A Well, we -- I mean, we had more people
 - 19 working there.
 - 20 Q Was there anything about the Time
 - 21 Means Money program that Mr. Evans intimated to
 - 22 you was a better draw for clients?
 - A I think that's -- I don't know. I think 23
 - 24 I would be speculating on behalf of the client as to

Page 41 1 why they're attracted to the program so ...

- 2 Q Yeah. What I'm asking you is did
- 3 Mr. Evans say anything to you? Did Mr. Evans say
- 4 anything like, oh, clients like this program better
- 5 because or this is more appealing to clients because
- 6 or I think this is working well because?
- 7 A No, I don't think we would talk like that.
- Q Do you have any knowledge or understanding 8
- as to where the idea for Time Means Money came from?
- 10 A Yeah, what's this guy's name. I don't
- 11 know. He's some goofball who worked at LaSalle
- 12 Futures I think. Matt, Matt -- do you know this
- 13 guy I'm talking about? You probably already know
- 14 this answer.
- 15 Q If I did, I couldn't say.
- A Matt -- I don't know. I could tell you 16
- 17 everything about him but his name.
- Q Yeah. So how did you find out about this 18
- 19 guy, how about that?
- 20 A He -- I think he pitched -- so there's
- 21 another AP at the firm named James Leeney. He used
- 22 to work at maybe LaSalle Futures or some subsidiary
- 23 of it or something. Matt Zeman, that's his name,
- 24 Matt Zeman.

Page 42

- Q And how do you spell Zeman, please. 1
- 2 A I couldn't tell you. That's not
- 3 close, I'll tell you that. Matt Zeman I guess
- 4 introduced -- or I guess Jamie, or James Leeney
- 5 introduced Matt Zeman to Tim Evans about this
- 6 program that I think was in some sort of form,
- 7 like maybe just -- it's called Time Means Money
- 8 and you do the short options, and I think he
- 9 actually had a book too as well.
- Q So how do you know those things? 10
- 11 A How do I know those things?
- 12 Q Yeah.
- 13 A Just sitting in the office listening
- 14 to that.
- 15 Q So you heard somebody talking about it,
- 16 right?
- A Yeah. 17
- 18 Q Who was talking about it?
- 19 A Tim Evans.
- 20 Q Got it. And was Tim Evans talking to
- 21 you or did you overhear him talking to somebody
- 22 else?
- 23 A He would talk to us in a group setting,
- 24 yeah.

- Q So Mr. Evans explained to you that
- 2 he got the idea for Time Means Money from Matt
- 3 Zeman, is that right?
- A Yeah, that's my understanding.
- Q Did Mr. Evans ever tell you what
- 6 appealed to him about this Time Means Money idea?
 - A I think the most appealing thing is it
- 8 kind of like dictates time, like -- I'm sure you
- 9 know there's like four trades a month. And so
- 10 it gives you, you know, from a broker standpoint
- 11 it gives you the ability to like, you know --
- 12 like traditional brokerage, like your phone rings
- 13 incoming and you don't know what's going to happen.
- 14 And then you get on the phone and the next thing
- 15 you know, like the whole day's gone by and you
- 16 might have talked to one person for seven hours.
- 17 So I think the idea behind it is from like a
- 18 workflow management perspective, to kind of change
- 19 that around where we get to control when things are
- 20 happening in your workday so that you can maximize
- 21 your efforts. And then also, on the other hand, so
- 22 the client had, you know, would know what exactly
- 23 was going to happen that month.
- 24 I think that's kind of the premise

Page 44

- 1 behind it is is that people, you know, somebody
- 2 might say I want a 10 percent return on my money.
- 3 Well, you're not going to get a 10 percent return
- 4 unless you put yourself in a position for a
- 5 10 percent return. And so if you know how many
- 6 trades you're going to do and you know how much
- 7 money you're bringing in on the trade and then
- 8 you hope, you know, how much money is going out,
- 9 then you can, you know, make a -- create an
- 10 actual path where the possibility of getting that
- 11 10 percent can actually happen, whereas if you just
- 12 do things randomly you might not even put yourself
- 13 in that position for it to happen.
- 14 Q Did Mr. Evans ever talk to you
- 15 about the commission-generating benefits of doing
- 16 four trades a month as part of the Time Means Money
- 17 program?
- 18 A Well, what do you mean by that?
- Q Well, let's sort of make it simpler. 19
- 20 Did Mr. Evans ever talk to you about commission-
- 21 related benefits from this Time Means Money program,
- 22 about how it could potentially generate more
- 23 revenues for Long Leaf than other models?
- 24 A No. But, I mean, that wouldn't

1 be applicable to me because I never -- I never

- 2 was in like a traditional brokerage era, so I don't
- 3 have anything to compare it to.
- Q I'm just asking you what Mr. Evans told
- 5 you.
- A Right. And, no, I mean, the only thing 6
- 7 is is like he would preach is is that, you know,
- 8 you know how much money you're going to make this
- month because you know how much clients you have
- 10 and you know how many trades we're doing.
- Q So Mr. Evans would tell you that with 11
- Time Means Money you would know how much money you
- were going to make this month because you knew how
- many clients you had and what they were trading?
- A Well, you knew that they were going to 15
- 16 do four trades.
- 17 Q Got it.
- A So you have a better idea of knowing 18
- 19 than just if you're a traditional broker. It
- 20 depends I guess on volume and market conditions, you
- 21 know, the suitability of -- the financial situation
- 22 of your clients and things of that nature. So it's
- 23 kind of an unknown where you don't know how much
- 24 money you would make until the month's over.

Page 46

- 1 Q So why does Time Means Money sort
- 2 of provide more stable income for brokers? Like
- 3 why is that so?
- 4 A Because you're doing the same amount
- of trades every month and you know how many clients
- 6 that you have and so -- and you know how much you
- 7 charge for a commission. So you know -- you have
- a better idea of knowing that.
- Q And with traditional brokerages,
- 10 you know, did Mr. Evans ever talk to you about what
- 11 the model is there?
- 12 A I mean, yeah. I mean --
- 13 What's the model?
- 14 A You call people and -- there's no
- 15 rhyme or reason. You try to develop relationships
- 16 with them and just stay in front of them. And, you
- 17 know, sometimes you get guys with a couple dollars.
- 18 Sometimes you get guys with a lot of money and you
- 19 just -- you're kind of at whatever happens happens,
- you know. You don't get to control your destiny.
- Q And so Time Means Money allowed sort 21
- 22 of the brokers to control their destiny a little
- 23 bit better?
- A I mean, you don't necessarily get to

Page 45 1 control your destiny because at the end of the

- 2 day they have to, you know, approve the trades and
- 3 things of that nature. But you could -- you know,
- 4 if you had to tell your wife next month like, hey,
- 5 we're going to have probably about \$3,000 to work
- 6 with, then you could probably say that, yeah.
- 7 Q Got it. And with traditional
- 8 brokerages your understanding is that it's a bit
- more catch-as-catch-can, is that fair to say?
- 10 A I'm not familiar with that term but,
- 11 I mean --
- 12 Well, then I'll ask a different question, Q
- 13 all right?
- 14 A All right.
- 15 Q So for traditional brokerages it's more
- 16 random. Customers would be more idiosyncratic in
- 17 their trading?
- 18 A Yeah, that's my understanding, is it's
- 19 an unknown variable.
- 20 Q Right. And you got that understanding
- 21 from Mr. Evans, correct?
- 22 A Yes.
- 23 Q All right. So we've been talking about
- 24 recommendations in the Long Leaf Trading Time Means

- 1 Money program, but we haven't really gotten into
- 2 any kind of detail. So under the Time Means Money
- 3 program, Mr. Evans would come up with trade
- 4 recommendations, right?
- 5 Yes.
- 6 Q And you would pass those along to clients,
- 7 correct?
- 8 Α Yes.
- 9 Q And there would be four recommendations
- 10 every month, correct?
- 11 Α Yes.
- 12 Q And is it fair to describe these
- 13 recommendations as recommending out-of-the-money
- 14 option spreads during your tenure at Long Leaf?
- A Again, I couldn't tell you if they're 15
- 16 out of the money or in the money, but I can tell
- 17 you that they're all option spreads, except -- I
- 18 mean, unless you don't consider like a put ratio
- 19 front spread as a spread, but I would assume you
- 20 do. So, yeah, they're all spreads.
- Q All right. So how did you provide these 21
- 22 recommendations to your clients?
- 23 Verbally over the phone.
- 24 All right. Is there any sort of written

Page 49 1 record generated of the recommendations that you

- 2 provided?
- 3 A I didn't provide any recommendations.
- 4 Well, that you communicated, how about Q
- 5 that?
- 6 A Oh, like as the passer guy?
- Q Yeah. Like did you ever write 7
- 8 it down anywhere or did you like send emails to
- people sometimes?
- A There's client trading statements. 10
- 11 Q Any other written records of the
- 12 recommendations that you communicated to clients?
- 13 A I don't know. Some clients, like we'd
- 14 make like a chart type thing so they could better
- 15 understand it with like, you know, an image that's
- 16 very elementary in nature, but that's -- I don't
- 17 have those items or anything.
- Q We'll look at them in a little bit.
- 19 So when you called up clients and communicated
- 20 Mr. Evans' recommendation to them, how would you
- 21 do that?

1

- A To be honest with you, I don't really --22
- 23 I don't recall specifically how we did it at Long
- 24 Leaf Trading Group.

- Q Well, how many customers do you think
- 2 that you serviced at Long Leaf Trading?
- A Over a hundred. 3
- 4 Q All right. So every month how many
- 5 times do you call each customer? Do you just
- 6 call them once at the beginning of the month or
- 7 a few times? What did you do?
- A It really depended on how the person
- 9 wanted to be serviced. But, I mean, I would assume
- 10 I talked to people once or twice a month, yeah.
- Q All right. So if you're talking to 11
- 12 people once or twice a month and you have a hundred
- 13 clients, you're doing --
- A I had a hundred clients like --14
- 15 Q Total?
- A -- not at once, yeah. 16
- 17 Q I get it, okay.
- A Yeah. 18
- MR. MAY: During your tenure? 19
- THE WITNESS: Yeah, I think. 20
- MR. MAY: Is a hundred an estimate? 21
- THE WITNESS: Yeah, that's not like 22
- 23 a -- yeah, I would --
- 24

- 1 BY MR. BURDEN:
 - 2 Q So would --
 - A I think at my high point, at one point
 - 4 I was managing 63 clients at one time.
 - Q All right. So I guess what I'm getting
 - 6 at here is it seems like you had a lot of calls with

- 7 a fair number of clients, and surely you must be
- 8 able to generalize as to how you delivered this
- 9 recommendation.
- A No. 10
- 11 Q So it was different for everybody?
- 12 A I mean, this is years ago. No, it's
- 13 not that. It's just that how I operate now and
- 14 how I operated before are -- not separate but it's
- 15 different and, you know, I've learned things over
- 16 the years and I've evolved as a broker and things
- 17 of that nature. So I don't recall. I actually
- 18 probably don't want to recall how I, you know,
- 19 how I sounded when I was, you know, fresh in the
- 20 industry. So I don't -- but the idea, I mean,
- 21 like to give the general premise is the idea is
- 22 you tell them, you know, what the trade is. So
- 23 I would assume you're saying like the strikes and
- 24 calendar months and the specific commodity and,
- Page 50
- Page 52 1 you know, what premium generation and risk and
- 2 things of that nature but ...
- Q Got it. So --3
- 4 A I think the most important part is
- 5 probably getting them to say yes so ...
- Q So that sort of leads me to my next
- 7 question. It sounds like when I asked you how
- 8 you delivered these recommendations, it sounds like
- 9 the answer is you would call up a client and you
- 10 would give them the strike prices, right?
- 11 A Yeah, I would assume so. I mean,
- 12 I don't necessarily recall, but I would assume
- 13 that's what we would do, yeah.
- Q You would tell clients the details of the
- 15 proposed trade, right?
- 16 A Yes.
- Q And those details were communicated to 17
- 18 you by Mr. Evans, correct?
- 19 A Yes.
- 20 Q And how did he communicate those details
- 21 of the recommendations to you?
- 22 He'd write them on a piece of yellow paper.
- 23 And would he then hand that to you? Q
- 24 Α Yes.

Q Did he do this for all of the brokers? 1

2 A There's only a few brokers that actually

- 3 communicated to the clients.
- 4 Q Got it. You, Mr. Leeney, who else?
- A There was a Vince Prieto at one point. 5
- 6 There was a -- what's his name, Tony Klancic. And
- 7 then the only other person who would have talked to
- 8 a client would have been, what's his name, Chris
- something. I don't remember his last name.
- Q All right. So I think you testified 10
- 11 earlier that the important thing in talking to
- 12 clients in describing the trades was getting them
- 13 to say yes, let's do the trade. Is that fair to
- 14 say?
- 15 A Yeah. I mean, in a broker-assisted
- 16 environment you want to get people to approve the
- 17 trade, yeah, I would assume.
- Q Got it. And would clients approve 18
- 19 the trade on the phone or would you have them write
- you an email? How did you obtain the approval?
- A Almost all the time the way I conducted 21
- 22 myself was over the phone. I mean, there might be
- 23 like some email approvals, but over the phone, yeah.
- 24 Got it. And was there any written record

Page 54

- 1 that you created of this approval?
- 2 A Well, I mean, we had like order tickets
- 3 and things of that nature so ...
- 4 Q Okay. So other than the order tickets?
- A Well, if it was in an email, then there 5
- would be an email.
- Okay. So other than the order tickets 7
- 8 and other than an email they sent, any other written 8
- 9 record?
- 10 A Not that I recall.
- 11 Q All right. So switching gears to talk
- 13 you what the basis of the recommendations were?
- 14 I mean, sometimes, yeah.
- Do you recall anything he said about it? 15
- 16 A I couldn't tell you.
- Q What role did the equity in a customer's 17
- 18 account play in the trades that are recommended.
- 19 if any, if you know?
- A I'm not part of that decisionmaking 20
- 21 process so ...
- Q All right. Did you ever ask Mr. Evans 22
- 23 what the basis for his recommendations were?
- A Like I would assume -- I can't give

Page 53 1 you a specific time that I did. I mean, I don't

- 2 recall.
- 3 Q Do you know if it's a thing that you ever
- 4 did or do you just sort of take the recommendations

Page 55

- 5 and go with them?
- 6 A I mean, yeah. I mean, I didn't have
- 7 a choice. So it was either -- I mean, it was either
- 8 do that or leave your job so ...
- Q Well, did you ever ask Mr. Evans
- 10 we're doing a crude oil spread this month, why
- 11 crude oil, why this spread? Did you ever ask Mr. --
- 12 A I would have -- I can't tell you
- 13 specifically, but I would assume that I'm a person
- 14 who's curious about the world. So, yeah, I would --
- 15 you know, if I wanted to know why we did something,
- 16 yes, there is a justification for it.
- 17 Q All right. And would Mr. Evans provide
- 18 that justification to you?
- 19 Probably most of the time, yeah.
- 20 Q And how did he do that?
- 21 Everything's verbally. Α
- 22 Q All right. I think you testified
- 23 before that under the Time Means Money program
- 24 customers received four recommendations a month,

- 1 correct?
 - 2 Um-hmm.
 - 3 Q Yes?
 - 4 Α Yes.
 - 5 There we go. Why is the number four?
 - Why not two, why not eight, if you know?
 - 7 You've got to ask Tim Evans but ...
 - Did you ever ask Mr. Evans?
 - Yeah. I mean, the answer I got is
 - 10 basically -- I don't know the way to describe
 - 11 it. It's like the point of saturation. Like
- 12 about the recommendations, did Mr. Evans ever tel 12 if you have one trade, you have 100 percent risk.
 - 13 If you have two trades, you have 50 percent, you
 - 14 know, risk. If you have three trades, you have 33.
 - 15 Four, you have 25 percent. When you go to five,
 - 16 the amount of money it costs to finance the fifth
 - 17 trade doesn't -- it overweighs the amount of
 - 18 money -- the amount of percentage that you're
 - 19 decreasing the risk, I guess spreading out risk.
 - 20 So that's his philosophy on that.
 - 21 Q Do you know if that's right?
 - 22 I don't know. I just do what I'm told.
 - So let's talk more about the 23
 - 24 recommendations, if we could, please. So for

- 1 the options strategies that were recommended
- 2 by Long Leaf while you were there, did all of the
- 3 options expire? Were they all left to expire or
- 4 were some of them offset?
- 5 A I mean, I don't recall. But, yeah,
- 6 I would assume that positions were managed within
- 7 the option period, but I don't recall specifically.
- 8 Q Yeah. And if you don't recall
- 9 specifically, that's okay. But do you recall
- 10 generally were options sort of exited out of on
- 11 occasions rather than being left to expire?
- 12 A Yeah. I mean, yeah, I would assume
- 13 that -- like we managed positions, if you want to
- 14 call it that, yeah.
- 15 Q And I sort of -- I want to get to a clear
- 16 answer on that, if you have the recollection. Did
- 17 that in fact happen? Were client positions exited
- 18 out of rather than left to expire on occasion?
- 19 A Yes.
- 20 Q All right. Do you recall any specific
- 21 occasions where that happened?
- 22 A No.
- 23 Q Was permission obtained from clients
- 24 to exit out of those positions once permission --

- 1 Q Got it. And was there any written
 - 2 record of the permission that you received from

Page 59

Page 60

- 3 clients to exit positions?
- 4 A I mean, again, most of it was done
- 5 verbally. In the event that, you know, I had
- 6 to reach somebody by email, then yes, there could
- 7 be a written record. But there's nothing besides
- 8 a phone call or an email.
- 9 Q Any other types of written records,
- 10 maybe records you kept for yourself?
- 11 A No, I don't recall.
- 12 Q All right. You mentioned order tickets
- 13 before. When clients gave you their permission to
- 14 exit positions, would you fill out order tickets for
- 15 them?
- 16 A Yeah, I believe so, yeah.
- 17 Q All right. And what would you do with
- 18 those order tickets?
- 19 A Give them to Tim Evans.
- 20 Q And so even when clients were exiting
- 21 positions rather than entering into them, you had
- 22 to contact those clients and you would fill out
- 23 order tickets for them, is that correct?
- 24 A My understanding, yeah. I mean --

Page 58

- 1 well, let me just ask that. Was permission obtained
- 2 from clients to exit out of those positions?
- 3 A Anytime that there is a trade being done
- 4 there's permission from a client.
- 5 Q Got it. So when it turned out that
- 6 you had to -- you know, that Long Leaf was going
- 7 to recommend exiting a trade rather than letting it
- 8 expire, how did you find that out?
- 9 A From Tim Evans.
- 10 Q All right. And how would he communicate
- 11 that to you?
- 12 A Verbally.
- 13 Q And what would you do once you had that
- 14 information?
- 15 A Then it's my job to -- if he says we're
- 16 going to get out of crude oil, like a hypothetical
- 17 situation, okay, are we booking this for a profit
- 18 or a loss. He would tell me whatever the answer
- 19 is and then I would, you know, go tell the client --
- 20 you know, obviously it depends on the fill price --
- 21 but I think that we need to obtain your permission
- 22 to do this. This is what would happen within,
- 23 you know, a certain dollar amount depending what
- 24 the market's trading at.

- 1 Q Is that what you did?
- 2 A That's -- I believe that's what
- 3 we did. I don't know specifically. Like that's
- 4 how I would do it.
- 5 Q But is that how you did do it?
- 6 A I have -- I guess I don't recall then.
- 7 MR. BURDEN: All right. I'll tell you
- 8 what, guys. Could we go off the record for
- 9 five minutes here and then we're going to get
- 10 into some documents.
- o linto some documents
- 11 MR. MAY: Sure. Do you want to take
- 12 a break?

13

15

16

18

- MR. BURDEN: Yes, please.
- 14 MR. MAY: Okay. Can you make it ten?
 - MR. BURDEN: Absolutely.
 - (Whereupon a recess was taken from
- 17 10:54 a.m., to 11:20 a.m., after
 - which the following proceedings
- 19 were had:)
- MR. BURDEN: Back on the record, please.
- 21 (Whereupon CFTC Exhibit No. 118 was
- 22 marked for identification, MM.)
- 23 Q All right. Mr. Ruth, I want to
- 24 hand you what I've marked as CFTC Exhibit 118.

Page 61 1 Do you recognize CFTC Exhibit 118, Mr. Ruth?

- 2 MR. MAY: Can we have a little bit longer?
- 3 MR. BURDEN: Of course.
- 4 Q Mr. Ruth, do you recognize CFTC
- 5 Exhibit 118?
- 6 A What do you mean by recognize?
- 7 Q Well, have you seen it before?
- 8 A Yeah.
- Q All right. What is it, please. 9
- A These are these, in my previous 10
- 11 testimony, the elementary images that I make
- 12 so that I can understand the trades that Tim Evans
- 13 designs.
- 14 Q So CFTC Exhibit 118 is a document
- 15 that was produced by Long Leaf Trading, and it's
- 16 an email with some attachments. And it says from
- 17 jruth@longleaftrading.com and that was your email
- 18 address at Long Leaf, right?
- 19 A Yep.
- 20 Q And you'll see the date on it is
- 21 September 1st of 2016, is that right?
- A Correct. 22
- 23 Q And there's an address or a To line
- 24 and it says Broker Team. Who's the broker team,

- 1 these. Take a look at them.
 - 2 Q All right. So did these trades
 - 3 summarize the recommendations provided by Mr. Evans?

Page 63

Page 64

- A I couldn't tell you that information.
- 5 Q All right. So let's look, if we could,
- 6 at the first page of Exhibit 118.
- 7 A Yep.
- Q The subject is Forward: Long Leaf 8
- 9 Trading Group, September Trade Images. So what does
- 10 that mean, September trade images?
- 11 A Oh, we're looking here?
- 12 Q Yeah.
- 13 MR. MAY: The subject line.
- 14 A So in -- executed in August of 2016 were
- 15 four trades, and these are the images that I made
- 16 of those trades that expire probably in September.
- 17 BY MR. BURDEN:
- Q Got it. So does that help refresh your 18
- 19 recollection?
- 20 A No, because you're asking me
- 21 is this like a derivative exactly of Tim Evans'
- 22 trade recommendation, and I don't have Tim Evans'
- 23 trade recommendation so ...
- 24 Q Got it. You know, I'm not trying

- 1 please.
- 2 A I don't recall exactly.
- 3 Q It's the brokers at Long Leaf, right?
- 4 A I would assume so.
- Q All right. So if you look and 5
- 6 you'll see the second page of Exhibit 118, we've
- got a chart here. And who generated this chart?
- 8 Α Me.
- 9 Q How do you generate it?
- I utilized Gain Trader I guess or 10
- 11 Long Leaf Trading Xpress, which is the white label
- 12 of Gain Capital's trading platform, and Microsoft
- 13 Word.
- Q All right. So these charts you made
- 15 using this Gain electronic platform, is that right?
- A Correct. 16
- Q And you generated the charts and you 17
- 18 dropped them in a Word document, right?
- 19 A Yes.
- 20 Q And then you sent those documents,
- 21 these charts to the other brokers at Long Leaf,
- 22 correct?
- A Yeah, not because I was required 23
- 24 to or responsible to. I just, hey, man, I made

- 1 to pin you down as to whether it's an accurate
- 2 representation. I guess I should just ask the
- 3 question in a more leading way. So, Mr. Ruth,
- 4 the charts that you've sent to this broker team
- 5 in Exhibit 118, these are your attempts to make
- 6 charts that represent the recommendations for that
- 7 month --
- 8 A It's a draft --
- 9 Q -- is that right?
- A Yeah, but this is a draft. Like this 10
- 11 isn't like -- this is, hey, guys, did I make any
- 12 mistakes type thing.
- 13 Q Got it. So let's look at 118. And if we
- 14 go to the second page, we've got these charts that
- 15 you put together, right?
- 16 A Um-hmm.
- 17 Q Correct?
- 18 A Yes.
- 19 Q All right. So if you look on the
- 20 right-hand side, it says October/November Calendar
- 21 Swap. Do you see that?
- 22 A Yep.
- 23 Q And then it says, "Idea: Crude oil
- 24 trades at \$44 or above through September 15th.

1 After September 15th crude trades at \$44

- 2 or blow" -- I think that's supposed to be, "or
- 3 below or above through October 17th with \$43 or
- 4 below at expiration, giving the position max net
- 5 gain." Did you write that?
- 6 A That I cannot recall.
- Q It says out of the money here. Where does 7
- 8 that data come from?
- 9 A From the chart.
- Q All right. It says in the money. That 10
- 11 data comes from the chart as well?
- 12 A Yep.
- So max net gain, where does that come 13 Q
- 14 from?
- 15 A That would be a calculation of
- 16 premium collection -- difference in strike prices
- 17 minus premium collection and fees, commissions,
- 18 all that stuff.
- 19 Q Is that a calculation that you performed?
- 20 Attempted, yes.
- Q All right. So total risk \$1412.16, 21
- 22 what's that, please.
- 23 A I mean, I don't know the specific
- 24 numbers here. But I think the idea behind that

- Page 65 Page 67 1 made them to the other brokers to help them, right?
 - 2 A Yeah. I mean, more of like, hey,
 - 3 I spent time doing this. Why should you spend
 - 4 time doing it.
 - 5 Q And the charts that we see in Exhibit 118,
 - 6 did you send those to clients?
 - 7 A I think sometimes I did but not like
 - 8 regularly and not to everybody but ...
 - 9 Q So, yeah. So I was going to show you
 - 10 one but maybe -- you know what, I won't. You know
 - 11 what, sorry. Let's stay on 118.
 - A Like the purpose of me sending it to a 12
 - 13 client is like it's really the red light, green
 - 14 light, yellow light system like.
 - 15 Q What does that mean?
 - 16 A Like in the green, this is where you
 - 17 want the price action to be in order for -- you
 - 18 know, if it were to expire worthless, then you would
 - 19 get the full amount of premium that you collected.
 - 20 The yellow, you know, it can go either way. There's
 - 21 a breakeven point and it's a prorated amount
 - 22 of either the total risk or the total net premium
 - 23 collection. And the red is obviously, you know,
 - 24 it's a total loss. So the purpose of it is to --

Page 66

- 1 would be in the event that you lost the trade, that
- 2 would be the amount of money that you would lose
- 3 on that specific trade per contract.
- 4 Q All right. And how is that calculated?
- A By the total. It would be the spread, 5
- plus commissions, fees and all that jazz.
- Q And is that a calculation that you 7
- 8 performed?
- A Attempted, yeah. Again, this is a --
- 10 these are all drafts.
- Q Got it. And so Exhibit 118, did you 11
- 12 send charts of this nature to your fellow brokers
- 13 substantially every month during your entire tenure
- 14 at Long Leaf?
- 15 A I mean, I don't recall if I did it
- 16 regularly but, you know, I would take it upon
- 17 myself to make these for my own personal knowledge
- 18 so when I'm communicating with clients, I can talk
- 19 more educated about what is the trade that they
- 20 have in their account and so I knew like specific
- 21 expiration dates and stuff of that nature. But
- 22 I don't know if I was regular about it or not.
- 23 I don't recall.
- Q And you sent these charts when you

1 it's an elementary image to --

- 2 To what?
- 3 A To just -- so, you know, a client
- 4 could have a -- I don't know if you guys have --
- 5 well, I'm sure you have. But if you look at
- 6 an account statement, it's very difficult to
- 7 understand, and I think this helps illustrate
- physically what is going on with your position. 8
- (Whereupon CFTC Exhibit No. 119 was 9
- 10 marked for identification, MM.)
- 11 Q Mr. Ruth, I want to hand you what I've
- 12 marked as CFTC Exhibit 119, and I'm going to ask
- 13 you if you recognize this document and if you can
- 14 tell me what it is. But why don't you take a look,
- 15 if you would, please, and then indicate to me when
- 16 you have looked to your satisfaction.
- A Yeah, I'm ready to proceed. 17
- 18 Q All right. Do you recognize Exhibit 119?
- 19 A No.
- 20 Q All right. So if you look at the top,
- 21 it says jruth@longleaftrading. Is that your email
- 22 address?
- 23 Α That is my email address.
- 24 Or it was when you were at Long Leaf

Page 69 Page 71 1 anyway? 1 Q All right. And --2 Yep. 2 A If they ask me for it or -- yeah. 3 Q All right. You'll see it's dated 8/2/17. 3 Q But you didn't send those charts to In the To line --4 customers as a general practice? 5 A No clue what that email address is. 5 A I don't recall specifically but 6 Q There we go. 6 I might have like when I first started, I thought 7 MR. MAY: Wait until he asks a question. 7 maybe this is a good idea or I don't know. So I 8 THE WITNESS: All right. 8 don't think I -- I don't think like if you were to 9 MR. MAY: You can't answer it until he 9 take my entire client list that I had and looked at 10 asks. 10 every single month, did I send it to every single 11 BY MR. BURDEN: 11 customer religiously, I would say that that's 12 Q All right. So the subject is 12 probably not the case. 13 Long Leaf Trading Group Strategy Explanations Q Got it. So let's switch gears a 14 of August Positions. 14 little bit. I want to talk about how customers A I would never write that. 15 15 did at Long Leaf Trading and specifically with Time 16 Q So do you think that somebody else wrote 16 Means Money. How did customers do with Time Means 17 this email? 17 Money? A I have no clue but ... 18 18 A I don't recall. 19 Q All right. Well, let's put it 19 Q You don't recall. Did your customers 20 aside then and let me follow up on your testimony. 20 make money? 21 I think you testified that you sent charts similar 21 A I don't know. I mean, it depends 22 to the ones in Exhibit 118 to customers, is that 22 on like --23 correct? 23 MR. MAY: I guess is the question Yeah. I mean, after -- I mean, 24 24 really net of their trading experience or Page 72 1 I don't send anything to customers unless I have 1 on a month-to-month basis, on a daily basis? 2 the permission of the compliance officer, which 2 MR. BURDEN: What do you mean net of 3 is Tim Evans. So I'd send it like, you know, hey, 3 their --4 look at this, is this okay, yeah. And then if it's 4 MR. MAY: The amount of money that 5 okay, then I would send it to -- again, I don't 5 they put into the account versus the amount 6 think I sent it to everybody, or maybe I did for 6 of money that they left in the account. 7 like a month or two. I don't know. But there's 7 MR. BURDEN: Yeah, I'll tell you what. 8 some, yes, that I sent it to so they could, you 8 We'll see what we can do here and what Mr. Ruth 9 know, their visual ... 9 recalls and understands. Q Yeah, so that's my question. Why did 10 Q So, Mr. Ruth, how many of your customers 10 11 you sometimes send these charts you generated to 11 made money trading? 12 customers? A I don't recall. 12 A I mean, in a broker-assisted environment Can you think of anyone who did? 13 13 14 you've got people who like they want to talk to you I don't recall. 14 Α 15 a lot, and then there's some people who don't want 15 Is it fair to say that substantially all 16 to talk to you at all or, you know, just the bare 16 of your customers lost money trading? 17 minimum requirements. And some of the guys that 17 I don't recall. 18 want to talk to me a lot, this helps like them 18 Q All right. Is it fair to say that that's 19 understand what's going on and stuff but ... 19 true for all of Long Leaf Trading's customers? Q Got it. So the charts that you 20 20 A I don't recall. 21 generate you send to some customers if you think 21 Q Did you ever talk to anybody about 22 it will be useful for them to see or if they would 22 Long Leaf Trading, any of the other brokers, about 23 like it, is that right? 23 customer profits or losses? A Yeah. 24 MR. MAY: I'm sorry. Could you repeat --24

1 could you read back the question?

- 2 (Whereupon the portion of the record
- 3 was read as requested.)
- 4 A I don't recall specifically.
- But, I mean, if you have clients calling in
- 6 and -- I don't know if I'm allowed to say the
- 7 word bitching, but bitching at you or whatever --
- 8 BY MR. BURDEN:
- 9 Q You can say whatever you want to.
- 10 A I would assume that like -- that I'm
- 11 like, hey, Jamie, can you believe this, this guy
- 12 said da, da, da, da, da, da, da, My life's so
- 13 hard, you know, like that kind of talk? Yeah,
- 14 I guess that falls under your conversation.
- Q All right. So --15
- A Do I recall anything specifically, no. 16
- 17 Q Yeah, and I want to be clear. I'm not
- 18 asking necessarily about specifics here, and I don't
- 19 mean to revisit questions I've already asked. But
- as a general matter, did your customers make or lose
- money at Long Leaf Trading?
- A Well, I mean, this is like always 22
- 23 a tough question to ask because if you're asking
- 24 like -- you've got to understand like the way

Page 73

1 all of your customers had less money in their

Page 75

Page 76

- 2 accounts at the end of their trading than when
- 3 they started?
- A I mean, I don't recall the specific 4
- 5 like equity balances of my clients from, I don't
- 6 know, what is this, two, three years ago? But I
- 7 don't know. I'm sure you probably know the answer
- 8 so ...
- 9 Q What's your answer?
- 10 A I don't have one really. I don't recall
- 11 the specific ...
- 12 Q Do you recall the names of any of your
- 13 customers who made money?
- 14 A Again --
- 15 MR. MAY: Could we define make money again?
- 16 A Yeah, this is like -- you guys look
- 17 at making money and the way I look at making money
- 18 different.
- 19 BY MR. BURDEN:
- 20 Q Yeah. Who had more trade equity
- 21 in their accounts by the end of their trading or
- 22 by the end of your tenure than they did when they
- 23 started?
- 24 A I mean, the last month I was there

- 1 I signed up five people. I don't know how their
 - 2 results were so I can't -- I mean, there could
 - 3 be a situation there.
 - 4 Q What do you mean by that?
 - 5 A Well, they could have made
 - 6 money. And so by the end of my tenure they
 - 7 could certainly have more money than what they
 - 8 started with, I guess.
 - Q Was that the case for any customer whose
 - 10 name you can recall?
 - 11 A No, I can't.
 - 12 Q All right. I think your testimony
 - 13 before was, you know, essentially that you can't
 - 14 really say if a customer is making or losing money
 - 15 because trades are recommended monthly and monthly
 - 16 they may make money or they may lose money. Is that
 - 17 sort of a fair summary of your testimony?
 - 18 A No.
 - 19 Q All right. Do it better for me, if you
 - 20 would, please.
 - A I think you're -- where you're taking 21
 - 22 a snapshot of the end result of like the account
 - 23 value.
 - 24 Q Got it.

- 1 that Time Means Money is set up is you live month
- 2 to month. So you judge what happened this month
- 3 and then, you know, that's what you're going with.
- 4 And so that's how the clients look at it. That's
- 5 how you look at it. So you can have good months 6 and you can have bad months. You can have great
- 7 months. You can have terrible months. And when
- 8 you -- you know, the results are the results. So
- 9 you tell them the results and if it's a good month,
- well, yeah, technically you're making money.
- 11 Now, overall like what happens
- 12 at the end, I mean, I would assume, just like all
- 13 commodity accounts, they lose money. But you don't
- 14 know that. Like it's not like, you know, you're
- 15 sitting there and saying like, oh, we know the end
- 16 result is going to be they lose money and we make
- 17 money. Like that's not how it is. It's you're
- 18 judging on a month-to-month basis. So they could
- 19 go make money one month and lose money another
- 20 month and you're just constantly evolving to try
- 21 to do whatever you can to make account performance
- 22 positive.
- 23 Q Got it. So during your tenure at
- 24 Long Leaf, is it fair to say that substantially

1 A And I'm saying along the way they

2 could have been making money at some point or that

- 3 specific month the result, net result of those four
- 4 trades is they had a positive impact in their
- 5 account from a net liquidating standpoint.
- 6 Q So --
- 7 A So in my opinion, I would say that at
- 8 points they made money.
- 9 Q Got it. What months were Long Leaf's
- 10 trading recommendations profitable for customers?
- 11 A I couldn't tell you. I don't recall.
- 12 Q Do you recall whether there were more
- 13 profitable or unprofitable months for customers
- 14 during your tenure at Long Leaf?
- 15 A Don't recall.
- 16 Q All right. You received statements
- 17 from Gain Capital, correct?
- 18 A Yes.
- 19 Q And you received those statements every
- 20 day, correct?
- 21 A No.
- 22 Q Well, every weekday?
- 23 A No.
- 24 Q How frequently did you receive statements

- Page 77 1 A Yes.
 - 2 Q How many occasions did that happen on?

Page 79

Page 80

- 3 A I don't know. Numerous times.
- 4 Q Do you think more than five?
- 5 A I don't recall specifically, but I would --
- 6 I don't know. Yeah, sure.
- 7 Q Okay. Well, you know, if you don't know,
- 8 that's okay.
- 9 A I don't know the specifics but, yeah,
- 10 it's --
- 11 MR. MAY: Are you estimating or are you
- 12 guessing? Are you speculating?
- 13 A Yes, yes, I am estimating, guessing
- 14 and speculating. I don't know for sure, but it
- 15 happened more than once.
- 16 BY MR. BURDEN:
- 17 Q And when you felt like the statements
- 18 were inaccurate, you advised Mr. Evans of this,
- 19 correct?
- 20 A Yes.
- 21 Q And how did you advise Mr. Evans of this?
- 22 A I would either call him, text him or
- 23 email him.
- 24 MR. PATRICK: What were the nature

Page 78

- 1 from --
- 2 A Anytime that the market is open.
- 3 Q -- Gain Capital? All right. Did you
- 4 review these statements?
- 5 A Yes.
- 6 Q All right. How frequently did you review
- 7 them, please.
- 8 A Every day the market was open.
- 9 Q All right. So every time you got
- 10 a statement from Gain you reviewed it, correct?
- 11 A It was my responsibility to review
- 12 it, yes, check for accuracy of the official record
- 13 of the account.
- 14 Q Got it. Were they in fact accurate?
- 15 A There is times when they're not.
- 16 Q When were they not accurate? Can you
- 17 recall --
- 18 A No.
- 19 Q -- any specific instances?
- 20 A No.

24

- 21 Q What did you do when you found the
- 22 statements were inaccurate?
- 23 A I immediately notify the compliance --
 - Q And that's Mr. Evans, correct?

- 1 of the inaccuracies that you can recall about
- 2 the Gain statements when you received them?
- 3 A Most of it had to do with like
- 4 allocations, you know. I don't think block order
- 5 is the correct way to describe the way that we --
- 6 that Tim Evans actually executed the trades. I
- 7 think that means something different. But, you
- 8 know, it's -- if one of my clients was supposed
- 9 to get like three of the specific, you know, trades
- 10 in the account, maybe there was one or four or five
- 11 or something like that. The other thing is he did
- 12 like this commission credit system on I think if
- 13 there was a four-legged strategy, maybe they got
- 14 some sort of commission discount. And that, I mean,
- 14 Some Soft of Commission discount. And that, Thear
- 15 those were not entered properly sometimes. So --
- 16 and then I think in like the allocation, like let's
- 17 say I had a client who had told me, hey, I'm done
- 18 trading or something of that nature and I would
- 19 tell him, you know, I never turned in permission
- 20 for it to be traded. Well, sometimes there would
- 21 be a situation where like that account was traded
- 22 and those trades were entered in. So I'd have to
- 23 tell him about it then. I think those would be
- 24 like moved to like errors or omissions or something

Page 81 Page 83 1 (Whereupon CFTC Exhibit No. 120 was 1 of that nature, but --2 BY MR. BURDEN: 2 marked for identification, MM.) 3 Q Mr. Ruth, I want to hand you what 3 Q Sorry, keep going. 4 I've marked as CFTC Exhibit 120, and I'm going A It's never -- I don't think it's ever 5 to ask you if you recognize this document and if 5 like the wrong strike price or anything like that. you can tell me what it is. And please indicate me 6 I think it's more of just the allocation system 7 breakdown. 7 when you've reviewed it to your satisfaction. 8 MR. MAY: I'm still looking at it. Q All right. So did you feel that you 8 9 9 understood the statements you received from Gain? THE WITNESS: It's going to take you 10 A Over time, yeah. I mean, I wouldn't 11 MR. MAY: This document isn't sequentially 11 say like, you know, when I had my first client 12 I understood it. But, I mean, I could tell you 12 Bates stamped. MR. BURDEN: Yeah, that's correct. 13 right now that I could -- I'm very well versed in 13 MR. MAY: Okay. So I really can't 14 a statement right now, yeah. 14 say for the record how many pages it is, but 15 Q All right. So --15 it looks to be at least like a hundred. A But I've also -- you know, in my 16 16 17 time at Long Leaf I was -- you know, I'd only 17 MR. BURDEN: Do you consider that that's 18 been in the industry for, I don't know, a couple 18 required? 19 years so ... 19 MR. MAY: Do I consider it to be required? 20 MR. BURDEN: Yeah. 20 Q So when at Long Leaf do you think you MR. MAY: It would be customary. 21 first began to understand the Gain statements? 21 22 MR. BURDEN: All right. Well, we're not A I couldn't tell you like a date. 22 23 going to do that today. 23 Q Was it early on or did it take some time? 24 Q All right. Mr. Ruth --24 A Probably took some time, yeah. Page 82 Page 84 Q All right. Did you ever ask for help MR. MAY: I'm not done. 1 1 2 in understanding the Gain statements? 2 MR. BURDEN: Oh, by all means. Have at it. A Yeah. 3 3 MR. MAY: All right. 4 Q Who did you ask for help from? 4 MR. BURDEN: Mr. May? 5 A Tim Evans. 5 MR. MAY: Go ahead. 6 Q All right. Did he give it to you? 6 BY MR. BURDEN: 7 A I don't recall specifically, but I would Q All right. Mr. Ruth, do you recognize 7 8 assume so. CFTC Exhibit 120? 9 Q Well, do you remember if he did or not? A I believe it appears to be my equity run A Yeah, I mean, he would help me out, yeah. 10 10 for 8/31/2016. Q Would Mr. Evans explain the statements 11 11 Q So you'll see the subject of this 12 to you? 12 email is Daily Client Statement. Do you see that? A Yeah, he would try, yes. 13 13 A Correct. Q All right. And was that effective? 14 Q All right. So what's a daily client 15 Did you understand the statements when Mr. Evans 15 statement for the record, please. 16 explained them? 16 A Daily client statement is -- over LLT010 A I mean, not in its entirety but that 17 it encompasses the account statements for everybody 17 18 specific issue at the time, yes. 18 under that sales code. Q All right. Did you ask anybody 19 19 Q And whose sales code is that, please. 20 else for help understanding the Gain statements? 20 A That's one of my sales codes. And A There would be times where I would 21 then it also encompasses -- I don't know what they 22 call like maybe the Gain trade desk and ask them 22 call this but -- I don't have a page number either. 23 questions about it as well. 23 But starting here, this is like a different -- it's 24 24 not a daily client statement.

1 Q So let me stop you there because

2 that's exactly the part I'd like to talk about.

3 A Okay.

4 Q And as your counsel pointed out,

5 Exhibit 120 is not sequentially number, nor are

6 any of the documents produced by Long Leaf Trading.

7 If you flip to where the pages of Exhibit 120 orient

8 horizontally --

9 A Yeah.

10 Q -- i.e., in a landscape format,

11 the title at the top is Account Sequence Status

12 Report. Do you see that?

13 A Um-hmm.

14 Q Yes?

15 A Yep.

16 Q All right. So what does this account

17 sequence status report show, please.

18 A Well, there's a lot of things that you

19 can get from it.

20 Q All right. Does the account sequence

21 status report show the profit and loss of each

22 customer account?

23 A I would say not clearly.

24 Q All right. Why do you say that?

1 Q Why not?

2 A Because I don't -- I don't know

3 who -- how that's calculated. I didn't produce

Page 87

4 that report.

5 Q All right.

6 A I don't know if that encompasses

7 commissions. I don't know how that's calculated.

8 So, no, I'm going to say no.

9 Q Okay. But is your answer no or is it

10 that you don't know?

11 A Well, I don't know and my answer is no.

12 Q All right. Why do you -- I mean,

13 it says profit and loss. It says month to date,

14 year to date and life to date. And you received

15 this statement every day that the market was open,

16 correct?

17 A Right, but that client has an open

18 position. So month to date how come there's no

19 profit and loss?

20 Q Yeah, I don't know. But my question

21 to you is why does this not reflect month-to-date,

22 year-to-date and life-to-date profits or losses for

23 this account?

24 A These are short option strategies.

Page 86

1 A Like I wouldn't look under the

2 subject and say profit and loss and be like you

3 lost \$20,000.

4 Q Yeah, so we're looking at the same thing

5 here. So let's take a look at --

6 A That's not -- yeah, that's not accurate.

7 Q -- the first page of the account

8 sequence status report for CFTC Exhibit 120, and

9 you'll see there is a part that says profit and

10 loss. Do you see that?

11 A Um-hmm.

12 Q Yes?

13 A Correct.

14 Q All right. And you'll see on the

15 left-hand side it says MTD amounts, YTD amounts and

16 LTD amounts. Do you know what those words mean?

17 A Yes.

18 Q What does that mean, please.

19 A Month to date, year to date, lifetime

20 to date.

21 Q All right. So for profit and loss,

22 is that showing us the month-to-date, year-to-date

23 and life-to-date profit or loss of the account?

24 A No.

Page 88

1 So I would assume that that -- those numbers are

2 not correct.3 Q But why do you think that?

Q But why do you think that?A Because your statement that you guys

5 require doesn't reflect a short option strategy

6 properly.

7 Q So what component of let's just

8 say profitability or value do you believe is not

9 reflected in this profit and loss calculation we see

10 in Exhibit 120?

11 A Can you repeat the question?

12 Q Yeah. So your testimony is that

13 we're looking at a -- it says profit and loss life

14 to date 20,169.53. Do you see that?

15 A Correct.

16 Q And do you see a DR next to it?

17 A Correct.

18 Q Do you know what DR means?

19 A Debit.

20 Q All right. So why does this not

21 reflect a \$20,000 loss for the life of this

22 account?

23 A I think the better question is why does it.

24 Q Well, I'm not testifying. You're

1 testifying.

- 2 A Well, how do you -- well, I mean, you're 3 representing that it is.
- 4 Q No, no, no, I'm not representing that it
- 5 is. I'm asking you if that is what it represents 6 and you're --
- 7 A All right. Well, if you find out
- 8 if it is, then I'll testify whether or not it is
- 9 or isn't.
- 10 Q All right. It sounds like your
- 11 testimony, though, is that this \$20,000 does not
- 12 reflect life-to-date losses for this account,
- 13 correct?
- 14 A You don't even know if it does. So when 15 you figure it out, I'll testify.
- 16 Q Is there some component of this, some
- 17 component of value --
- 18 A To who?
- 19 Q -- to this account that is not reflected
- 20 in this 20,000 --
- 21 A Value to who? A person needs value.
- 22 A value to me? A value to the client? The client
- 23 doesn't get this. This is to me.
- 24 Q What I'm asking you is why do you think

Page 90

- 1 this does not represent --
- 2 A Because most statements that are
- 3 produced do not reflect the actual value of the 4 account.
- 5 Q Okay. So what would go into the actual
- 6 value of the account?
- 7 A How would I calculate profit and loss?
- 8 Q Yes.
- 9 A I would -- in this situation I would
- 10 probably use an equation of closed positions, the
- 11 P&L of closed positions, and I would do that on a
- 12 net basis, including fees, brokerage commissions.
- 13 Q Got it.
- 14 A And, yeah. I guess, I don't know,
- 15 platform fees, something like that. I don't know
- 16 how that's calculated, so I can't tell you whether
- 17 or not it's an accurate representation of the profit
- 18 and loss of the account.
- 19 Q Got it. So this profit and --
- 20 A I have reason to believe it's not,
- 21 considering that it's zero in MTD and there's open
- 22 positions in Shane Allen's account at the time.
- 23 Q All right. So where could we look
- 24 in these daily statements that you received to show 24

Page 89

1 us the P&L of an account over its life?

2 MR. MAY: I'm sorry. Could you repeat the

3 question, please.

(Whereupon the portion of the record

5 was read as requested.)

6 A I don't want to like sound combative

7 here, but aren't you the CFTC? Shouldn't you --

8 like you're the one who designs this whole system.

9 So --

4

- 10 Q Well, I don't -- sorry, go ahead.
- 11 A Wouldn't you guys understand -- like
- 12 wouldn't you know where that is?
 - B Q But I can't testify, right? So
- 14 I have to ask you during this proceeding what you
- 15 know and understand. So if I know it --
 - A All right. Well, I refer --
- 17 Q -- I couldn't say.
- 18 A I refer to the Commission to figure
- 19 out where they put the performance of the account.
- 20 Q Do you know where we can find it here?
- 21 A I mean, I think that if you were to
- 22 take, you know, a document and look at it and
- 23 there's a subtitle heading that says profit and
- 24 loss, I think one would assume that that might

Page 92

- 1 be the answer. However, you don't know what is
- 2 used in that calculation. So I wouldn't be able
- 3 to say with any certainty that that is the actual
- 4 profit and loss of the account.
- 5 Q So when you received these daily
- 6 statements, would you look and see what the P&L
- 7 of an account was, you know, see how your clients
- 8 are doing?
- 9 A No.
- 10 Q Why not?
- 11 A Because that's not part of my review.
- 12 My review stops before I get to this (indicating).
- 13 That's not part of my responsibilities. My
- 14 responsibilities is check for the accuracy of the
- 15 statement.
- 16 Q Got it. But that does not include the
- 17 accuracy of P&L for the account?
- 18 A I can't -- you can't compute it.
- 19 I can't compute it. The statement can't compute
- 20 it. So no one would make that a responsibility of
- 21 anybody.
- 22 Q All right. So your testimony is that
- 23 you received these daily statements from Gain?
- 24 A Um-hmm.

Q And you did review them, correct? 1

- 2 A The purpose of my review is to check for
- 3 the accuracy of like the positions in the account.
- Q Got it. So you didn't -- did you keep
- 5 track of your clients' profit and losses over the
- 6 course of their trading?
- A Not that I -- no, not that I recall. 7
- Q Okay. You can put 120 aside, if you want. 8
- 9 (Witness complies).
- **EXAMINATION** 10
- BY MR. PATRICK: 11
- Q Before we do that, I think you 12
- 13 testified earlier that you became over time
- 14 pretty adept at reading the Gain statements, is
- 15 that right?
- A Correct. 16
- 17 Q And since leaving Long Leaf Trading you've
- 18 worked at other brokerages?
- A Correct. 19
- 20 Q And was it your responsibility
- 21 in your role at those other brokers to review the
- 22 statements, similar to how you reviewed them at Long
- 23 Leaf Trading, to identify whether the positions were
- 24 accurate, that sort of thing?

- Page 94
- A I think it was the responsibility of 1
- all brokers, yes. 2
- Q Okay. Do you understand the profit 3
- 4 and loss in a brokerage account statement to
- 5 include --
- A It's not an account statement, though. 6
- 7 Q Okay. Do you understand the profit and
- 8 loss --
- A Sorry for cutting you off, yeah. 9
- Q Okay. When you review a Gain customer 10
- 11 statement, at the end of the customer statement is
- 12 there a recap section that includes customer profit
- 13 and loss?
- 14 A No.
- O So --15
- A On the Gain statement there's 16
- 17 an account summary section. There's a net
- 18 liquidating value would be the closest thing, but
- 19 that is not a reflection of profit and loss of the 20 account.
- Q Okay. So if we look at the second
- 22 page -- make it the third page of Exhibit 120,
- 23 do you see that? And this would be --
- 24 MR. MAY: Are we talking --

- Page 93 1 A Shane Allen?
 - 2 BY MR. PATRICK:
 - Q Shane Allen, correct. 3
 - Consolidated financial statement? 4
 - 5 Ω Correct.
 - 6 Yes. There's no P&L line item on there.
 - 7 Q Okay. So at the very end of the
 - 8 statement where you see the account summary as
 - of 30 August 2016, do you see that?
 - Α Yep. 10
 - Q Okay. And in that recap section 11
 - 12 there's -- I think it's the third row down --
 - 13 there's a section called realized profit and loss.
 - 14 Do you see that?
 - 15 A Yes.
 - 16 Q Okay. Do you understand what that means,
 - 17 realized profit and loss?
 - 18 Α Yes.
 - 19 Q What does it mean?
 - 20 It means on that specific day a trade
 - 21 was closed, and it has a specific debit or credit
 - 22 value to that actual trade.
 - 23 Q Okay. And do you know if --
 - 24 It has to be a closed trade from that

Page 96

- 1 specific day in that situation.
 - Q I understand. So would Gain include
 - 3 the gain or loss on an open position in that section
 - 4 called realized profit and loss?
 - 5 A No, because it wouldn't meet the definition
 - 6 of realized profit or loss.
 - Q Okay. So is your understanding 7
 - 8 of the term profit and loss, does that also include
 - 9 unrealized profit and loss or does that only include
 - 10 positions that have been offset and are now closed?
 - 11 A It's not a black or white situation.
 - 12 It would be depending on what information you're
 - 13 trying to obtain from me. So if you're a customer
 - 14 and you say where is my account now, well, what
 - 15 are you looking for? Are you looking for --

 - 16 you know, I would have to clarify.
 - Q I understand. 17
 - 18 A So it's not --
 - 19 Q I'm only asking in the context of
 - 20 what you understand the Gain Capital statements to
 - 21 say. So is it your understanding that Gain Capital
 - 22 when it reports profit and losses on its account
 - 23 statements, that it includes profit and losses
 - 24 on open positions and closed positions?

Page 97 A Well, net liquidating value by 1 I bet you if I were to take one of these spreads 1 2 definition is if we were to liquidate all the 2 and I were to actually do the math, I would say 3 positions in your account at the time that this 3 that one of these spreads is probably going to 4 statement was printed at the prices reported to, 4 tell me that I'm losing -- I'm just going to throw 5 you know, the settle price on this statement, that 5 an arguable number out here -- let's say \$3,000 on 6 would be the value of your account. That is not the 6 this statement. But if you go back to the actual 7 profit and loss of your account. 7 strategy and you look at the risk of the strategy, Q Understood. And I'm not asking about --8 8 you can't physically lose \$3,000 on that strategy. A So nowhere, nowhere on this statement 9 And so if you were to go to the net liquidating 9 10 does it give the profit and loss of the account. 10 value, it's going to have a negative draw of \$3,000 Q I'm only asking what you understand 11 but the strategy can only lose let's just say like 11 12 Gain includes in that line called profit and loss. 12 1200 bucks. So there's 28 -- or \$1800 there of MR. MAY: You mean the one that says 13 money that it's saying that you don't have at your 13 14 net liquidating value that you really do have. realized profit and loss? 14 MR. PATRICK: Correct. 15 And so, yes, the statement that you guys have 15 16 designed, I think it doesn't give an accurate 16 MR. MAY: Okay. A I think we've already answered that, 17 17 reflection of the profit or loss of the account 18 though. I've said the realized profit and loss 18 at any given point. It's not black and white. 19 can only happen on the day that there's a realized 19 **FURTHER EXAMINATION** 20 profit and loss. 20 BY MR. BURDEN: 21 BY MR. PATRICK: Q So forgive me for asking this question 21 Q So that does not include trades 22 I think possibly again, but how did you track your 22 23 that are open as of the date of the statement? 23 customers' progress over time? A Correct. I mean, I would assume that A It's their responsibility. 24 24 Page 98 Page 100 1 because of the fact that it says 0.00. Q And I don't want to dispute that 2 Q Okav. 2 or be seen to argue with you, but did you track A Yeah. So there's -- in summation, 3 it yourself? 3 4 there's no way for me to look at this statement A I mean, it depends. Like some people 5 and say here's the profit and loss of your account 5 I would do it for or try to get close or something on a specific day. 6 of that nature, but I don't like recall specifically Q Okay. So do you think that the 7 who or what or how long I did it for or anything of 7 8 Gain statements are not including premium that's 8 that -- there's no like regular procedure. But, 9 captured in a credit spread strategy as part of 9 yeah, if there's -- I mean, yeah. That's all I got. 10 the profit and loss in the profit and loss statement Q Well, I want to push back on that 10 11 and that's the reason why you can't calculate where 11 a little bit. It seems surprising to me that you 12 a customer's account is at? 12 wouldn't have had any idea how your customers were MR. MAY: That was a really long 13 doing profitwise. Was that the case? 13 statement. Could you read it back to the A I think you don't understand. I'm 14 15 witness? 15 a lemming in this whole entire process, right? (Whereupon the portion of the record 16 I show up to work. I do what I'm told. I'm new 16 was read as requested.) 17 in the industry. My mentor is Tim Evans, you know. 17 A I can't calculate where a customer's 18 I've only heard from one person at this point in 18 account is at because the statement doesn't provide 19 my career as to what is right and what is wrong, 20 that information on a daily basis. 20 and I'm just trying to absorb as much information

23

A Here, I'll give you an example.

Q And I'm just trying to get at what

Now, if you were to talk to

1 like I agree. I think it's ridiculous too that

- 2 I didn't know. But I, you know, have learned
- 3 many things over the years and I've gotten, you
- 4 know, mentors with different perspectives and I'm
- 5 constantly trying to absorb new information to
- 6 be a better broker and understand my industry and
- 7 finance in general and compliance and regulations.
- 8 And, you know, I would volunteer to help you guys
- 9 design a statement that actually makes sense for
- 10 clients. But, yeah, it's -- I mean, I went from
- 11 being, you know, internet marketing to a broker
- 12 in a short period of time and you're asking me
- 13 about, you know, then. And I didn't have much
- 14 knowledge and I only had one person teaching me
- 15 the ropes.
- 16 Q So you worked at Long Leaf Trading for
- 17 two years and change, is that right?
- 18 A I believe so, yeah.
- 19 Q So is it your testimony that during
- 20 that period you didn't know whether your customers
- 21 were making or losing money from month to month?
- 22 A I don't recall what happened two years
- 23 ago with customers, you know, when I'm with specific
- 24 customers.

Page 102

- 1 Q Well, I'm not asking about
- 2 specific customers. I mean, for the Time Means
- 3 Money program, right, substantially all of those
- 4 customers get the same four trade recommendations
- 5 every month, is that right?
- 6 A Essentially, yeah.
- 7 Q Yeah. So did you keep track of how
- 8 those recommendations were doing, whether they were
- 9 making money or losing money on a month-to-month
- 10 basis?
- 11 A It's all right here.
- 12 Q And you're indicating that it's all in
- 13 Exhibit 120, correct?
- 14 A No. I'm indicating that the record
- 15 of what happened to these people's accounts comes
- 16 through the account statements. If you're asking
- 17 me like did I keep track of something outside of it,
- 18 not that I recall.
- 19 Q Okay.
- 20 A The official record of the account is
- 21 their account statement. That's what happened.
- 22 You guys have access to them. I see you have a
- 23 whole box of them, so I'm sure you guys know what's
- 24 going on.

Page 101 1 Q Well, it just sounds like your

2 testimony is that you worked at Long Leaf Trading

3 for two years and you had no idea whether your

4 customers were making or losing money. That's

- 5 what it sounds like your testimony is to me. Is
- 6 that what you mean to say? Is that right?
 - MR. MAY: I think --
- 8 A No.

23

9 MR. MAY: -- we're asking the same 10 question kind of over and over again until 11 we get an answer that we like the best, which

12 is really not permissible.

MR. BURDEN: Mr. May, I think what we're trying to do is get an actual answer.

we're trying to do is get an actual answer
 MR. MAY: I think you have an actual
 answer. It just doesn't suit your purpose.

17 MR. BURDEN: You don't know what my 18 purpose is, do you?

MR. MAY: I have an idea.

MR. BURDEN: Would you read the question back, please.

(Whereupon the portion of the record was read as requested.)

24 A I mean, I don't think I testified to

Page 104

Page 103

- 1 that. That doesn't accurately reflect what I've
- 2 said. All I'm saying is is that you have a record
- 3 of what happened. You have a box of it over there.
- 4 Like I don't understand my opinion of it. I don't
- 5 know what -- how that matters. I mean, these
- 6 things don't lie. These are the results, right?
- 7 Q Well, Mr. Ruth, the entire purpose
- 8 of you being here is to give us your opinions
- 9 and to tell us what you remember, what you said
- 10 or what people said to you.
- 11 A Well, I mean, I don't know. I can't
- 12 say this enough but in a different way. I don't
- 13 remember the specific results of any of the accounts
- 14 that I had to deal with.

15 (Whereupon CFTC Exhibit No. 121 was

marked for identification, MM.)

- 17 Q All right. Mr. Ruth, I want to
- 18 hand you what I've marked as CFTC Exhibit 121.
- 19 And take a look at it, if you would for me, please,
- 20 and indicate to me when you've reviewed it to your
- 21 satisfaction.
- 22 MR. MAY: Actually, these ones and
- 23 all the ones except CFTC Exhibit No. 120 are
- 24 sequentially numbered.

Page 105 Page 107 1 A Yep. 1 MR. BURDEN: You know, why don't you 2 2 and me talk about this off the record because And it was sent on April 13th of 2017. 3 You worked at Long Leaf Trading during that time, your curiosity is understandable, but it doesn't 3 4 correct? 4 matter tremendously for the purposes of our 5 5 A Correct. testimony. 6 Q All right. So it's to James Leeney and 6 MR. MAY: Okay, yeah. It's just --MR. BURDEN: I'll tell you what, 7 Vince Prieto, right? 7 since Mr. Ruth is reviewing, I'll indulge 8 A Yes. 8 your question on the record. So those were 9 9 Q All right. So who are they? They are brokers at Long Leaf Trading produced by Long Leaf Trading. We Bates number 10 10 11 Group. 11 them internally. 12 MR. MAY: Okay. 12 Q All right. And you'll see the subject 13 is what? 13 MR. BURDEN: So they're really more control numbers and it's actually not 14 Α March 2017 Results.xlsx. 14 sequential, but the reason you think it is Q All right. So Exhibit 121 reflects 15 15 is because there's an email as an attachment. 16 that this email has an attachment, is that right? 16 17 A Yes. 17 So if the attachment was more than one page, Q Yeah. And the attachment is called you would see 89750, 89751, 89751, 89751. 18 18 Does that make sense? 19 March 2017 Results.xlsx as well, right? 19 20 A Yep. 20 MR. MAY: It does. A What are you guys trying to investigate? 21 All right. Is this an email that you sent? 21 It's what it indicates from the first page. 22 Like what's --22 23 Q All right. So let's turn the page, 23 BY MR. BURDEN: 24 if we could, please, and this is the attachment 24 Q I can't answer questions here. Page 106 Page 108 A I mean, maybe you can fill --1 to the email. Do you know what this is? 1 2 MR. MAY: It's perfectly --2 It looks like a table. 3 A -- me in. 3 Q All right. Is this a table that you put 4 MR. MAY: It's perfectly understandable 4 together? but, yeah, they cannot answer questions. 5 A Possibly. 5 BY MR. BURDEN: Q Is this type of table something that 7 Q Yeah, your counsel can fill you in. He 7 you would put together regularly while you were at 8 knows what he's doing. All right. 8 Long Leaf Trading? MR. MAY: This is 121? 9 9 A I wouldn't use the word regularly. MR. BURDEN: That's right. 10 10 Q Occasionally? 11 Q All right. So do you recognize CFTC 11 I wouldn't use the word occasionally. 12 Exhibit 121? 12 Q How frequently would you put together A When you say recognize, what do you mean 13 tables like this? 13 14 by that? 14 A Infrequently. Q All right. So do you recall what 15 Q Do you know what it is? Have you seen it 15 16 before? Does it look familiar? 16 this table was meant to represent? What were you MR. MAY: That's a whole bunch of different 17 telling people with this email, if indeed you sent 17 18 it? 18 questions, though. MR. BURDEN: But it illustrates my question 19 19 A I think those would be the four trades 20 to Mr. Ruth. 20 from, I don't know, either February or March and 21 A Does it look familiar? It doesn't. 21 those were the P&L on the three -- four trades or, Q All right. So let's look at the From 22 again, this is probably in draft form. So I don't 22 23 line here, jruth@longleaftrading. That's your email 23 know if that's 100 percent accurate, but that would

24 address, right?

24 be the net P&L on the four trades. And then through

- 1 Excel I use the table to show based on the number
- 2 of contracts what that meant for the client.
- 3 Q All right. So --
- 4 A But it was sent in April.
- 5 Q I see that.
- 6 A So I don't know. I don't know what the
- 7 purpose of it was for or anything of that nature.
- 8 Q So how did you put together this table, 9 please.
- 10 A I don't recall specifically but, I mean --
- 11 MR. MAY: Well, he's asking you about
- 12 this table.
- 13 THE WITNESS: How did I put it together?
- MR. MAY: Not about tables in general.
- 15 A I couldn't tell you.
- 16 BY MR. BURDEN:
- 17 Q All right. So it looks like the net P&L
- 18 for one I guess transaction, all the recommended
- 19 trades, is negative \$920.21. Did I read that right?
- 20 A Can you state that again?
- 21 Q Yeah, okay. Well, I'll ask you. So do you
- 22 see where it says net P&L at the bottom?
- 23 A Yep.
- 24 Q So do you see where it says \$920.21

- ber 1 BY MR. BURDEN:
 - 2 Q All right. So, Mr. Ruth, do you recognize
 - 3 Exhibit 94?
 - 4 A Nope.
 - 5 Q All right. Do you see at the top where
 - 6 it says jruth@longleaftrading.com?
 - 7 A Yep.
 - 8 Q Was that your email address?
 - 9 A Yes.
 - 10 Q All right. It says June 9, 2017.
 - 11 Did you work at Long Leaf Trading during that time?
 - 12 A Yes.
 - 13 Q Who were Pierre Halteh, Vince Prieto
 - 14 and James Leeney?
 - 15 A Associated persons of Long Leaf Trading
 - 16 Group.
 - 17 Q All right. So the subject says TMM May
 - 18 Results. Do you see that?
 - 19 A Correct.
 - 20 Q And it looks like there's an attachment
 - 21 to this email. Do you see that?
 - 22 A Yep.
 - 23 Q All right. Is this an email that you
 - 24 sent to Mr. Halteh and Mr. Prieto and Mr. Leeney?

Page 110

Page 112

- 1 in parentheses?
- 2 A Correct.
- 3 Q What does that indicate, please.
- 4 A It may -- I'm speculating here because
- 5 I don't know specifically -- but it may reflect
- 6 the net P&L of the four positions for March 2017.
- 7 Q All right. So forgive me if you feel
- 8 that I've asked this question before, but how did
- 9 you ascertain that, if you recall?
- 10 A I don't recall but ...
- 11 Q So why did you send this to Mr. Leeney
- 12 and Mr. Prieto?
- 13 A No clue.
- 14 Q All right. Let's put that aside, if we
- 15 could, please.
- 16 A (Witness complies).
- 17 Q All right. So, Mr. Ruth, I want to
- 18 hand you what I've marked as CFTC 94, and it's
- 19 a group exhibit that consists of two emails with
- 20 their attachments. And indicate for me, if you
- 21 would, please, when you've reviewed it to your
- 22 satisfaction.
- 23 MR. MAY: Okay.
- 24
- action.

- 1 A It appears so.
- 2 Q All right. And it says, "For your info
- 3 only." Did you write that?
- 4 A I don't recall.
- 5 Q All right. So turn the page for me, if
- 6 you would, please, and this is the attachment and
- 7 the filing of the attachment is TMM May Results.
- 8 Is this a spreadsheet that you put together?
- 9 A I don't recall.
- 10 Q Do you have any understanding as to
- 11 what this shows?
- 12 A It looks like it gives you a lot
- 13 of information about the potential profit and loss
- 14 of the specific trades.
- 5 Q And when you say the specific trades,
- 16 you mean the trades that were recommended by Long
- 17 Leaf Trading to customers, is that right?
- 18 A I would assume so, yeah.
- 19 Q All right. And if you look at the
- 20 right-hand corner of the spreadsheet, you'll see
- 21 there's a heading that says P&L Per Contract and
- 22 the one next to it that says P&L Per 3 Contracts.
- 23 Do you see that?
- 24 A Correct.

- 1 Q All right. So did you put that together?
- 2 A I don't recall.
- 3 Q All right. And it looks there
- 4 like this says that there's a loss of \$28.90 per
- 5 contract that's indicated in Exhibit 94. Is that
- 6 your understanding of what's going on here?
- 7 A That's what appears so ...
- 8 Q All right. Did you put charts like
- 9 this together and send them to the other brokers
- 10 at Long Leaf?
- 11 A I may have. I don't recall specifically.
- 12 Q All right. So would you turn, please,
- 13 to the second email in Group Exhibit 94. And this
- 14 is from your email address, correct?
- 15 A Yes.
- 16 Q And it looks like it was sent later in
- 17 the day on June 9, 2017, right?
- 18 A Correct.
- 19 Q All right. And it's to these other brokers
- 20 at Long Leaf Trading, right?
- 21 A Correct.
- 22 Q And the subject is TMM May Results again.
- 23 Do you see that?
- 24 A Um-hmm.

Page 114

- 1 Q Yes?
- 2 A Correct.
- 3 Q All right. And then the email body
- 4 says, "Updated. Don't share." Did you write that?
- 5 A I don't recall.
- 6 Q All right. And if you don't recall,
- 7 I'm asking you to speculate, but do you have any
- 8 recollection or knowledge of why you would have told
- 9 these other brokers don't share?
- 10 A I don't recall.
- 11 Q All right. And if you look at the
- 12 second page of this email in Exhibit 121, we've
- 13 got another couple of charts. Are these charts that
- 14 you put together?
- 15 A Actually, going back, I can speculate.
- 16 Q Okay. Please do.
- 17 A The reason why I tell people not to
- 18 share is because this is not the official record
- 19 of the account and this is just like my math in
- 20 another system that I use, so I don't want them like
- 21 giving it to a client or anything of that nature.
- 22 This is unverified calculations of what I believe I
- 23 would assume to be true or close to it or something
- 24 of that nature. But as you can see, I make

e 113

- 1 mistakes. That's probably why I had to update
- 2 it 20 minutes later.
- 3 Q Got it. So looking at these charts here,
- 4 are these charts that you generated?
- 5 A I would assume so.
- 6 Q All right. And it looks like this
- 7 indicates losses of \$28.90 per contract, is that
- 8 right?

10

- 9 A That's what it says, yep.
 - Q All right. And at the bottom
- 11 there's another chart that reflects losses of
- 12 28.89 through \$375.57 depending on the number of
- 13 contracts that the customers entered into. Am I
- 14 reading this correctly?
- 15 A I think that's the idea behind that, yeah.
- 16 Q All right. So how did you put this
- 17 together? Like how did you work out that this
- 18 was correct and incorrect, or incorrect what you
- 19 believed the P&L to be?
- 20 MR. MAY: Actually, I think that
- 21 misstates his prior testimony. I don't think
- 22 he said he recalled putting this together.
- 23 BY MR. BURDEN:
- 24 Q Mr. Ruth, did you put this together?

- 1 Is it in an email sent by you?
 - 2 A Yeah. I don't recall specifically,
 - 3 but there's a possibility that I could have done
 - 4 such a thing.
 - 5 Q All right. You know, do you recall
 - 6 how you put this chart together?
 - 7 A No. I think the chart, though,
 - 8 tells you how I put it together. Like isn't that
 - 9 the --
 - 10 MR. MAY: It tells you how someone put
 - 11 it together.
 - 12 A Right. It says all the debits and credits,
 - 13 right?
 - 14 BY MR. BURDEN:
 - 15 Q Is that how you arrived at the --
 - 16 A I don't know. I couldn't tell you
 - 17 from this piece of paper. I'd have to open up the
 - 18 Excel file.
 - 19 Q All right. You can put that one aside,
 - 20 if you would, please, and I'm going to hand you what
 - 21 I've marked as CFTC Exhibit 93.
 - 22 A (Witness complies).
 - 23 MR. MAY: We're a little over the one-
 - 24 hour mark. Do you guys have any idea about

Page 117 Page 119 1 how much longer we're going to go before 1 2017 Results, and the email indicates it has an 2 attachment titled April 2017 Results. Do you see 2 a lunch break? 3 MR. BURDEN: When would you like to have 3 that? 4 4 A I see that, yes. a lunch? 5 MR. MAY: Maybe I need to confer with 5 MR. MAY: Just for the record, I think 6 the witness. It's hard to testify over an 6 you said it was sent to other brokers at Long hour. That's always been my experience. Leaf. It actually lists the three that it 7 7 8 MR. BURDEN: All right. So maybe -- I don't 13 probably reflect through the inclusion of the 13 know how long you think it's going to take. exhibits --14 14 Maybe 1 o'clock? 15 MR. MAY: Okay. 15 MR. BURDEN: I think so, yeah. That sounds 16 MR. BURDEN: -- that Exhibit 94 16 17 17 was sent to Mr. Prieto, Mr. Leeney and 18 MR. MAY: Okay. 18 Mr. Halteh. 19 BY MR. BURDEN: 19 Q All right. Mr. Ruth, if you would, Q Okay. Mr. Ruth, I want to hand you what 20 look at the attachment to the email, please, which 20 21 I've marked as Exhibit 93. 21 is the second page of CFTC Exhibit 93. MR. MAY: The last one was 94. 22 Α Yes. 22 23 MR. BURDEN: I know. Thank you, though. 23 Q Is this a chart that you put together? MR. MAY: I just want to make sure I get 24 Α Possibly. 24 Page 118 Page 120 it down correctly on my sheet. Why do you say that? 1 Q 1 2 BY MR. BURDEN: 2 Because I don't recall. Q All right. So, once again, please 3 Q All right. So you'll see that there 4 review it, indicate to me when you've reviewed 4 are months listed. We see March '17. Do you see 5 it to your satisfaction and we'll get started. 5 that? MR. MAY: Ready? 6 6 A Correct. 7 THE WITNESS: (Nodding). 7 Q And then April '17, do you see that? 8 MR. MAY: You're shaking your head yes. 8 Α Correct. And then May '17, do you see that? 9 So that's not going to come --9 Q 10 THE WITNESS: Yes. 10 Α It's blank, but yes. Yes, all right. So March '17 it says 11 BY MR. BURDEN: 11 12 soymeal, soybeans, gold and cattle. Do you see 12 Q There we go. Mr. Ruth, do you recognize 13 Exhibit 93? 13 that? 14 14 A Correct. Q All right. So jruth, that's your email 15 Q Do you know what that refers to? 15 16 address, right? 16 A I would assume the four trades during A Correct. 17 the month of March. 17 Q All right. And it looks like this email Q And that net P&L we see down there, 18 19 was sent on May 9, 2017, is that right? 19 what does that indicate to you? A That's what it says. A Again, I don't know if -- the accuracy 20 20 21 of the number but it's -- it would be the net result 21 Q And it was sent to other brokers at 22 Long Leaf, is that right? 22 of the net P&L of the four trades above. A That's what it says, yep. And is that something that you calculated? 23 23 Q 24 Q All right. So the subject is April 24 Possibly. Α

1 Q Do you remember calculating it?

2 A No.

3 Q So let's look at the April '17 column.

4 We see crude oil, U.S. T-bonds, cocoa and Euro.

5 Are those also contracts that were recommended to

6 customers for Time Means Money?

A I have absolutely no clue.

8 Q Well, it says net P&L at the bottom.

9 Do you know what that means?

10 A Yes.

7

11 Q What does that mean, please.

12 A The net profit and loss.

13 Q All right. And what is the net profit

14 and loss here for customers who entered into one

15 trade?

16 A I don't know if that is the net

17 profit and loss for customers, so I can't answer

18 that question.

19 Q All right. Well, you see at the

20 top it says -- we've got the date and then we have

21 numbers 1 through 13, right? Do you see that?

22 Right?

23 A Correct.

24 Q All right. So we've seen substantially

V

Page 122 1 this same format in Exhibits 94 and 121, the last

2 couple exhibits we looked at, is that right?

3 A What are you asking?

4 Q Well, this looks like the same format

5 as the other charts we've been looking at. Do you

6 agree with that statement or do you disagree with

7 that statement?

8 A Disagree, disagree.

9 Q All right. So why is this statement

10 in -- or the table in Exhibit 94 different than the

11 other ones that we were looking at?

12 A I couldn't tell you.

13 Q But you just did. You just said it was

14 different. So I'm asking you how is it different,

15 please.

16 MS. STREIT: This is 93.

17 A They're two different -- I mean, they're

18 significantly different.

19 BY MR. BURDEN:

20 Q What's different about them, please.

21 A Well, 94 lists the asset name, the month,

22 the expiration date, the clearing per side in, fees

23 per side out, commissions in, total fees in, point

24 collection, point multiplier, premium collection,

1 net collection, gross risk, net risk, clearing

2 per side out, fees per side out, commissions out,

3 total fees out, premium realization, futures P&L,

4 P&L per contract and P&L per 3 contracts. So that's

5 one table. Then this table --

6 Q Yeah. So let's --

7 A -- has none of that information.

8 So it's significantly different.

9 Q All right. I see what you're saying.

10 I was focused on the P&L. Let's just get back to

11 93, if we could, please. So your testimony is that

12 you don't recall putting this chart together?

13 A Correct.

14 Q Do you recall sending this chart?

15 Did maybe somebody else put it together for you

16 and you distributed --

17 A I'm not saying that somebody put

18 it together. I just don't recall putting together

19 the chart.

20 Q Right. Do you recall sending this chart

21 to people?

22 A No.

23 Q Do you recall reviewing the chart?

24 A No.

Page 124

Page 123

1 Q Okay. Let's put this one aside, if we

2 could, please.

3 A (Witness complies).

(Whereupon CFTC Exhibit No. 122 was

5 marked for identification, MM.)

6 Q Mr. Ruth, I want to hand you what I've

7 marked as CFTC Exhibit 122. So, once again, please

8 review it to your satisfaction and indicate to me

9 when you're done and I'll ask you questions about

10 it.

4

11 MR. MAY: Ready?

12 A Oh, yeah, yes.

13 BY MR. BURDEN:

14 Q All right. Mr. Ruth, do you recognize

15 Exhibit 122?

16 A No.

17 Q All right. You see this is from

18 jruth@longleaftrading.com. That was your email

19 address, right?

20 A Correct.

21 Q So it was sent July 25, 2017. You

22 were working at Long Leaf at that point, right?

23 A Correct.

24 Q All right. And it was sent to

- 1 Tim Evans and he was your boss at Long Leaf, 2 correct?
- 3 A Correct.
- Q And the subject is Harish Patel. Do you 4 5 see that?
- 6 A Correct.
- 7 Q Who is Harish Patel, please.
- 8 A He was a customer of mine.
- Q All right. So if we look at the 9
- 10 top, it says started with \$25,707.32, it says
- 11 ended with \$9,249.72. And then in bold it says
- 12 total loss \$16,457.60 and then it says total
- 13 commissions \$29,820. Am I reading that right?
- 14 A Yes.
- Q All right. So is this an email that 15 16 you sent?
- 17 A I don't recall.
- Q Do you remember -- well, I guess if 18
- 19 you don't remember sending it, you don't remember 19
- 20 why you sent it.
- A Harish Patel would refuse to talk to
- 22 me and wanted to talk to Tim Evans, so Tim Evans 22 review it to your satisfaction and indicate to me
- 23 had to step in. I think he may have filed an NFA
- 24 complaint. I don't know. I don't have a complaint

18

- 1 on my record and he was my customer. So I don't
- 2 know exactly what happened, but I believe -- and
- 3 I might be speculating here -- but Tim probably
- 4 asked me for like give me the information on his
- 5 account so I have information to like talk to him
- 6 with.
- 7 Q Got it. So how were you able to
- 8 figure this out, if you recall, what the total
- 9 loss, total commissions and started and ended?
- 10 How did you figure all that stuff out?
- A So I went to his first statement and 11
- 12 I looked and seen how much money he deposited.
- 13 I looked at his last statement, which he didn't
- 14 have any open positions. So his net liquidating
- 15 value would be his current value, you know. It's
- 16 flat. And I subtracted that number from what he
- 17 started with and I ended up with total loss. And
- 18 then total commissions, I probably went to that
- 19 account sequence document that we talked about
- 20 earlier.
- 21 Q And that totals up commissions, right?
- A Again, that one I don't think 22
- 23 is accurate either because I'm not sure if it
- 24 reflects like commission credits or anything of

- Page 127
- 1 that nature. So I probably pulled that information
- 2 from there, but I don't know if that's actual --
- 3 how that's calculated.
- Q Got it. So did you perform an analysis
- 5 like this with respect to any other clients' profits
- 6 or losses?
- 7 A No. I think this was just specific
- 8 to the situation because I was handing it off to
- 9 somebody else.
- Q Got it. 10
- But to go back, how do you generate 11
- 12 \$29,000 in commissions if you're not making any
- 13 money for the client when they only put in 25,000?
- Q I don't know, and I can't answer 14
- 15 questions anyway. You can put that one aside,
- 16 if you could, please.
- 17 A (Witness complies).
 - (Whereupon CFTC Exhibit No. 123 was marked for identification, MM.)
- Q All right. Mr. Ruth, I want to hand 20
- 21 you what I've marked as CFTC Exhibit 123. Please
- 23 when you've finished.
- THE WITNESS: I'm ready when you are. 24

MR. MAY: Give me a second. Okay. 1

2 BY MR. BURDEN:

Q All right. Mr. Ruth, do you recognize

- 4 CFTC Exhibit 123?
- 5 A No.
- Q All right. So it's an email, is what
- 7 it appears to be, and it appears to be sent from
- 8 jruth@longleaftrading. That's your email address,
- 9 right?
- 10 A Correct.
- 11 Q All right. And it's from --
- MR. MAY: Did you say is or was? 12
- 13 MR. BURDEN: Was.
- 14 MR. MAY: Okay. I thought you said is.
- 15 MR. BURDEN: I might have.
- Q This was your email address, correct? 16
- 17 Α
- Q All right. So the date that it appears 18
- 19 to have been sent is July 20, 2017, right?
- 20 Correct.
- 21 Q And you worked there during that time?
- 22 Α Yes.
- And it was to Mr. Evans, who was your 23 Q
- 24 boss at Long Leaf Trading, correct?

1 A Correct.

- 2 Q And the subject there is Emailing: TMM
- 3 2017 Win-Loss. Do you see that?
- 4 A Yeah.
- 5 Q And then there's an attachment and
- 6 that's a spreadsheet, and that spreadsheet is titled
- 7 in the face of the email --
- 8 A Yeah.
- 9 Q -- TMM 2017 --
- 10 MR. MAY: Wait. You can't answer
- 11 his question until he's done asking it.
- 12 MR. BURDEN: Thanks.
- 13 MR. MAY: Sorry.
- 14 MR. BURDEN: That's all right.
- 15 Q So TMM 2017 Win-Loss and it's a
- 16 spreadsheet. Do you see that?
- 17 A Yes.
- 18 Q All right. So is this an email that
- 19 you sent to Mr. Evans?
- 20 A It appears so.
- 21 Q Is it an email that you remember sending?
- 22 A No.
- 23 Q All right. So let's turn the page,
- 24 if we could, please. Do you see this table?

Page 130

- 1 A Yes.
- 2 Q Is this a table that you generated?
- 3 A I don't recall specifically.
- 4 Q All right. Do you have any knowledge
- 5 or understanding of -- and you'll have to forgive
- 6 my vague question -- what's going on here?
- 7 A Yeah, this has nothing to do with
- 8 like account performance. I think Tim Evans,
- 9 if I recall, at the time Tim Evans I think was
- 10 trying to contemplate whether or not doing like
- 11 a CTA. And I think this is just like minus
- 12 commissions, fees or whatever did the trade win
- 13 or lose because he was going to do like a -- set
- 14 up a CTA like in a fee-free environment. So what
- 15 would it, like, look like in the event that that
- 16 happened. And I gave him basic information whether
- 17 or not a trade won or lost, meaning did it make
- 18 a dollar or lose a dollar, but that has nothing
- 19 to do with -- or like aided anything of knowing
- 20 about account performance. I think it was for
- 21 that purpose.
- 22 Q Got it. So Mr. Evans wanted to
- 23 explore the idea of setting up a CTA and he asked
- 24 you to put this analysis together?

- 1 A Yeah, but I don't know if -- I don't
 - 2 know. I don't know if it's a good analysis or
 - 3 whatever. But essentially, yeah, he was trying

Page 131

- 4 to figure out do we win more than we lose.
- 5 Q All right. And what's the result of that
- 6 analysis that we see here?
 - A It looks like we're 50/50, but yeah.
- 8 But it doesn't -- I mean, that's the thing. It's
- 9 incomplete information because you could lose
- 10 \$5 million on sugar and win a dollar on crude oil
- 11 but you're still an overall loser. So it doesn't
- 12 really -- I don't think this is -- I don't think
- 13 this was helpful at all.
- 14 Q Got it. No, no, and you answered my
- 15 next question before I asked it. Did you talk to
- 16 Mr. Evans about this analysis we see in Exhibit 123?
- 17 A I don't recall specifically. I mean,
- 18 I don't recall.
- 19 Q Well, do you have any general recollection
- 20 of discussions with Mr. Evans?
- 21 A I would assume that I handed it to
- 22 him and then -- or it looks like I emailed it
- 23 to him and I probably said did you get my email.
- 24 That's about it.

- 1 Q Well, do you recall any other discussions2 you had with Mr. Evans about it? Like did Mr. Evans
- 3 say, you know, oh, great work, thanks or did he have
- 4 questions or did he not like it?
- 5 A I don't recall.
- 6 Q All right. So let's put this one aside,
- 7 if we could, please.
- 8 A (Witness complies).
- 9 Q And I want to show you what's been
- 10 marked as CFTC Exhibit 95. And, again, please
- 11 take a look at it and indicate to me when you've
- 12 looked at it.
- 13 MR. MAY: Ready.
- 14 BY MR. BURDEN:
- 15 Q All right. Mr. Ruth, do you recognize
- 16 CFTC Exhibit 95?
- 17 A Nope.
- 18 Q All right. This email is sent from your
- 19 email address, correct?
- 20 A Was my email address, yes.
- 21 Q Was your email address. And it's
- 22 sent in August of 2017. And at that time you were
- 23 working for Long Leaf, right?
- 24 A Correct.

1

Page 133 Q And you're sending it -- or it purports

- 2 to be sent by you to James Leeney, is that correct?
- 3 A Correct.
- 4 Q And he's a broker at Long Leaf Trading,
- correct?
- 6 A Correct.
- 7 Q All right. So the subject is Copy of
- Time Means Money 2017 Win-Loss. Do you see that?
- A Correct. 9
- Q And the email bears an attachment with 10
- 11 the same file name. Do you see that?
- A Correct. 12
- 13 Q All right. Turn the page, if you would,
- 14 please. Do you know what this is?
- A Yeah. Me and James Leeney were
- 16 plotting to leave Long Leaf Trading Group, and
- 17 this is the same document as before I think with
- 18 an extra month on it. And it's how are we losing
- 19 money if we're not -- basically it was more of like
- 20 sell me on how you're going to design this strategy
- 21 when we go off on our own where if we're hitting
- 22 these numbers, that our clients are profitable.
- 23 Q Got it. So you sent this to Mr. Leeney
- 24 so you could see what was going on and improve upon

- Q Have you had discussions with 2 Mr. Leeney about joining your GIB if you can

Page 135

Page 136

- 3 get that started?
- 4 Α No.
- 5 So did you make any conclusions? Q
- 6 I think your testimony is that you were looking
- 7 for ways to sort of do better for customers,
- 8 is that right?
- 9 A Well, it was more specific about our
- 10 operation, like how -- you know, just we were
- 11 talking about he was going to be in charge of
- 12 trading. So I wanted to figure out how we can,
- 13 you know, I mean, what we do all day is try to
- 14 improve results for clients.
- Q So what conclusions did you reach
- 16 as to how you could improve results for clients?
- 17 A From this?
- 18 Q Sure.
- 19 A I mean, if I were designing trades,
- 20 which I never did, like I just said, the -- we've
- 21 got to make sure that these losers don't wipe out
- 22 all the winners.
- 23 Q And how did you determine or how
- 24 did you -- what ways did you identify to sort of

- 1 it when you went on your own?
- 2 A Correct.
- 3 Q All right. So did you have any
- 4 discussions with Mr. Leeney about this?
- 5 A Just, I mean, like, you know,
- 6 we need to decrease the amount of risk that
- 7 we're taking on the trades so that these losers
- 8 aren't -- I mean, as you can see, 50 percent is
- 9 pretty good, 75 percent is excellent. So how can
- 10 we -- if we -- it's, you know, there's a trend that
- 11 we win 50 percent of the time, how can we still be
- 12 profitable for our clients and win 50 percent of
- 13 the time.
- Q All right. And when did you have this
- 15 discussion with Mr. Leeney?
- A I mean, my desire to leave Long 16
- 17 Leaf Trading Group occurred either in like June
- 18 or July, and me and him started like plotting on
- 19 making the move.
- Q Did Mr. Leeney ultimately agree to make 20
- 21 that move with you?
- A Yeah. 22
- 23 Q And you guys both left for Postrock?
- 24 Correct.

- 1 make that happen?
- A I mean, the amount of risk that was --
- 3 like if it was a full loss, I mean, going back
- 4 to like Exhibit let's say 94, you can't have like
- 5 \$1,000 losses, \$900 losses. So I wanted to make
- 6 sure that number's smaller.
- 7 Q Got it. So the table on Exhibit 50,
- 8 it appears to go back from January 2017 through
- 9 August of 2017, is that right?
- 10 MR. MAY: I think you said Exhibit 50,
- 11 but it's Exhibit 95 I think you're looking at.
- 12 BY MR. BURDEN:
- Q Wait, Exhibit 95. Let's look at 13
- 14 Exhibit 95.
- 15 A Yeah. I mean, again, this isn't for --
- 16 I think, I mean, if you're going down the path of
- 17 this is like --
- 18 MR. MAY: Well, let him ask the question.
- 19 That way you know what you're answering.
- 20 BY MR. BURDEN:
- 21 Q Yeah. So Exhibit 95 here, this shows
- 22 winning and losing trades from January through
- 23 August of 2017, is that right?
- 24 A I can't answer that question. I don't

- 1 know.
- 2 Q Well, do you recall what this was supposed
- 3 to tell people?
- A It's not supposed to tell. It's just 4
- 5 for me and Jamie that, hey, where we're at right
- 6 now, we're not that far off. There's some tweaks
- 7 that we need to make in order to increase account
- 8 performance. That's basically I think the premise
- 9 behind this.
- Q Okay. I don't mean to ask a question --10
- A Like that's what I'm trying to say. 11
- 12 Q Yeah.
- A Like if I can provide a narrative, 13
- 14 I'd like to say that this isn't me knowing that
- 15 the accounts were not performing well or anything
- 16 of that nature. This is me just analyzing like,
- 17 you know, can we do this and like, if so, how are
- 18 we going to do this for another operation that me
- 19 and him were planning on.
- Q Got it. So looking again at Exhibit 95, 20
- 21 the one you've got in front of you, how did you
- 22 determine, for example, for January that 50 percent 22 and you just threw an interception. You don't go
- 23 were winners or for February that 50 percent were
- 24 winners?

Page 138

- A I don't specifically recall, but
- 2 maybe -- I don't know if you want to call it
- 3 speculating, but I think it just had to be like
- 4 one cent in the black or one cent in the red to
- 5 be considered a winner or loser.
- Q But how do you know, like what do you
- 7 look at to determine if a trade is in the red or
- 8 in the black?
- A I can't tell from this information,
- 10 but I don't know if that was net commissions and
- 11 fees or if it was inclusive of them or anything of
- 12 that nature, but maybe it was just the idea itself.
- 13 I don't know.
- Q Well, did you --14
- A I would assume that this, since it's 15
- 16 similar to the one that I sent to Tim Evans, I
- 17 think, if I recall correctly, that was not including
- 18 commissions and fees or maybe it was including
- 19 fees but not commissions because he was trying
- 20 to simulate a fee-free environment. And this
- 21 looks like this is the same result, so I would
- 22 assume that it doesn't account for commissions
- 23 as well.
- 24 Q Got it. Did you review account

Page 139 1 statements, customer account statements to determine

- 2 whether a trade was in the red or in the black?
- A I mean, I probably didn't just pick
- 4 them out of a hat and guess, but I don't recall
- 5 specifically how I came to that information.
- Q All right. So I've been asking you
- 7 questions and showing you exhibits sort of designed
- 8 to gauge your knowledge and understanding of trading
- 9 results at Long Leaf. You picked up on that, right?
- A Yes. 10
- 11 Q Yeah, that's the point of this line
- 12 of questioning. So did Mr. Evans ever tell you
- 13 how customers were doing?
- A No. I mean, it was kind of like an 14
- 15 unwritten rule, like don't talk about it because,
- 16 you know, you've got to manage people's emotional
- 17 states so ...
- 18 Q When you say unwritten rule, like whose
- 19 rule was it?
- 20 A Like let me give you an example.
- 21 Let's say you're a quarterback of a football team
- 23 up to the quarterback and say so how about that
- 24 last play. Like the guy is going to be very upset,

- 1 angry, things of that nature. Like you're step --
- 2 you know, you're kicking somebody while they're
- 3 down. Like they're not happy that they threw an
- 4 interception or they lost a trade or whatever.
- 5 So you don't really -- you don't talk about that
- 6 kind of stuff.
- Q But what I'm asking is did Mr. Evans 7
- 8 tell you how the trades were doing? Like did
- 9 Mr. Evans say our trades this month made this much
- 10 money or lost this much money?
- 11 MR. MAY: So did Mr. Evans recap the
- 12 trades, is that --
- 13 MR. BURDEN: Sure.
- 14 A I mean, I don't recall specifically.
- 15 I would assume part of the reason why I'm making
- 16 these charts is because I don't have that
- 17 information so ...
- 18 Q Is that why you were making the charts?
- 19 A Probably at those times, yeah.
- 20 Q Did you ever ask Mr. Evans for P&L numbers
- 21 for trades or for customers?
- A I mean, I would assume at some 22
- 23 point, yeah. But then I think it turned into
- 24 like go figure it out on your own, and that's

- 1 when I learned -- that's when I actually learned
- 2 how to read a statement.
- 3 Q So let me drill down on that. Do you
- 4 recall the first instance where you asked Mr. Evans
- 5 how the customers were doing?
- 6 A No.
- 7 Q Did you ever ask Mr. Evans how are
- 8 the customers doing or anything to that effect?
- 9 A I mean, he would -- I don't know. Like,
- 10 I mean, I would have to report to them what was
- 11 going on. So I don't know exactly how and when and
- 12 what periods of time I obtained that information.
- 13 But if we did well, I would tell somebody we did
- 14 well and if we did poorly, I would tell somebody
- 15 we did poorly.
- 16 Q All right. What I'm asking about,
- 17 though, is what Mr. Evans told you, right? Like
- 18 every month Long Leaf Trading would recommend four
- 19 trades to customers, right?
- 20 A Yeah.
- 21 Q So at the end of every month did
- 22 Mr. Evans say or otherwise communicate to you this
- 23 is how the trades did?
- 24 A Yeah. But that's the thing, is like

Page 142

- 1 I don't want to say I'm a black-and-white person
- 2 but I'm like a -- as you can tell, I like dollars
- 3 and cents. He would be, oh, about 500. So I
- 4 wouldn't get like a specific number, and so I always
- 5 felt like invaluable or unintelligent talking to a
- 6 customer when I'm not -- like you're giving them
- 7 like round numbers and stuff. It just sounds odd
- 8 to me. So --
- 9 Q How -- sorry, keep going. I didn't mean
- 10 to cut you off.
- 11 A Yeah, it sounds odd to me. But I think --
- 12 I don't know what you're getting at, but it's not
- 13 like I sat here and knowingly knew that our clients
- 14 were losing money month after month and I didn't
- 15 care.
- 16 Q Well, did you think they were making
- 17 money month after month?
- 18 A I think they were making money at
- 19 times, yeah. That's the thing is, again, going
- 20 back to my mentality, is we live like month to
- 21 month. So, you know, somebody can't generate
- 22 \$30,000 in commissions when they only started
- 23 with 25,000. So in my opinion they had to be
- 24 making money at some point.

- 1 MR. MAY: What exhibit are you pointing
 - 2 at?
 - 3 THE WITNESS: Sorry, Exhibit 122.
 - 4 BY MR. BURDEN:
 - 5 Q Yeah. So, Mr. Ruth, what I want to
 - 6 try to figure out is what did Mr. Evans tell you
 - 7 about the profitability of the recommended trades,
 - 8 if anything, if you remember?
 - 9 A I mean, he wasn't like deceitful of them
 - 10 but --
 - 11 Q Well, let me ask you this. Did Mr. Evans
 - 12 tell you every month how the recommended trades
 - 13 wound up doing?
 - 14 A Yes, but it's like a ballpark --
 - 15 Q Got it.
 - 16 A -- very vague situation. So sometimes
 - 17 I don't like that answer, so I would go out and then
 - 18 I would go to the statements and come down to the
 - 19 specific penny.
 - 20 Q So every month Mr. Evans would provide
 - 21 you with how the recommendations did from the month
 - 22 before, but it was sort of round numbers, is that
 - 23 right?
 - 24 A I can't say every month, but yeah.

Page 144

- 1 Like where I gathered the information, the idea
- 2 of are we having a winning month or a losing month
- 3 started from Tim Evans.
- 4 Q There we go. So what did Mr. Evans say
- 5 to you?
- 6 A Either we have a profitable month,
- 7 you know, or a bad month.
- 8 Q And would he do this every month on
- 9 a regular basis so you knew?
- 10 A Yeah, yeah.
- 11 Q Okay. So every month --
- 12 A I mean, you would have -- you can't
- 13 just pick up the phone and call somebody and not
- 14 have that information so ...
- 15 Q Right. So every month Mr. Evans would
- 16 tell you how customers had done with the last set
- 17 of recommendations?
- 18 A In the sense of whether it was a
- 19 positive month, which means one cent more, or if
- 20 it was a negative month, which meant one cent less.
- 21 Q So your testimony is that Mr. Evans
- 22 would tell you if customers made money or lost
- 23 money but not how much?
- 24 A Correct.

- Q Did you ever ask him --1
- 2 Sometimes, sometimes he could say it
- 3 but like it wasn't like regular, you know, policy 4 or anything.
- 5 Q Did you ever ask him how much money
- did they make or how much money did they lose? 6
- A Yeah. But, I mean, I wouldn't get an 7 8 answer necessarily that satisfied me.
- 9 Q What kind of answer would he give that 10 didn't satisfy you?
- A Anything that doesn't have anything 11
- 12 to the specific penny.
- Q All right. I mean, do you feel
- 14 like Mr. Evans didn't want to tell you, like --
- A No, no. It's just that like he's not
- 16 an attention-to-detail guy.
- Q All right. So and this forced you to 17
- 18 go out and figure out --
- A Maybe it was his play of like getting
- 20 me to learn on my own and learn the statements so 20 exactly the frequency in which I did it and whether
- 21 I didn't have to ask. I don't know. Maybe that was
- 22 like his style of teaching. I don't know exactly
- 23 what his intentions are, but yeah. I mean, you
- 24 guys have seen my emails. I think I'm more of

Page 147

- 1 month. And why did we do well, because Tim Evans
- 2 told me we did well. How well did we do? I think
- 3 we made about \$300, and that's what I would tell 4 them.
- 5 Q Okay.
- 6 A And then as I matured and became
- 7 more knowledgeable, I think at the end I got down
- 8 to the penny and I like prided myself on that.
- Q And that was something you were able to
- 10 figure out yourself from the statements, correct?
- 11 A Yeah. But, I mean, obviously I'm telling
- 12 them like, you know, your account statement's the
- 13 official record. I can make mistakes but I think,
- 14 to the best of my knowledge, that this is the actual
- 15 number.
- 16 Q So did you tell your customers, you
- 17 know, regularly whether they had made money or lost
- 18 money on trades and how much?
- 19 A I don't -- I mean, I don't recall
- 21 or not it was standard to everyone. But, I mean,
- 22 I tried to have -- I tried to treat everybody,
- 23 deal with everybody the same way so that you
- 24 don't miss anything.

- 1 an attention guy than he is. So he's very vague.
- 2 I mean --
- 3 MR. MAY: We're almost to 1 o'clock.
- 4 I don't know if you have any more exhibits.
- 5 MR. BURDEN: It sounds like Mr. Ruth
- 6 was saying something.
- Q But if you want to finish your thought, 7
- 8 we can break for lunch.
- A I mean, just from like a customer
- 10 satisfaction standpoint, I think that my customers
- 11 appreciated hearing \$536.97 instead of about \$600,
- 12 you know. So I -- I don't know. I guess I take
- 13 my job more seriously or I, you know, wouldn't
- 14 appreciate that if I was a customer. So that's
- 15 why I would do it.
- Q Did you call your customers and tell 16
- 17 them how the trade recommendations had turn out?
- A I mean, I was constantly talking to my 18
- 19 customers. So, yeah, that's part of the process.
- Q So how did you know then what that number 20
- 21 was to tell them?
- 22 A Well, first, it depended like throughout
- 23 my career at Long Leaf evolved. So in the beginning
- 24 I started off with like, all right, we did well this

1 Q So your practice at Long Leaf Trading

- 2 as a general matter would be to communicate with
- 3 clients and tell them whether they had made or lost
- 4 money, correct?
- A On the individual month --5
- 6 Got it.
- A -- the specific trades that I have 7
- 8 information on, correct. Now, if a trade went
- 9 into the next month, I don't have that information.
- 10 So I would either speculate as to where I think it
- 11 could go or I would say here's where it's at now,
- 12 you know. Either we're going to lose everything
- 13 or if it stays there, we're going to make it,
- 14 whatever. But I would give the information going
- 15 back to the realized P&L that I had or if it
- 16 happened that day, I would say it expired worthless,
- 17 so maybe I'm off by like 20, 30 bucks. I don't know
- 18 until I see the clearing fees on the statement the
- 19 next day or two.
- 20 Q So was it your practice to tell clients
- 21 how they were doing at the end of every month? Like
- 22 when do you do this call?
- A Yeah. I mean, I think it's -- yeah, 23
- 24 I think it's important. I think that was the

- 1 whole purpose of the program is is that in a
- 2 managed situation the only time you know about
- 3 account performance is when you look at your
- 4 account statement and not -- people don't
- 5 necessarily do that regularly. And I don't want
- 6 them to go, oh, shit, what happened, you know,
- 7 when they could have stopped it five months ago.
- 8 So yeah, I mean, that's kind of the premise behind
- 9 it. But, I mean, some clients, like they like to
- 10 be treated differently or whatever. So I'm not
- 11 going to say under oath that every single time I
- 12 did it this exact same way to every single person.
- 13 Like everybody -- that was the whole purpose of it,
- 14 was we'd customize the way in which we interacted
- 15 with you.
- Q Got it. So how could you -- one 16
- 17 more and then we ought to do our lunch. So how
- 18 did you know how customers were doing? Was it just
- 19 from looking at the statements?
- 20 A When you say "were doing," to me
- 21 that makes it sound how are you doing overall.
- Q No, no. Let's make it month to month. 22
- 23 I'm not trying to get you to say something you don't
- 24 want to say.

Page 150

- A Yeah, I only live month to month in this 2 situation.
- 3 Q So, yeah.
- 4 A I don't think about what happened
- 5 before it. I don't think about what's happening.
- I only live in that one month. That's all I --
- 7 Q Got it.
- A -- worry about. So if you were to say
- 9 is this client making money, I would say, well, are
- 10 our trades making -- yes, then this client's making 11 money.
- 12 Q But how would you figure that out?
- 13 A It would start off from Tim Evans
- 14 saying we're either making money or losing money.
- 15 And then as my career evolved, it got down to me
- 16 being able to know how to utilize the statement
- 17 to be able to figure that information out to the
- 18 specific penny.
- 19 Q Did Mr. Evans ever tell you that
- 20 customers were making money and you found out they
- 21 weren't?
- 22 A I think like one time I calculated it
- 23 where he said that like we're going to make like a
- 24 hundred bucks this month or something or basically

1 break even, and then I actually did the math and

- 2 we lost like 40 or something. So it was because
- 3 of the fact that he was ballparking it that --
- 4 and it was so close to the line of made money or
- 5 didn't make money, like I can recall where that
- 6 wasn't the case or whatnot. But, no, I don't think
- 7 he would be -- he wouldn't tell us that we made
- 8 money and not --
- Q Got it. So Mr. Evans didn't misrepresent
- 10 customer results to you?
- 11 A I mean, you could make -- I mean,
- 12 a blanket statement like that, you could say
- 13 that he did because of the fact that he didn't give
- 14 me accurate numbers. He gave me ballpark numbers.
- 15 Q Got it. So it sounds like your
- 16 testimony is that Mr. Evans accurately told you
- 17 whether trades had won or lost, save it sounds like
- 18 for one occasion where a position hadn't been closed
- 19 out yet?
- 20 A Well, and the other thing you've got to
- 21 consider too is sometimes those four trades don't
- 22 close in that month, right? So if somebody were to
- 23 say how did we do this month and I have two of the
- 24 trades that closed, even though I know the other
 - Page 152

- 1 two are losers, well, technically this month
- 2 we did what we did and let's say those two were
- 3 winners. So then that person says, well, oh, okay.
- 4 Well, all right. Well, let's do the next four
- 5 trades. And then those two, you know, let's say
- 6 they're currencies. So it's like the first week
- 7 into next month they come and they're both losers
- 8 and they get walloped. And then, you know, the next
- 9 time you talk to them it's a little bit different.
- 10 So, you know, those results can change if they're
- 11 not realized. And so at the time, you know, that
- 12 you communicate with them you're trying to give
- 13 them as much information as possible to know where
- 14 they could end up and get them to understand that
- 15 these are unrealized, you know. They're where
- 16 we need them to be right now. They could change.
- 17 Best case scenario you're looking at this, worst
- 18 case scenario we're looking at that, you know.
- 19 We feel comfortable about it. That's why the
- 20 position's still open. If we didn't think it
- 21 was, you know, going to stay in that spot and
- 22 we bleed more time decay off the option then, you
- 23 know, why would we -- we wouldn't keep it open.
- 24 So -- but then there's times where, you know,

Page 153 Page 155 1 that all changes in those next couple weeks and 1 BY MR. BURDEN: 2 the realized P&L becomes a significant loss and Q In one instance, is that right? 3 then the whole month becomes a loss but you already 3 A That I recall, yes. 4 told them that it was a winner. - 2 A I listened to Comcast recorded phone calls.
- Q What do you mean by that? What's a Comcast 3
- 4 recorded phone call?
- A Comcast is a company that is known 5
- 6 to have very poor customer service, and I would
- 7 listen to their phone calls and see how they would
- 8 interact with people.
- Q Oh, so you mean you would listen
- 10 to calls that people had recorded with Comcast
- 11 customer service?
- 12 A Yes.
- And where did you find these calls? 13
- 14 A YouTube.
- 15 Q And what did you learn from these calls?
- 16 Like --
- 17 A What not to say.
- Q All right. Well, how did you know what 18
- 19 to say?
- 20 A I mean, I would state what I would know
- 21 to be factual if they asked me questions. Yeah,
- 22 I don't know. I mean, I don't recall specifically
- 23 what I said or if I even had a conversation with
- 24 Rob Mixer so ...

Page 162

- 1 Q Well, setting aside the specific
- 2 example of Rob Mixer, when you talked to customers
- 3 that had complained did Mr. Evans say, hey, you
- 4 know, say this or otherwise give you a script
- 5 or instructions?
- A I mean, yeah. I mean, I think the
- 7 purpose of going to the compliance officer is so
- 8 he could tell you how we're going to deal with the
- 9 situation. I would assume at times he gave me like
- 10 guidelines or something of that nature, but I don't
- 11 recall specifically.
- Q Got it. So there was no sort of 12
- playbook on how to deal with a complaining customer.
- 14 It was --
- 15 A No.
- (Whereupon CFTC Exhibit No. 125 was 16

Q All right. Mr. Ruth, do you recognize

3 CFTC Exhibit 125?

- A No.
- 5 Q All right. So jruth@longleaftrading.com
- 6 was your email address, correct?
- A Yes.
- 8 Q All right. So who's Steve Beranek,
- do you know? 9
- A Steve Beranek was a customer of mine. 10
- 11 Q All right. So it looks like he's
- 12 sending you an email on October 29, 2016, and I'm
- 13 looking at the middle of Exhibit 125. Do you see
- 14 that?
- 15 A Yep.
- 16 Q All right. So Mr. Beranek writes,
- 17 "Your firm's business model is very impressive.
- 18 It looks like the commissions and fees for the
- 19 year will surpass my entire \$20K in investments, and
- 20 I have only lost about 20 percent of my investment.
- 21 At this rate in ten years my account balance will
- 22 be zero and your firm will have made 200K. Steve."
- 23 Do you remember receiving this email?
- 24 A Now that I see it, yeah.

- Q Okay. So if you look at the next email 1 2 up, it looks like you forward this to Mr. Evans on
- January 29, 2017, is that right?
- 4 That's what it says, yep.
- Q Do you remember doing that? 5
- 6 I don't recall.
- 7 Q So what's written in the body of that
- email is, "I just got a good laugh reading this
- again." Did you write that?
- That's what it appears, that I did, yeah. 10
- 11 Q But do you remember writing it?
- 12 Α
- 13 Q So, I'm sorry. I want to go back,
- 14 if I could, please, for one more quick question.
- 15 You can just pull it off the top of the pile, if you
- 16 would.
- 17 Α Are we done with this one?
- 18 Yeah, you can put that one aside.
- 19 Α I want to talk about this one now.
- 20 You do? Q
- 21 Α I'm still getting a good laugh today.

Because he's addressing the email to 17 Q Did Mr. Beranek continue to trade at Long 18 me and he has an account number in his -- on the 18 19 Leaf Trading --19 attachment. A I believe so. 20 20 Q All right. So in Exhibit 126 it Q -- after this email? 21 21 appears to reflect Mr. Hermanson writing to you A That's the other thing I find -- yeah, 22 in June of 2017. And he says, "Jeremy," and there's 22 23 that's why I'm laughing. 23 some weird little symbol that I think is a glitch, Q Did he continue to lose money? 24 24 "The reality of all this is finally hitting me as Page 166 Page 168 1 A I'm not -- I don't know. 1 you've managed to take 13K and turn it into 5K. 2 2 I could have done that bad all by myself." Q All right. So if you could put that 3 one aside. 3 MR. MAY: Actually, I'm going to take issue with some of -- I think you're making 4 A All right. 4 corrections for some of the errors that are 5 Q So I thought that one was funny too. 5 6 6 on the document. 7 Q Let's take a look at 124, if we could, 7 MR. BURDEN: So is that an objection, 8 please. 8 Mr. May? 9 9 A Sure. MR. MAY: It's an observation. 10 Q Are you back on that? 10 MR. BURDEN: All right. I'm going to 11 A Yeah. 11 continue then. Q There we go. All right. So I want 12 12 MR. MAY: Well, we're going to make 13 to focus back in on this email from Rob Mixer 13 this part of the exhibit and part of the 14 to jruth@longleaftrading.com. In this middle 14 record, yes? MR. BURDEN: It is part of the record, 15 paragraph in the last sentence Mr. Mixer appears 15 16 to write, "Even if you met the targeted 20 percent 16 correct --17 return per year that we initially discussed, it 17 MR. MAY: Wonderful. 18 will be two plus years to recover." MR. BURDEN: -- though you will not 18 Did you tell Mr. Mixer that he 19 19 have access to the record. 20 could expect a return of 20 percent per year? 20 MR. MAY: Unless --21 A No. 21 MR. 1 I just wanted him to hear that.

2 BY MR. BURDEN:

- 3 Q All right. So the email notes for
- 4 Mr. Hermanson, "I also noted that of the last four
- 5 positions you placed me in, I was not consulted.
- 6 You just did it. That said, can you see that
- 7 what is left here is sent back to Midland."
- 8 Is Mr. Hermanson correct here that
- 9 his account went from 13K to 5K?
- 10 A No clue. I don't recall.
- 11 Q All right. Did you follow up with
- 12 Mr. Hermanson about this email?
- 13 A I don't recall, but I would assume so
- 14 because you have to close down an account so ...
- 15 Q All right. Well, do you recall any
- 16 subsequent discussions or emails with Mr. Hermanson?
- 17 A No.
- 18 Q All right. So Mr. Hermanson complains
- 19 here that he was not consulted with respect to
- 20 four positions that he writes that he was placed
- 21 in. Do you know if that's correct? Was he put into
- 22 positions that he didn't provide consent for?
- 23 A I'm going to let you in on a little
- 24 secret. Every single time somebody loses money

Page 169 1 MR. MAY: Statement?

2 THE WITNESS: Yeah.

3 A So, no, he didn't go to 5K. He went to

4 \$5,189.72.

5 (Whereupon CFTC Exhibit No. 127 was

Page 171

6 marked for identification, MM.)

7 Q All right. Mr. Ruth, I want to provide you

8 with a document that I've marked CFTC Exhibit 127.

9 Please look at it and tell me when you've looked at

10 it. I'll ask you some questions about it.

11 MR. MAY: Ready?

12 THE WITNESS: Yes.

13 BY MR. BURDEN:

14 Q All right. Mr. Ruth, do you recognize the

15 document marked as CFTC Exhibit 127?

16 A No.

17 Q All right. Do you know who Kurt Pfost is?

18 A After reading the document, yes.

19 Q Who is he?

20 A He is an original customer of Long Leaf

21 who then eventually became my customer, I believe.

22 Q And when did Mr. Pfost become your

23 customer, please.

24 A According to the document, Monday,

Page 170

1 and there's a broker involved they start saying

2 and making up things. Every single time. I'm sure

- 3 you've figured that out by now, right?
- 4 Q I don't answer questions here.
- 5 A No, of course I wouldn't do it, but
- 6 I could see why you would think that. But in
- 7 my experiences being a commodity broker, when it
- 8 comes to the point where you're going to part ways
- 9 it always starts off with you promised me a return
- 10 of X amount of dollars, this, this and that, and
- 11 they totally, you know, misconstrue everything
- 12 that happened. So the answer is no, he wouldn't
- 13 be consulted -- of course he's consulted, but yeah.
- 14 Q Do you specifically remember consulting
- 15 Mr. Hermanson about the positions for June, May,
- 16 April and March of 2017?
- 17 A I can't specifically recall.
- 18 Q Would there be any written record
- 19 of Mr. Hermanson providing his consent for those 20 positions?
- 21 A Can't -- I don't recall how it was done.
- 22 Q You can put that one aside, if you would, 23 please.
- 24 A Oh, I didn't realize you provided the --

1 April 3, 2017.

- 2 Q Why do you say that?
- 3 A Because that's what the document says.
- 4 Q So I'm afraid I didn't see that. Where
- 5 are you seeing that, please.
- 6 A On the third page effective today,
- 7 Monday, April 3, 2017, I wish to rescind my letter
- 8 of direction for futures trading. Let it be known
- 9 I wish to move into a broker style assisted service
- 10 and work with broker Jeremy Ruth of Long Leaf
- 11 Trading Group, Incorporated. You didn't read that?
- 12 It's right there.
- 13 Q I see that. That's good. So this
- 14 letter of direction, what did this give you the
- 15 ability to do?
- 16 A It isn't a letter of direction.
- 17 It is the rescinding of a letter of direction
- 18 that he had previously with a broker at the firm.
- 19 Q I see. And was that with Mr. Evans or
- 20 do you not know?
- 21 A I don't -- it could be Mr. Evans or Tony
- 22 Klancic or both.
- 23 Q Let's put that one aside, please.
- 24 A I never had any letter of direction

Page 173 Page 175 1 accounts. 1 BY MR. BURDEN: 2 (Whereupon CFTC Exhibit No. 128 was 2 Q All right. Mr. Ruth, do you recognize 3 marked for identification, MM.) 3 Exhibit 129? Q All right. I want to hand you what 4 A No. 4 5 I've marked as CFTC Exhibit 128. Again, take 5 Q All right. Who is Dan Snyder? a look at it, please, and let me know when you've It appears he is a client of mine. 6 6 Why do you think that? looked at it. 7 O 7 8 MR. MAY: Ready. 8 Because he is writing an email to me THE WITNESS: One second. 9 talking about his account performance. 9 Q All right. And what's he saying about 10 BY MR. BURDEN: 11 his account performance? Q Ready to go? 11 A It says, "Based on the recent account 12 A Yeah. 12 13 statements, the balance has reduced from 25099 to 13 Q So, Mr. Ruth, do you recognize CFTC 14 Exhibit 128? 14 19131, a 24 percent reduction in three months." Q Do you know if what Mr. Snyder is writing 15 A No. Q Who's Shane Allen? 16 there is correct? Did he lose 24 percent of his 16 17 A Shane Allen was a customer of mine. 17 account in three months? Q All right. Do you see in Exhibit 128 A I have no clue. 18 18 19 it reflects an email from Shane Allen --19 Q All right. So if you look at the A Well, correction. Shane Allen was 20 last sentence of -- I guess the first paragraph 20 21 a customer of Tony Klancic. After Tony Klancic 21 of Mr. Snyder's email to you he says, "When we 22 left, he became a customer of mine. 22 have gains, they are not maximum gains. Yet every 23 Q Got it. And when did Tony Klancic leave, 23 loss has been a maximum loss. I am afraid I don't 24 please. 24 see the value in your option selection process." Page 174 Page 176 A I don't know. But my point is I wasn't Do you know if that's right for 1 1 2 involved in the solicitation of him. 2 Mr. Snyder, for Mr. Snyder's trading at Long Leaf? Q All right. So let's stay on Exhibit 128, 3 Was every loss a maximum loss? 4 if we could, please. So Mr. Allen writes to you A I would not recall that. 5 in May of 2017, "This is a written notification to Q For your clients at Long Leaf Trading 6 cancel all future orders based on performance over 6 generally is this true? Were the maximum losses 7 the past year and a half," and then he requests 7 realized and the gains sort of much less than the 8 termination of his account. Do you recall receiving 8 maximum gains? 9 this email? 9 A I don't know. 10 A No. 10 Q All right. So it looks here like you're 11 Q Do you know how Mr. Allen's account 11 responding to Mr. Snyder. You write, "My apologies. 12 did at Long Leaf Trading? 12 I didn't realize you were waiting on comments from A No clue. 13 me. I'll call you on Monday to discuss." Did you 13 14 Q All right. Let's put that one aside, 14 write that? 15 please. 15 A I don't know. A (Witness complies). Q Do you recall having any discussions 16 16 (Whereupon CFTC Exhibit No. 129 was 17 with Mr. Snyder about his account? 17 marked for identification, MM.) 18 18 A No. Q All right. I want to hand you what Q All right. So --19 19 20 I've marked as CFTC Exhibit 129. Look it over, 20 A I don't even remember who that guy is. 21 please, and let me know when you're ready. 21 Q I'm sorry? MR. MAY: Ready? 22 22 A I don't even remember who he is. THE WITNESS: Yes. 23 23 Q All right. So --24 24 Like generally I could tell you

Page 177 1 something about each client, but I've got nothing 1 of that nature. 2 on that one. 2 Q Why do you think that? 3 (Whereupon CFTC Exhibit No. 130 was A Because the fact that he was calling --3 marked for identification, MM.) 4 if I remember correctly, he was calling -- if you 4 5 Q Okay. Well, let me hand you what 5 go back to Exhibit 120, I think he was calling like 6 that phone number (indicating), which is Gain 6 I've marked as CFTC Exhibit 130. And look at it, 7 please, and tell me when you're ready to talk about 7 Capital, trying to find Jeremy Ruth. 8 it. Q So why do you think -- I'm not 9 A All right. 9 disagreeing with you, but why do you think he 10 was doing that? MR. BURDEN: Shall we proceed? 10 MR. MAY: Sure. A I think the guy's older and he's not 11 11 12 BY MR. BURDEN: 12 technologically savvy. Q But did anybody tell you that? Did you 13 Q Yeah, all right. Mr. Ruth, do you 14 recognizeCFTC Exhibit 130? 14 come to find that out --A Nope. A Yeah, through this email, yeah. 15 15 Q Okay. So where does the email say that? 16 Q All right. Who is David Thibert? 16 17 A I'm going to assume he's a client of mine. 17 A Well, once I got on the phone with 18 him I'm like, hey, I haven't -- I haven't received 18 Q Why do you think that? A Because he is using Gain Capital support 19 19 a call from you. I got this email. What's going 20 on. 20 to try to contact me. Q All right. And did you ever get in touch 21 21 Q But is that a discussion you had with 22 with Mr. Thibert? 22 Mr. Thibert? 23 A I don't remember the exact, specific A I would assume so. 23 24 thing, what I said or whatever, but I know that 24 So why do you think that? Page 178 1 that was the nature of what the issue was. A Because I don't avoid anybody's phone 2 Q Got it. So you remember calling 2 calls and I work more hours than anybody in the 3 Mr. Thibert --3 industry. 4 Q So, yeah, so that's my question right A Yeah, this isn't an instance of me 5 like avoiding somebody's phone call or anything. 5 there. So if you look at the first email in the 6 chain in Exhibit 130, it reflects a message from Q Got it. So your testimony is you 7 GFSupport@gaincapital, and it looks like they're 7 received this email and you did get in touch with 8 Mr. Thibert --8 forwarding an email from Mr. Thibert. Is that what A Yes. 9 you understand that to mean? 9 10 Q -- correct? 10 A Yeah. Q And Mr. Thibert writes, "I want my A I never -- and my testimony also 11 12 is is that I never avoided his phone call in the 12 funds frozen until I can contact Mr. Ruth. He 13 seems to be avoiding me. Do not trade any more 13 first place. 14 options until they are discussed with me." And it Got it. And you learned from Mr. Thibert 15 that he was calling the wrong number? 15 looks like ultimately this gets sent to Mr. Evans, Yes, or something of that nature. 16 who forwards it to you, is that correct? 16 That's your recollection? 17 Q 17 A Yeah. Q All right. So did you talk to Mr. Evans 18 Α Yes. 18 All right. Let's put that one aside. 19 about this at all? 19 Q 20 (Witness complies). 20 A I would assume so. Q Well, do you remember talking to Mr. Evans 21 (Whereupon CFTC Exhibit No. 131 was 21

22

23

A I mean, not specifically. But I think this

24 guy was calling the wrong phone number or something

22 about it?

marked for identification, MM.)

Q All right. I want to hand you what

24 I've marked as CFTC Exhibit 131. Take a look at

Page 179

Page 181 Page 183 1 it, please, and indicate for me when you have Q Did you represent that to any other 1 2 customers of Long Leaf Trading? 2 reviewed it. A Nope. 3 MR. MAY: Are you ready? 3 THE WITNESS: Yes. 4 Q All right. 4 5 BY MR. BURDEN: 5 MR. MAY: Can I ask him one question? Q All right. Mr. Ruth, do you recognize 6 MR. BURDEN: You know, if you want to, 6 CFTC Exhibit 131? 7 I don't mind. We usually provide opportunity 7 8 A No. 8 at the end. Q Who's Suzanne Clemons? 9 9 MR. MAY: At the end, yeah. It's really A I don't know exactly. I don't recall. 10 just one question. 10 Q All right. Was Ms. Clemons a customer 11 MR. BURDEN: Sure, go right ahead. 11 MR. MAY: Yeah. Directing your 12 of yours? 12 A To be honest with you, I don't know 13 attention to Exhibit 131, do you see an 14 if I have the right person, but there's one -email that indicates that you sent an email 14 15 either she is but we never did any trades on or about June 29, 2017 at 3:39 p.m.? 15 16 together or -- or, sorry, maybe she was like THE WITNESS: Yeah, I see that. 16 MR. MAY: Could you tell me from looking 17 a client of somebody else's that was given to me. 17 18 I don't know if we did any trades. There's one at Exhibit 131 who the email was sent to in the 18 19 that's like that. 19 middle of the page? Q Is that Suzanne Clemons? 20 THE WITNESS: No one. 20 A I can't remember. I mean, I only had 21 MR. MAY: Why do you say that? 21 22 like a few females. So I think -- I don't know. 22 THE WITNESS: Because it doesn't have 23 I don't know if it's her but ... 23 anybody on the To line. Q Okay. Well, let's take a look at 131 24 MR. MAY: So you couldn't tell looking 24 Page 182 Page 184 at Exhibit 131 who the recipient of that 1 anyway. 1 2 A Yeah. 2 email is? 3 Q So the email reflects -- or Exhibit 131 3 THE WITNESS: Correct. MR. MAY: Okay. Thanks for indulging me. 4 reflects an email from a Suzanne Clemons to your 4 5 email address at Long Leaf when you were there. 5 MR. BURDEN: Of course. 6 is that right? 6 A Just going back --7 7 A Yeah. Q Yeah. Q All right. And Ms. Clemons writes, 8 A -- I think the last question you asked 9 "Jeremy, please close out all positions by 9 me, can you repeat that? 10 August 11th and return funds to me on or before 10 MR. BURDEN: Mary, if you would, please. 11 August 18th. I am very disappointed in your claims 11 (Whereupon the portion of the record 12 to generate positive returns." Do you recall any was read as requested.) 12 13 discussions with Ms. Clemons? A Yeah. I'd like the record to reflect 13 14 A No. 14 that my answer to the last question is I don't Q All right. So do you know if you 15 recall. 15 16 followed up with Ms. Clemons from this email? 16 (Whereupon CFTC Exhibit No. 132 A I would assume so. 17 was marked for identification, MM.) 17 Q Okay. Let me hand you what I've marked Q Do you have any recollection of following 18 18 19 up with Ms. Clemons? 19 as CFTC Exhibit 132. Take a look at Exhibit 132, 20 A No. please, and tell me when you've looked at it. MR. MAY: Ready? 21 Q All right. Did you represent 21 22 to Ms. Clemons that Long Leaf Trading generated THE WITNESS: Yes. 22 23 positive returns for customers? 23 BY MR. BURDEN: 24 A Nope. 24 Q All right. Mr. Ruth, do you recognize

1 CFTC Exhibit 132?

- 2 A Nope.
- 3 Q All right. Do you know who Karl Reimer is?
- 4 A Yes.
- 5 Q Who's that, please.
- 6 A He was originally a customer of Vince
- 7 Prieto's, and then after Vince Prieto left he became
- 8 a customer of mine.
- 9 Q All right. When did he become a customer
- 10 of yours, please.
- 11 A I don't know the exact date.
- 12 Q All right. So Exhibit 132 appears
- 13 to reflect an email from Mr. Reimer to you dated
- 14 August 28, 2017.
- 15 A I didn't work at Long Leaf Trading
- 16 Group then.
- 17 Q In August 28th of 2017?
- 18 A Correct.
- 19 Q Yeah. So it looks from the email like
- 20 jruth@longleaftrading.com forwarded this to --
- 21 A Yeah, Tim Evans forwarded it to James
- 22 Leeney after I left.
- 23 Q Got it. So you can put that one aside,
- 24 please.

Page 186

- 1 A Which means that Tim Evans has access
- 2 to my email account and sends things on my behalf.
- 3 Q Did Mr. Evans ever do that while you
- 4 were at Long Leaf?
- 5 A Yes.
- 6 Q When?
- 7 A I don't know specifically but --
- 8 Q Well, can you think of any instances
- 9 of Mr. Evans sending things under your --
- 10 A Not false --
- 11 Q You've got to let me finish.
- 12 MR. MAY: Yeah, because you can't answer
- 13 his question --
- 14 THE WITNESS: I'm sorry, I'm sorry,
- 15 I'm sorry.
- 16 MR. MAY: -- if you don't know the
- 17 question.
- 18 BY MR. BURDEN:
- 19 Q While you were at Long Leaf Trading
- 20 did Mr. Evans send emails from your email address?
- 21 A I have reason to believe, yes.
- 22 Q Why do you think that?
- 23 A Because I've seen emails that are being
- 24 sent that I didn't send.

Page 185

1 Q All right. And when did you see those

- 2 emails, please.
- 3 A Throughout my tenure at Long Leaf Trading 4 Group.
- 5 Q Okay. Can you give me an example of
- 6 some of them?
- 7 A I don't -- haven't thought about it or
- 8 looked at them in years.
- 9 Q Well, did you ever talk to --
- 10 A Actually, I can give you an example.
- 11 Right here (indicating).
- 12 Q Yeah. So what email are you holding
- 13 up there, Mr. Ruth? What exhibit was that, please.
- 14 A Exhibit 132.
- 15 Q All right. So you testified that that
- 16 was after you had left, right?
- 17 A Yes, I left the Friday before.
- 18 Q All right. So what I'm interested
- 19 in is learning about emails that Mr. Evans may
- 20 have sent --

22

- 21 A Like I said, I don't recall.
 - MR. MAY: Okay. Let him finish asking
- 23 the question to make sure that you actually
- 24 don't recall, okay?

Page 188

- 1 THE WITNESS: Okay.
 - 2 BY MR. BURDEN:
 - 3 Q All right. So, Mr. Ruth, did
 - 4 Mr. Evans send emails from your address while
 - 5 you were at Long Leaf Trading?
 - 6 A I have reason to believe that he did.
 - 7 Q Why do you think that?
 - 8 A Because he did it after I left, and
 - 9 I have seen emails that have been generated from
 - 10 my account that I don't recall sending.
 - 11 Q When did you see those emails?
 - 12 A Some of them today. Some of them two,
 - 13 three years ago.
 - 14 Q All right. Well, what emails did
 - 15 you see today that you don't think you wrote?
 - 16 A The reason why I don't think I wrote
 - 17 them is because I don't recall them. This one.
 - 18 Q And what exhibit is that, please, Mr. Ruth.
 - 19 A 119.
 - 20 Q Very good.
 - 21 A This one I don't recall writing.
 - 22 Q And what exhibit is that, please.
 - 23 A 122. That's -- those are the ones
 - 24 I have seen today that I don't recall sending.

Page 189

1 Q Okay. So you don't recall sending

2 them, but why do you think that Mr. Evans sent

- 3 them, if that's what you think?
- 4 A My gut. That's it.
- 5 Q Sorry?
- 6 A My gut tells me that he did.
- 7 Q But why do you think that? What's your
- 8 basis for saying that?
- 9 A I feel like I've already answered that 10 question.
- 11 Q Well, indulge me and do it again
- 12 because I'm not sure why you think Mr. Evans
- 13 sent those two emails other than the fact that you
- 14 don't remember sending them. I'm not disagreeing 14
- 15 with you. I just want to know why you think
- 16 Mr. Evans sent them.
- 17 A Because I don't recall sending them.
- 18 He has access to my email. He's the only one
- 19 that has access to my email that I know of besides
- 20 myself, and I have information that shows that he
- 21 sent emails from my account. So one reasonable
- 22 person would believe that that is a possibility.
- 23 Q Do you have any other reasons to believe 24 that that's a possibility?

Page 190

- 1 A I think that's more than a reasonable
- 2 reason to believe.
- 3 Q I'm not disagreeing with you, but I want
- 4 to know are there other reasons?
- 5 A Not that I can think of at this time.
- 6 Q Did you ever confront Mr. Evans at
- 7 any time about writing emails, you know, from your
- 8 email address or on your behalf?
- 9 A Not that I recall.
- 10 Q All right. So if I wanted to find
- 11 like a written record of that or you emailing
- 12 Mr. Evans and saying don't do this anymore, would 12
- 13 I find anything like that?
- 14 A I don't -- possibly. I don't know.
- 15 Q Do you recall sending any emails
- 16 to Mr. Evans about suspicions you had that he was 16
- 17 sending emails on your behalf?
- 18 A No. I probably wouldn't have
- 19 a conversation like that over email.
- 20 Q How would you have that type of
- 21 conversation?
- 22 A In person.
- 23 Q Do you recall any such conversations?
- 24 A Not -- I don't recall.

MR. BURDEN: All right. I'll tell

2 you what. Do you guys want to take a little

3 break?

MR. MAY: Yeah.

MR. BURDEN: Okay.

MR. MAY: Just wondering if this is the opportunity for me to go back to my office and

8 get my notebook or not.

9 MR. BURDEN: Oh, man. How long do you

10 think that'll take?

MR. MAY: Round trip, ten minutes.

MR. BURDEN: Yeah, go ahead. That's fine -- or, I mean, you can have somebody bring it over.

MR. MAY: Well, I don't know how clean or messy my office really is.

MR. BURDEN: All right. Go, go, go.

18 I'll see you guys in ten minutes.

(Whereupon a recess was taken from

3:30 p.m., to 3:55 p.m., after whichthe following proceedings were had:)

22 Q All right. Mr. Ruth, are you aware

23 that your outgoing calls at Long Leaf Trading were

24 recorded by their CRM?

Page 192

- 1 A No.
 - 2 Q You didn't know that?
 - 3 A I don't think all of them were recorded.
 - 4 Q Yeah. I think it's just the outgoing
 - 5 sort of sales calls to customers when you dial
 - 6 electronically, is that right?
 - 7 A I don't know the exact details,
 - 8 but I know that it's an unreliable system and
 - 9 it's not -- there's not a lot of -- there's less
 - 10 recordings than there are recordings.
 - 11 Q What do you mean by that?
 - 2 A Like if you were to try to find
 - 13 like recordings of clients, you would find more --
 - 14 you'd have more instances of not being able to find
 - 15 the recording than you could find the recording.
 - 6 Q Got it. So why do you think that?
 - 17 A Because it's a poorly designed system.
 - 18 Q Well, like did you ever try to get
 - 19 a customer call and you couldn't find it or --
 - 20 A Yeah, yeah, all the time.
 - 21 Q All right. So you knew the calls were
 - 22 recorded and you could look them up if you wanted
 - 23 to, right?
 - 24 A Correct. But I think the point I'm

Page 193 Page 195 1 trying to make here is is that a majority of the So, Mr. Ruth, is that your voice on the 1 Q 2 calls are not recorded. 2 call? Q Got it. 3 A I believe so. 3 4 A Or they're not library'd or indexed Q All right. So I want to ask you 4 5 or something of that -- stored properly. I don't 5 about this bit we heard you talking about, that 6 you told Mr. Kumpel something to the effect that --6 know what the answer is. A Hold on. Sorry, go ahead. 7 Q Okay. Well, Long Leaf Trading Q What were you going to say? 8 produced the calls that were recorded to us. 8 And so I'm going to show you a couple of them --9 A I don't know that the guy's name is A Okay. 10 Mr. Kumpel. 10 Q Okay. Well, whoever you were talking 11 Q -- not too many, and we'll see how we do. 11 12 MR. BURDEN: All right. I want to show 12 to on the call, it sounds like you're telling this you an audio recording. I'm marking it for the 13 person -- you say something to the effect of it's 13 record as CFTC Exhibit 133. 14 easy to accomplish 12 percent on an annual basis. 14 (Whereupon CFTC Exhibit No. 133 was 15 15 So that's approximately what you said on the call, marked for identification, MM.) 16 correct? 16 A No. 17 MR. BURDEN: So this is an audio file 17 produced by Long Leaf Trading and the name of 18 18 Q What did you say on the call? 19 the file is 07-06-2017 JJKUMPEL 3609415560 (1). 19 A I'm talking about a hypothetical And the date on this call is, according to the 20 situation in which the specific example that's 20 file, is July 6th of 2017. 21 in front of him, the person got a 6 percent return. 21 Q Is that name familiar to you, Kumpel? 22 And then like I'm showing him through another visual 22 23 that if you were to add another contract, it's 23 MR. MAY: What was the name of the 24 scaleable so it would move him to a 12 percent 24 exhibit again? Page 194 Page 196 MR. BURDEN: 133. 1 return, but I'm not referring to him. I'm referring 1 2 2 to a hypothetical situation. A Is what familiar with me? 3 Q The name Kumpel, K-u-m-p-e-l. Q Got it. So were there any customers 4 of yours at Long Leaf that obtained a 6 percent 4 A No. 5 Q All right. So let's listen to some of 5 annual return? 6 this call, if we could. 6 A Couldn't tell you. 7 MR. MAY: Is this the entire call? 7 Q Any customers of yours at Long Leaf that 8 MR. BURDEN: No, I'm going to be playing 8 obtained a 12 percent annual return? 9 excerpts from the call. A I don't -- I mean, not only could 10 MR. MAY: Okay. 10 I not tell you, but I don't understand how that's MR. BURDEN: The entire call is 103 minutes 11 applicable to the situation. I think you're 11 long. Bear with me and we'll see if I can get 12 misunderstanding what I just said in that statement 12 this to work. It does not always work on the 13 that it's a hypothetical situation that has nothing 13 first try. All right. So I want to start us 14 14 to do with them. Q No, I understand. off in Exhibit 133 at 43 minutes and 52 seconds. 15 15 THE WITNESS: Do we know the first name Then why would you ask that question? 16 16 I don't answer your questions about 17 of this person? 17 MR. BURDEN: I don't off the top of my 18 my questions, Mr. Ruth. I ask you questions and 18 19 you answer them. 19 head, no. 20 MR. MAY: The file is J-J-K-U-M-P-E-L, 20 MR. MAY: I could come up with a theory, 21 so my hypothesis is it starts with a J. 21 but I'd rather not. 22 (Whereupon the audio was played.) 22 MR. BURDEN: Not unless you want to MR. BURDEN: All right. So I'm going testify. All right. So I want to restart 23 23 24 to stop it there at 46 minutes and 31 seconds. 24 Exhibit 133. And let's start it, if we could,

Page 197 at 50 minutes and 37 seconds. So here we go. 1 2 (Whereupon the audio was played.) 3 MR. BURDEN: All right. So I'm going 4 to stop it there at 55:23.

5 Q And there's two statements I want to 6 focus in on, Mr. Ruth. So the first is I think 7 we heard you say a couple times in there that --8 something to the effect of we're very good at what

9 we do or we're successful. Did you say that on the 10 call?

I don't know. It was a long segment there. 11 Α 12 I don't necessarily recall.

Q All right. So I think we can play

14 it back if you wanted to. Would you like me to?

15 A No.

16 Q All right. So you remember telling 17 this person that --

18 A No.

19 Q -- from listening to the call --

20 MR. MAY: Okay. You can't answer his question before he's done asking it, okay? 21 22

MR. BURDEN: So thanks.

23 Q So, Mr. Ruth, what basis do you have 24 for telling this customer that Long Leaf Trading 1 done too.

2 MR. BURDEN: Oh, all right. Well, that's 3 okay. I'm not mad about it.

4 Q So, Mr. Ruth, was Long Leaf Trading

5 successful for customers? Were they good at what 6 they did?

Page 199

A Long Leaf Trading had moments of 7

8 success. Just like a baseball player, a baseball

player goes up 500 times a season and they get

10 three -- you know, one-third of the time they get

11 a hit or less. That's how we are.

12 Q All right. Was Long Leaf Trading --

MR. MAY: Are you saying --

A I'm saying --14

13

16

MR. MAY: -- one out of three? 15

A -- the way you define success, which

17 is this -- kind of all day we've been battling

18 over it is you look at the end result, okay? I

19 don't look at the end result. I look at it as did

20 I have a successful trade -- or I should say did Tim

21 Evans have a successful trade. And if the answer

22 is yes, then I consider that a success. So if you

23 were to ask me like -- I know what you're getting

24 at here, is am I representing to this guy that we

Page 198

1 is successful or good at what we do?

A I think you misconstrued what I just 2

3 said on that phone call.

4 Q Okay. Well, set me straight.

A I'm telling him that basically if 5

6 I were to cherry -- I could make this compelling

7 case that I am very good at what I do because I 8 could cherry pick which trades I want to share with

9 him and share those trades and be like, oh, I've

10 got a winning trade. The point I'm trying to make

11 is is that I don't want you to sign up for this

12 program because of that because it's not going to

13 be indicative of what is going to actually happen

14 in your account.

Q Was Long Leaf Trading successful? 15

16 Was Long Leaf Trading --

Long Leaf Trading --17

You've got to wait until I finish, 18

19 remember? Remember my tip. It's good to take

20 a breath when I finish the question.

21 MR. MAY: There was a little pause.

22 MR. BURDEN: I'm sorry?

23 MR. MAY: There was a little bit of

24 a pause in your question. I thought you were 1 do have moments of success. Yes, we do have moments

2 of success. Am I representing to him that every

3 single client that we take on has a winning account?

4 No, I'm not saying that, nor would I say that.

5 BY MR. BURDEN:

Q Right. But we heard you say on

7 the call that Long Leaf Trading had success for

8 clients --

10 Q -- and we've also heard you say on

11 the call that Long Leaf Trading is very good at

12 what they do.

13 A Yeah.

14 And I guess what I'm asking is, is that Q

15 true?

16 Α Yes.

17 Q All right. What's your basis for saying

18 that?

19 Going back to Exhibit 123, that's better

20 than you can do it.

21 Q And Exhibit 123 reflects 50 percent winners

22 and 50 percent losers, correct?

23 I don't know if that's accurate, but sure.

24 Well, you're the one that --

Page 201 Page 203 1 MR. MAY: You can't agree with it if you 1 question. 2 2 don't know if it's accurate. Q All right. 3 3 A Sure, yes. A But, no, I did not say that, nor does 4 BY MR. BURDEN: 4 that recording say that. Q All right. Well, I'll tell you what. 5 5 MR. BURDEN: All right. I'll tell 6 We heard you say on the call as well that over you what. Let's keep listening. I'm going 6 7 the course of 48 trades, Long Leaf Trading is to start this at 1:09:44, and hopefully it 7 8 going to be profitable for the customer. That's 8 won't go on for too long. 9 substantially what you said, correct? 9 MR. MAY: 1:09:44? A I'm sorry. What? 10 MR. BURDEN: You got it. Q What you said on the call to this 11 THE WITNESS: I thought it was 105 minutes. 11 12 customer, prospective customer is that over the MR. MAY: I thought it was 103 minutes. 12 13 course of 48 trades you'll get your specifically 13 MR. BURDEN: Oh, it's 143 minutes 14 targeted return. and 28 seconds. I was looking at the wrong 14 A That's not what I said. 15 15 thing. Q What did you say? 16 MR. MAY: 143 minutes and 28 seconds? 16 17 A I said that -- I don't think we even 17 MR. BURDEN: Yes, these are long calls. 18 listened to that portion. All right. So I'm starting this at 1:09:44. 18 19 Q Sure, we did. Do you want me to play it 19 (Whereupon the audio was played.) 20 back again? 20 MR. BURDEN: So I want to stop it there A Sure. 21 21 at 1:12:17. 22 Q All right. 22 Q I let it go on for a bit long. I 23 MR. MAY: Could you tell us when 23 didn't write down where it started, like I should you're starting and when you're ending? 24 have done, but it's the bit at the end I want to 24 Page 202 Page 204 1 MR. BURDEN: What do you mean? 1 talk about. 2 MR. MAY: In the tape. You said it's A I'd love to talk about it. 3 103 minutes long. Q So, Mr. Ruth, at the end of this it 4 MR. BURDEN: Yeah, I have been and will --4 sounds like you're saying something to the effect 5 MR. MAY: I know, yeah. 5 that if you do what we need to do, then 76.5 percent 6 MR. BURDEN: -- continue to do so. 6 of the time you'll get your targeted return. 7 MR. MAY: Okay. 7 Did I get that right? 8 MR. BURDEN: All right. So I'm going to A No, that's incorrect. That's not what 8 9 start this at 54:22. 9 it says. 10 (Whereupon the audio was played.) 10 Q All right. So what did you say? MR. BURDEN: All right. So that's 11 11 A I said that in the event that where I want to stop it to revisit the piece 12 12 76.5 percent of options expire worthless and we I'm talking about. So I just stopped it at 13 13 stay consistent with the amount of premium that 14 55:06. 14 comes in and then obviously the amount of premium Q So it sounds like you're saying on the 15 15 that comes out, like meaning we're not changing 16 call, Mr. Ruth, that over the course of 48 trades, 16 up the risk tolerance and things of that nature 17 we're going to be profitable. Am I getting that 17 and 76.5 percent of the options expire worthless, 18 right --18 I'm very confident that we would hit your 19 A Nope. 19 specifically targeted return. Q -- or what are you saying there? 20 Q Got it. So how many of your customers 20 21 A You're -- that question you're asking, 21 achieved their specifically targeted return over 22 you're asking it based off a different part of that 22 the course of their own investment with Long Leaf? 23 phone call, which is not the recording that you're 23 A Again, I look at things on a monthly 24 providing right now. So I can't answer your 24 basis. So you can't -- I don't know. I don't have

Page 205 Page 207 1 I'd be tremendously grateful for your help. 1 that information. 2 2 Q Okay. So I think we heard you say Are you familiar with Nexidia? 3 MR. MAY: I don't have to answer questions 3 there that -- something to the effect that you are 4 4 confident that, and I'm paraphrasing here, over time either. 5 you would achieve the client's specifically targeted 5 MR. BURDEN: Very good. All right. 6 THE WITNESS: Got him. 6 return. Did I get --A That's not at all what that said. 7 MR. BURDEN: So 1:17:36 is where we 7 Q All right. So what did you say? 8 started and where we finished was 1:18:35. 8 9 Q All right. So now that we've got that A Again, I said that in the event 9 10 straight. So, Mr. Ruth, we heard you talk on this 10 that 76.5 percent of options expire worthless 11 call I think and say to this client something to 11 and we don't change anything in terms of the number 12 the effect that if our clients weren't making money, 12 of contracts we're doing or the premium, the risk 13 we wouldn't be in business, is that right? Did you 13 to reward, I'm very confident that we would hit 14 say that? 14 your specifically targeted return. A I don't think so. 15 Q So my question then is what is the 15 16 basis for that confidence? Like why did you tell 16 Q All right. Do you want to listen 17 this guy --17 to it again or do you want to kind of correct me and tell me what you did say? A Because if you win 75 percent of 18 19 your trades and the amount of premium that you 19 A I don't have -- sure, let's listen 20 collect is constant, then you would have a profit --20 to it again. 21 21 you would be profitable. MR. BURDEN: All right. So I'm going Q All right. Did that happen for 22 to start at 1:17:36. 22 23 (Whereupon the audio was played.) 23 any of your clients while you were at Long Leaf? 24 MR. BURDEN: And then I stopped it again A It did at times, yes. 24 Page 206 Page 208 Q All right. For whom? 1 1 at 1:18:35. 2 A I don't know. I don't know specifically. 2 Q All right. So, Mr. Ruth, it sounds 3 Q And did that hold true over the life of 3 like you're saying to this person, you know, if their accounts? 4 clients weren't making money, they wouldn't make 5 A I don't -- I don't know specifically. 5 it to Month 11. If they didn't make it to Month 11, 6 MR. BURDEN: All right. So I want to pick 6 or whatever month you said on the call, Long Leaf 7 up Exhibit 133 at 1:17:36. 7 Trading wouldn't be in business. So have I got that 8 (Whereupon the audio was played.) basically right? 8 9 MR. BURDEN: All right. So I want to 9 A Yeah, but that's not what you said earlier. stop it there. I'm stopping it at 1:43:28. 10 Q Okay. That's all right. I've got it right 10 11 Q So, Mr. Ruth --11 this time, right? MR. MAY: I'm sorry. 1:43 --12 12 A Yeah. 13 MR. BURDEN: 28. Q Okay. So what's your basis for saying 13 14 MR. MAY: You started at 1:17:36? That 14 that clients at Long Leaf were making money? can't be right. We didn't -- that's like a 15 15 A Again, I analyze things on a monthly minute maybe of playing the conversation. 16 16 basis, so there are some months that they make MR. BURDEN: Oh, very good. Thanks, 17 17 money. There are some months that they don't make guys. All right. So I'm reading the wrong 18 18 money. thing. There's a bunch of numbers up here. 19 19 Q But overall --

20

21

22

23

A I don't look --

MR. MAY: Okay. He didn't finish his

A Like can you get this concept, that

question, so you can't answer it.

24 I don't -- you and I look at this completely

what, if you're familiar with Nexidia,

MR. MAY: Do you want me to come over

MR. BURDEN: Thank you. You know

So we did start --

and help you?

20

21

22

23

1 different?

- 2 BY MR. BURDEN:
- 3 Q Overall -- so rather than say overall,
- 4 isn't it true that during your tenure at Long Leaf
- 5 clients lost more money on more months than they
- 6 made money?
- 7 A I can't say that.
- 8 Q And wouldn't it be fair to say that
- 9 during your tenure at Long Leaf, clients lost more
- 10 money than they made in total?
- 11 A I couldn't speak to that at all. I don't
- 12 know that.
- 13 FURTHER EXAMINATION
- 14 BY MR. PATRICK:
- 15 Q Do you know what you meant when you
- 16 said in the recording that we just listened to
- 17 if we don't get to Month 11, we don't make money?
- 18 Do you remember that?
- 19 A Yeah, we're a business.
- 20 Q Right.
- 21 A That requires money to operate a business,
- 22 and it takes -- we have to make a certain amount of 22
- 23 money on a client in order for our business to be
- 24 profitable.

Page 210

- 1 MS. STREIT: But that's not dependent
- 2 on whether the client is profitable or not,
- 3 is it?
- 4 A Well, yeah, because the client
- 5 isn't -- if a client goes five months in a row
- 6 without winning, they're probably not going to be
- 7 like, yeah, I approve the trades for the next month.
- 8 Do you get what I'm saying? So like let's say you
- 9 go one month. You lose money, okay? It's a bad
- 10 month. It's going to happen. Then the next month
- 11 you make money. You're like all right, well, let's
- 12 go ahead the next month. Then the next month you
- 13 lose money, and then like you keep going like that.
- 14 So the profitability of the account -- that's why
- 15 you guys keep looking at the end result, but you
- 16 have to understand the journey that went through
- 17 there of why somebody would logically stay -- I
- 18 think my average account stays like 13 months. You
- 19 guys probably figured that out. If not, somewhere
- 20 around there. So why -- if everybody loses money,
- 21 why would they stay 13 months when they get to
- 22 approve the trades is what I'm trying to say. And
- 23 if they lost every single month, nobody would do
- 24 that. Plus, they wouldn't even be able to have

Page 209

- 1 the account capital required to be able to do
- 2 these trades if they lost five months in a row.
- 3 So what I'm saying is is that no sane person is
- 4 going to say yes to these four trades when all you
- 5 do is call them and say, hey, Mr. Customer, you lost
- 6 money this month.
- 7 BY MR. PATRICK:
- 8 Q Is there something significant about
- 9 Month 11? Is that like a breakeven point? I'm
- 10 just trying to -- I'm really trying to get at what
- 11 the significance of Month 11 is in that statement,
- 12 if we don't get to Month 11, we don't make money.
 - B A It was represented to me that if
- 14 you take the expenses of Long Leaf Trading Group,
- 15 somewhere -- it costs like \$20,000 a client to
- 16 operate it. And so I look at it as somewhere
- 17 around Month 11 is when we generally generate around
- 18 like \$20,000 in commissions. So that's why Month 11
- 19 is significant.
- 20 FURTHER EXAMINATION
- 21 BY MR. BURDEN:
 - 2 Q So who told you that, Mr. Ruth?
- 23 A Tim Evans.
- 24 MR. MAY: So you didn't pick Month 11

Page 212

- 1 out of a hat?
 - 2 THE WITNESS: No.
 - 3 A And just for the record, to like --
 - 4 I'm not saying that because you bring on a client,
 - 5 you're automatically like 20 grand in the hole.
 - 6 It's like if you factor in like the cost of offices
 - 7 and attorneys and audits and just the cost of doing
 - 8 business for an IB and if you were to divide it by
 - 9 the amount of clients we have, that's where we came
 - 10 up with that number.
 - 11 MR. MAY: Don't forget about phones.
 - 12 You need those.
 - 13 THE WITNESS: Oh, yeah, phones.
 - 14 BY MR. BURDEN:
 - 15 Q Well, I'll tell you what. I want to
 - 16 do one more piece from Exhibit 133, and then we'll
 - 17 move on to another call.
 - 18 MR. BURDEN: So I'm going to restart
 - 19 Exhibit 133 at 1:37:51.
 - 20 (Whereupon the audio was played.)
 - 21 MR. BURDEN: So I want to stop there
 - 22 and we'll restart it. I'm stopping it at
 - 23 1:38:54.
 - 24 Q So I think we heard you telling this

Page 213 Page 215 1 A I think it would help you ask better 1 person on the call that you're very confident you 2 can do well for them, is that right? 2 questions. 3 MR. MAY: They actually control the A Yes. 3 4 record, so I can't tell her to go off the Q All right. So what was the basis for 4 5 that confidence? 5 record. Only they can tell her to go off A I take pride in my job, and I was 6 the record. 6 7 confident about the outlook of Long Leaf Trading 7 A Can I use that dry erase board to show you? 8 Group. 8 BY MR. BURDEN: 9 Q All right. So, you know, it seems 9 Q You can, but I can give you a piece of 10 paper as well. Would that be helpful? 10 here like you have been able to testify, to tell A Sure. us whether your customers made or lost money over 11 12 the life of their accounts, is that right? 12 Q Great. And how about a red marker, 13 will that be helpful? 13 MR. MAY: I'm going to object. That misstates the testimony. 14 A Perfect. 14 MR. BURDEN: Well, I'm asking if that 15 15 MR. MAY: Why don't you answer his questions, and then at the end I'll have is Mr. Ruth's testimony. If it misstates it, 16 16 17 the opportunity to ask you questions. 17 I'm sure he'll correct me. THE WITNESS: I'm confident I'm okay here. 18 18 MR. MAY: Could you read it back to the 19 MR. MAY: I'm confident this is not 19 witness. what we discussed, so you don't have to draw 20 20 (Whereupon the portion of the record him an illustration. was read as requested.) 21 21 22 THE WITNESS: No, I understand. I just 22 THE WITNESS: Could you do it again? 23 23 I'm sorry. want to --24 MR. MAY: And you're not answering his 24 Page 214 Page 216 1 (Whereupon the portion of the record 1 question when you do that. 2 2 was read as requested.) THE WITNESS: I know I'm not answering 3 MR. MAY: She can read it again. I know 3 his question. In my opinion, I'm going to help 4 it's hard to testify all day. 4 him ask better questions. 5 MR. BURDEN: How about I just do a better 5 MR. MAY: Well, I don't know that that's 6 6 job with the question. your job. 7 MR. MAY: I actually like that question 7 MR. BURDEN: I've never been in this really well. I think I want to stick with it, 8 8 situation before. but if you want. 9 9 MR. MAY: Are we on the same page? 10 BY MR. BURDEN: 10 Is there a pending question? Q So, Mr. Ruth, our analysis has shown 11 MR. BURDEN: There is. 11 12 that substantially all Long Leaf Trading customers 12 Q Mr. Ruth, you testified you'd like to 13 lose money. And I keep asking you, you know, do 13 help me ask better questions, right? 14 customers make or lose money overall. And it seems A Yes, and I'm not trying to insult you. 14 15 like you haven't been able to tell me, that you sort 15 Q I am not insulted. I want you to help me. 16 of don't know overall, is that right? 16 A Okay. A Am I allowed to just like go off the Q And you had intimated that you could 17 18 record and explain something to you so I could help 18 make a drawing or a diagram that you think would 19 you here? 19 help me ask questions to get better, more meaningful 20 responses from you, correct? Q You can't go off the record, but you 20 21 can definitely explain stuff. That's why you're 21 A Yes, yes. Q So would you draw me whatever you're going 22 here. 22 A Why can't we go off the record? 23 to draw me, please. 23 We're not going to go off the record. 24 A Okay. Well, I'm going to draw and 24

Page 217 Page 219 1 I'm going to provide a narrative here. So the 1 my frustration. 2 first thing I want to say is I know what you're 2 MR. MAY: Well, I don't know that you're 3 getting at is is that if you know that the account 3 going to -- I think he's got a never-ending 4 performance is that people have lost money, which 4 supply of questions --5 I don't know, but if that's --5 THE WITNESS: Oh, yeah. 6 MR. MAY: That's the premise to his 6 MR. MAY: -- and you're not saving yourself any time by doing this. That's my 7 7 question. 8 A -- the premise, yes, then how can you 8 gut instinct. 9 say to somebody during the solicitation process THE WITNESS: Yeah, but they're just not 9 10 that you are doing well and that you have these 10 getting this concept. 11 great moments and all this kind of stuff. And I'm MR. BURDEN: Mr. Ruth, would you like to 11 12 going to explain to you how that is the case. go off the record and consult with your counsel 12 13 BY MR. BURDEN: and come back or would you like to --13 MR. MAY: Yeah, I think we need a bathroom Q Thank you. 14 14 A Am I kind of on the right page here, 15 15 break. 16 right track? 16 THE WITNESS: Yeah, yeah. Q I think we are absolutely on the same MR. BURDEN: Okay, let's do that. 17 17 18 page, yes. Draw away, please. MR. MAY: Because I don't really know that 18 MR. MAY: I disagree. 19 19 there's a pending question. A All right. So let's say you bring on 20 20 THE WITNESS: Do you think I need to bring 21 a client and he's got \$25,000, okay? 21 this with me? 22 MR. MAY: Are you creating a 22 MR. MAY: No. hypothetical --23 23 MR. BURDEN: There doesn't have to be a THE WITNESS: Yes. 24 24 pending question. He can do whatever he wants Page 220 Page 218 MR. MAY: -- in response to his question? 1 1 in this record. 2 THE WITNESS: Yes. 2 MR. PATRICK: It's just a piece of paper. 3 MR. MAY: I don't know that he wants 3 (Whereupon a recess was taken from 4:37 p.m., to 4:52 p.m., after which 4 a hypothetical. 4 the following proceedings were had:) 5 BY MR. BURDEN: 5 MR. BURDEN: Back on the record, please. Q I'd like a hypothetical. Mr. Ruth, 6 7 please draw me whatever it is you would like to 7 Q Before we broke for you to consult 8 draw me. 8 with your counsel, Mr. Ruth, you were going to 9 MR. MAY: I don't really know that 9 draw me an illustration that you felt would help 10 there's a pending question. So he's not 10 me ask better questions. A I've decided to put the ball back 11 really --11 12 12 in your court and let you ask me questions. I think THE WITNESS: I feel like I can save us like five hours if I just --13 you're more than capable of asking me the right 13 MR. MAY: Well, here's --14 questions. 14 15 THE WITNESS: -- explain this to him 15 MR. BURDEN: All right. So I'll tell you what. I had a couple more questions about 16 one time. 16 MR. MAY: That -- I don't know that the last call that we listened to and I think 17 17 you're actually going to save us five hours. rather than try to remember it, I'll just play 18 18 You get enough attorneys in a room and actually 19 that same bit again. So we're looking at 19 20 you end up using up all the time. 20 Exhibit 133. 21 MR. BURDEN: You guys are already coming 21 MR. MAY: We're listening, yeah. MR. BURDEN: That's right. Very good. 22 back. 22 We're listening to Exhibit 133. I'm starting 23 THE WITNESS: I know, but I'm also 23 24 getting kind of frustrated. I want to alleviate 24 it at 1:37:51.

Page 221 Page 223 (Whereupon the audio was played.) 1 Do you? Does anyone else? 1 2 MR. BURDEN: So let me stop it there 2 MR. BURDEN: Because it's hard to put 3 at 1:39:17. 3 the mouse there. 4 Q So it sounds like you're talking to 4 MR. MAY: Oh, okay. 5 this customer here and you're saying that you're 5 MR. BURDEN: Yeah, I tried to do that. confident you can do well for them, is that right? 6 I'm not skipping that four seconds for any A I don't know if I said that verbatim 7 7 particular reason. 8 but ... 8 MR. MAY: Okay. Q It's definitely not verbatim, but is that 9 9 MR. BURDEN: If I can get it to do that, 10 the gist of it? I will. Yeah, and I can. So we'll start at 10 MR. MAY: The gist --11 11 1:39:21 again. Sorry. 12 A No. I think the gist of it is really 12 (Whereupon the audio was played.) 13 to talk about that there's volatility in the market 13 MR. BURDEN: All right. So I'm stopping 14 and it gives me the ability to do better than the 14 it there at 1:40:19. 15 2:1 risk-reward ratio. 15 Q So, Mr. Ruth, the part I want to talk 16 BY MR. BURDEN: 16 about is where you say to this customer, prospective Q All right. And at the end where you 17 17 customer that you want to show them that they can 18 were talking about exceeding something, what were 18 get a consistent income-generating component to 19 you talking about exceeding there? 19 their portfolio from Time Means Money. Is that 20 A Well, the whole equation is based off of 20 about what you said? Did I get that right? 21 risking \$2 for every dollar in premium collection. A No, no. Not only that, but I don't 21 22 If there's an increase in volatility when you're 22 think that this snippet is reflective of what 23 selling an option, it gives you the ability to 23 you're trying to say. But you would have to listen 24 collect more premium. When you collect more 24 to the whole entire phone call in its entirety Page 222 Page 224 1 premium, you increase the profitability -- the 1 to understand what is going on in that snippet 2 potential profitability of a trade and you decrease 2 that you have. Q Got it, got it. 3 the amount of risk. So essentially when you win, 3 4 if the trade pans out, you could win more and when A But I think, from what I'm gathering 5 you lose, you lose less. 5 from this, is that this guy's an equity options 6 trader or he does equity options, and he is maybe 6 Q Got it. 7 amazed by the premium collection and amount of 7 MR. BURDEN: So let's pick this back up 8 at 1:39:21. 8 risk that you're taking on that we're getting in 9 futures options is I guess what's going on here. 9 (Whereupon the audio was played.) MR. BURDEN: So I want to stop it there 10 But I wouldn't know that unless you went to probably 10 11 at 1:40:19. 11 five minutes into the phone call. Q And the part I want to ask you about Q Got it, got it. So the question I want 12 12 13 is you're talking about showing this customer that 13 to ask you about that, though, the snippet we just 14 using these Time Means Money strategies, though you 14 heard, is did you have any clients who were able 15 don't say that in those words, you can add an 15 to achieve a consistent income-generating component 16 to their portfolio from Long Leaf Trading? 16 income-generating component to their portfolio. A I mean, are you asking this question 17 Did I summarize that accurately? 17 A I wasn't listening that intently to be 18 on its own or are you asking it because we played 18 19 able to say if that's true or not. 19 this? Because, I mean, it's not applicable to that. MR. BURDEN: All right. Well, I'll 20 Q Well, I'll tell you what. Let's pretend 20 tell you what. Let's listen to it again. 21 we didn't listen to the call --21 22 MR. MAY: Can you go back to 39:17, 22 A Okay. which is where we left off before? I don't 23 Q -- and I'll ask you were there 23 24 any clients you had that achieved a consistent 24 really see the need to omit four seconds.

- 1 incoming-generating component to their portfolios
- 2 from the Long Leaf trading recommendations?
- A Well, it depends how you define consistent 3
- 4 income-generating component. But I understand that
- 5 as having -- I mean, you're bringing in premium and
- 6 you're selling it using options, so one can make
- 7 the argument that it's consistent income generation.
- 8 Whether it's realized or not I don't think is part
- 9 of that statement so ...
- Q Got it. So I think that's a pretty 10
- 11 significant difference, though, the difference
- 12 between --
- A Right, yeah. 13
- Q Well, let me ask, if you would, please. 14
- 15 A Yeah.
- Q The difference between realized income 16
- 17 and -- what's the best way to describe it, paper
- profits or unrealized gains and --
- A Cash balance. 19
- 20 Q There we go, cash balance. So what's
- 21 the difference between cash balance and realized
- 22 income in your mind?
- 23 A Cash balance is the account equity
- 24 plus the amount of premium that you've collected.

Page 226

- Q And that premium could ultimately 1
- before expiration leave the account, correct?
- A Yes. 3
- 4 Q Or it might stay, in which case it would
- 5 be realized, correct?
- A Correct. 6
- Q All right. So which of your clients 7
- 8 achieved a consistent income-generating component
- 9 to their portfolio in the form of realized gains
- 10 from Long Leaf Trading?
- 11 A I couldn't -- I don't recall.
- Q Is it fair to say that none of them did? 12
- 13 A Not fair at all.
- Q All right. So why do you dispute that 14
- 15 characterization?
- A Why do I dispute it? 16
- Q Yeah. 17
- A Because I don't recall if they did, 18
- 19 which doesn't mean that I'm willing to say that
- 20 nobody did.
- Q Okay. Well, can you recall anybody 21
- 22 who was able to achieve consistent realized gains --
- A If you asked me in 2017 about things that 23
- 24 happened in 2017, probably. But this is September

1 of 2019, and it's been two or three years. I don't 2 know.

3 Q Do you recall what percentage of your

clients at Long Leaf Trading --

- 5 A No.
- 6 Q -- were able to achieve an
- 7 income-generating component to their portfolio
- 8 from realized gains at Long Leaf Trading?
- A No, I don't recall. 9
 - MR. BURDEN: All right. Sorry. This
- takes a while to like load up another call. 11
- I'll tell you what. While we're waiting, let's 12
- just look at some other documents because 13
- knowing the tech around here, it may never 14
- 15 load.

10

16

(Whereupon CFTC Exhibit No. 134 was

- 17 marked for identification, MM.)
- 18 Q All right. Mr. Ruth, I want to hand
- 19 you what I've marked as CFTC Exhibit 134. Take
- 20 a moment, if you would to review it, please, and
- 21 then indicate to me when you have reviewed it to
- 22 your satisfaction.
- 23 MR. MAY: Ready?
- THE WITNESS: Yes. 24

Page 228

- 1 BY MR. BURDEN:
- Q All right. Mr. Ruth, do you recognize
- 3 the document I marked as CFTC Exhibit 134?
- 4 A Yes
- 5 Q What do you recognize it to be, please.
- A It's a document entitled Time Means Money
- 7 Demo Script, Revised July 13, 2016.
- 8 Q All right. So what is this thing, if you
- 9 know, please.
- 10 This is the Time Means Money demo script.
- Q All right. But what is that? What is it 11
- 12 used for?
- 13 A It is used for solicitation of clients
- 14 in the Time Means Money program.
- Q So who wrote this script? 15
- A I don't think one person wrote it. 16
- Q Okay. Well, who contributed to it, 17
- 18 if you know?
- A Tim Evans. I mean, I don't know. 19
- 20 I guess I could have some input into it. James
- 21 Leeney, Tony Klancic, Vince Prieto.
- 22 Q So it sounds like all of the brokers
- 23 at Long Leaf at the time contributed to this script,
- 24 is that right?

A Essentially, yeah. 1

- Q And you contributed as well, correct? 2
- A Yeah. I mean, I don't know in what 3
- 4 capacity, but yeah.
- 5 Q Well, that's my next question. What did
- you contribute, if you remember?
- A I added the line are you married and do
- 8 you have kids.
- Q Okay. Do you remember anything else that
- 10 you added or took away?
- A No, that's it. 11
- 12 Q Is that the sum total of your contributions
- 13 to the script or is that just --
- A From what I recall. 14
- Q Okay. Is it possible you contributed 15
- 16 more and you just don't remember or do you just
- 17 specifically remember that line about being married 17 of the script?
- 18 and you didn't contribute anything else?
- 19 A From what I recall, that's the only thing
- 20 I contributed.
- Q Did you ever tell anybody that you wrote 21
- 22 this script?
- 23 It's possible. Α
- Who would you have told? Let me rephrase 24 24

- Page 229 MR. MAY: And having kids. 1
 - 2 BY MR. BURDEN:
 - Q Very good. That's what you contributed, 3
 - Mr. Ruth?
 - 5 A From what I recall, that's one thing that
 - 6 I can say that I contributed, yes.
 - Q Okay. Did you contribute more than that
 - 8 to the script?
 - A There's a possibility. 9
 - So we're looking at Exhibit 134 here. 10
 - 11 You know, it's a script that it looks like it's
 - 12 30 pages long. Do you recall what percentage of
 - 13 this you contributed, if you can break it down like
 - 14 that?

16

- 15 Α No.
 - Q Was it a lot of the script or not much
- 18 MR. MAY: Do you want to change your
- 19 prior testimony?
- 20 My answer to all this is I don't know
- 21 what I contributed to the script.
- 22 BY MR. BURDEN:
- 23 Q Got it.
- Besides the fact that I can tell you

Page 230

Page 232

- that question.
- 2 Okay. Α
- 3 Q Who did you tell that you wrote this
- script? 4
- 5 A I don't recall.
- 6 Q Did you tell Mr. Leeney that you wrote
- this script?
- 8 A It's possible.
- 9 Q But why --
- 10 Mr. Leeney was there so ...
- Q Did you tell Mr. Gecas that you wrote 11
- 12 this script?
- 13 A I don't think I've ever talked to
- 14 Mr. Gecas.
- Q Oh, that's right. Did you tell Mr. Prieto 15
- 16 that you wrote this script?
- 17 A It's possible.
- Q Did you write this script? 18
- A I contributed to it. 19
- 20 Q Well, it sounds like your testimony
- 21 before is that you added this line about being
- 22 married, right?
- 23 A Um-hmm.
- 24 Q Yes?

- 1 that I did add the line, "Are you married and do you 2 have any kids?"
- Q Okay. And this script was used by the
- 4 brokers at Long Leaf Trading to solicit clients,
- 5 correct?
- 6 A I don't think I can speak to that.
- 7 Q Okay. What did you use this script for?
- 8 A I used it to solicit people for the Time
- 9 Means Money program.
- Q All right. Do you know if other brokers 10
- 11 at Long Leaf Trading also used the script?
- A I don't know. How do you define using 12
- 13 the script?
- Q Well, did you ever overhear any brokers
- 15 use it, read from it?
- 16 A Parts of it, yeah.
- 17 Q Okay. Did you ever give the script to
- 18 any of the other brokers?
- 19 A I don't think so.
- 20 Q Did you ever -- sorry.
- 21 Not that I know of.
- Did you ever talk to any of the other 22 Q
- 23 brokers about this script we see in Exhibit 134?
- 24 Talk to them about it?

Page 233 Page 235 Q Yeah. 1 THE WITNESS: No, I understand. 1 2 2 A Sure. MR. MAY: We can have the court reporter --3 THE WITNESS: You guys bring this up Q Okay. Who did you talk to, please. 3 4 A I don't -- no clue. every year like. 4 5 MR. MAY: Okay. But you've never talked Q And do you recall what any of these 5 6 to the CFTC before. 6 brokers said to you or what you said to them about 7 the script? 7 THE WITNESS: Yeah, I understand. A No. 8 MR. MAY: I think you're confusing them 8 9 with another regulator. So okay. Do you even Q All right. So let's take a look at the 9 recall the question anymore? Do you want 10 10 script, if we could, please. So would you turn, the court reporter -please, to page 3 of the script in Exhibit 134. 11 A (Witness complies). 12 THE WITNESS: Yeah, can you --12 MR. MAY: -- to read it back to you? 13 Q Are you with me? 13 THE WITNESS: -- read back the question? A Yep. 14 14 (Whereupon the portion of the record 15 Q All right. So I want to direct your 15 16 was read as requested.) 16 attention to Bullet 5 and it says 76.5 percent 17 of all options expire worthless. Let's skip down 17 A I don't think it's relevant because 18 I think you're referring to one specific study 18 to B. It says, "Okay. The Time Means Money program 19 utilizes short option strategies as the investment 19 which is noted on the slide. 20 BY MR. BURDEN: 20 vehicle to drive results. Now, the reason this is Q But that's not my question. My question 21 so important is because it's a fact that on average 22 of 76.5 percent of all options held to expiration at 22 is do you know if this statistic held through the 23 later period? 23 the Chicago Mercantile Exchange expire worthless." A I stand behind my testimony. I don't 24 Is this a piece that you contributed? 24 Page 234 Page 236 1 A No. 1 think it's relevant. 2 Q All right. So is this a thing that Q But that's not an answer to my question. 3 you said on calls with customers or prospective Would you like to answer my question? 4 customers? 4 A I don't know. A If I'm using the script and it's part 5 Q Okay. 5 6 of the script, then yes. 6 A I don't know. 7 Q All right. So do you know if this 7 All right. Well, I'll tell you what. 8 is true, that on average 76.5 percent of all options 8 Let's turn to page --9 held to expiration expire worthless? 9 MR. MAY: Is it possible it could be A According to one study by the CME Group. 10 higher or lower? 10 Q All right. Did you read that study? 11 11 THE WITNESS: Yeah. I mean, it's possible 12 A Yes. 12 it could be -- yeah, there's many possibilities. 13 BY MR. BURDEN: Q All right. What is the time period 13 14 for that study? 14 Q All right. So --A 1997 through 1999. A I think, though, saying on average and 15 15 16 citing the specific source is sufficient, though. Q All right. So do you know if that 16 17 fact has continued from 1999 through the date that 17 Q All right. So let's turn to page 7, if we 18 this script was utilized? 18 could, please, of the script. A I don't know. You tell me. 19 A Sure. 19 Q I don't tell you things. You tell me 20 Q All right. I want to direct your 20 21 attention to the top part of the page where

22 there's a bullet that says, "10. Introduce the MR. MAY: I think the standard is 23 Three Principles." And it says, A, "Since 2009

24 I mean, we can have --

21 things.

22

24 Long Leaf was founded on three principles. One,

13

16

Page 237

- 1 futures and options on futures should be easy
- 2 to understand. Two, we should be 100 percent
- 3 transparent and conduct ourselves with integrity
- 4 at all times. Three, we should provide our clients
- 5 a strong return on their investment." So is this
- 6 a piece that you contributed, Mr. Ruth?
- 7 A Nope.
- 8 Q All right. Do you know who wrote this bit?
- A I don't know, man. Like this is 9
- 10 approved by the compliance department. It's given 10 only asking the question because it's in the script
- 11 to me. I do my job. So I don't know exactly who
- 12 contributed what, what pieces or what. But it's
- 13 the job of the compliance department at Long Leaf
- 14 Trading Group to approve or disapprove any sales
- 15 solicitation materials.
- 16 Q And who was in the compliance group?
- 17 A Tim Evans is the chief compliance officer.
- Q Was there anybody else in that compliance 18
- 19 group during your tenure at Long Leaf?
- A Maybe Brian Adams at the end. I don't 20
- know. I don't know. 21
- Q Okay. Anybody other than those two guys? 22
- 23 I don't know the process. My process
- 24 is, you know, I had like a manual that says what

- 1 ultimately provide clients with --
- 2 A I don't find it applicable because
- 3 it says the word should. You're disregarding that 4 word.

- 5 Q Well, let's not worry about Exhibit 134.
- 6 all right? I'm just going to ask my question in a
- 7 vacuum, all right? Did Long Leaf Trading provide
- 8 clients with a strong return on their investment?
- A I mean, you're disregarding -- you're
- 11 and you want to disregard the script.
- MR. MAY: Let's back up. 12
 - THE WITNESS: Yeah.
- MR. MAY: Okay. Let's put away 14
- Exhibit 134. And you've been asked this all 15
 - day, okay?
- 17 THE WITNESS: Yep.
- 18 MR. MAY: Do you want to change your
- 19 testimony about whether you know --
- 20 A I don't know.
- 21 MR. MAY: -- the results?
- 22 A I don't know the results specifically.
- 23 BY MR. BURDEN:
- 24 Q All right. So let's pick 134 back

- 1 I'm supposed to do, like send in this or do that
- 2 or, you know, get the documents, only use stuff
- 3 that's approved by the compliance department.
- 4 Q Got it. So is this something you said
- 5 to clients on calls, that one of the principles of
- 6 Long Leaf is that we should provide our clients with
- 7 a strong return on their investment?
- A If it's on a script and I'm approved --
- 9 it's approved by the compliance department and I'm 9 company we wouldn't have the ability to work with
- 10 supposed to utilize it in the solicitation, then it
- 11 would have been said.
- 12 Q All right. So what is your basis for --
- 13 or what was your basis for saying to customers that 13 do you know who wrote that piece of the script?
- 14 Long Leaf, one of Long Leaf's principles is to --
- 15 you know, scratch that. I think a better way to ask
- 16 this question is just did Long Leaf in fact provide
- 17 clients with a strong return on their investment?
- A I don't think that's what the statement 18
- 19 says.
- 20 Q I understand. But my question is did
- 21 Long Leaf --
- A I think you're missing out on the word 22
- 23 should.
- Q Right. But did Long Leaf in fact

- Page 240 1 up, if we could, please, and get back to page 7.
- 2 Are you there?
- 3 A Yep.
- Q All right. So let's look at 10(B).
- 5 And 10(B) says, "Now, these three principles are
- 6 what we have built our company upon and everything
- 7 that we do since our inception. At Long Leaf we
- 8 measure our success by our clients' success. As a
- 10 hundreds of clients month after month for six years
- 11 and oversee millions of dollars if we weren't being
- 12 profitable for them. Does that make sense?" So
- 14 A Again, no, I don't know.
- 15 So it wasn't you then?
- 16 A The only thing that I can tell you
- 17 that I wrote with 100 percent certainty is what
- 18 I previously testified to, that are you married or
- 19 do you have any kids.
- 20 Q Got it. So this piece we just read --
- 21 and the statement I want to focus on is we wouldn't
- 22 have the ability to work with hundreds of clients
- 23 month after month for six years and oversee millions
- 24 of dollars if we weren't being profitable for

Page 241

1 them -- is that something you said to customers

- 2 and prospective customers on solicitation calls?
- 3 A The policy at Long Leaf Trading Group
- 4 is the table a california and a case is a superior of booth
- 4 is that the solicitation process is approved by the
- 5 compliance department, and it is my duty to carry
- 6 out the solicitation process in accordance with the
- 7 script that I've been given.
- 8 Q Did you do that?
- 9 A So in the event that it's on the script,
- 10 then -- and approved by the compliance department,
- 11 then I said it.
- 12 Q All right. So was this script approved
- 13 by the compliance department?
- 14 A I don't know if this specific one was.
- 15 I don't have the ability to determine that.
- 16 Q Do you recall telling customers that
- 17 Long Leaf wouldn't have the ability to work with
- 18 hundreds of clients month after month for six years
- 19 and oversee millions of dollars if Long Leaf weren't
- 20 being profitable for them? Do you remember saying
- 21 that to people?
- 22 A No, I don't recall. But, again, if it's
- 23 in an approved script by the compliance department
- 24 and I was soliciting a client, everything that's

- 1 A Yes.
 - 2 Q When was that, please.
 - 3 A I want to say it was June, July, August,

Page 243

Page 244

- 4 September, October of 2016 maybe.
- 5 Q All of those months or --
- 6 A No.
- 7 Q -- somewhere in there?
- 8 A Somewhere in there I remember that
- 9 we had like a big surge, and I even had clients
- 10 deposit more money from their initial investments
- 11 and things of that nature so ...
- 12 Q Do you recall what month that was?
- 13 A It's somewhere in that time period.
- 14 I know it was probably -- it was probably before
- 15 November of 2016.
- 16 Q All right. So when do you think it was
- 17 then that client accounts were --
- 18 A Somewhere between the summer of 2016
- 19 and November of -- and October of 2016, the end
- 20 of October of 2016.
- 21 Q All right. And was that just for one
- 22 month or was that for multiple months?
- 23 A I couldn't tell you, but I know that
- 24 there was a time where people were moving in the

Page 242

- 1 in the script would have been said by me.
- 2 Q Got it. In fact, Long Leaf was
- 3 not profitable for customers, is that correct?
- 4 A I can't answer that question. I don't 5 know.
- 6 Q All right. So if you don't know, why
- 7 would you say this to clients?
- 8 A I don't know because it's 2019,
- 9 and I don't know the specifics of what's going
- 10 on. The other thing too is clients start and stop
- 11 at different times. So if you have a client -- ten
- 12 clients who started the first month and they all
- 13 made money, then that line can be correct.
- 14 Q Got it.
- 15 A So I don't know.
- 16 Q So how many clients started the first
- 17 month and just traded and left with a profit? How
- 18 many of your clients did that?
- 19 A I'm not saying that they had to leave,
- 20 but it's at the time this statement was made they
- 21 could be profitable.
- 22 Q Got it. So was there ever a period
- 23 of time when all of your clients at Long Leaf
- 24 were up?

- 1 right direction and were above their initial
- 2 equity levels.
- 3 Q Was that the only month where customers
- 4 were --

7

10

- 5 A From my recollection --
- 6 Q You've got to let me finish the question.
 - MR. MAY: You can't answer his question --
- 8 THE WITNESS: Yeah, yeah, yeah.
- 9 MR. MAY: -- until he's done answering --
 - THE WITNESS: All right.
- 11 MR. MAY: -- asking it.
- 12 THE WITNESS: I was faster.
- MR. MAY: Now, but we are at 5:26.
- 14 How much longer are we going to go?
- 15 MR. BURDEN: As long as you guys can stand.
- MR. MAY: We might have to -- I mean,
- 17 do you know how many more exhibits you have?
 - MR. BURDEN: You're looking at it.
- 19 MR. MAY: So there's a lot.
- 20 MR. BURDEN: Yeah. So I'll tell you what,
- 21 you know. I don't --
- 22 THE WITNESS: You never had any intentions
- 23 of this being a one-day thing.
- 24 MR. MAY: Well, he has no idea how

2	MR. BURDEN: Yeah. So as a general

4	definitely I was hopeful that	4
5	MR. MAY: Okay. We're still on the	5

8	MR. BURDEN: Do you want to go off the	8

10	MR. MAY: Sure, yeah.	10
11	MR. BURDEN: Yeah, okay. Could we go	11

16	MR. BURDEN: Back on the record, please.	16
17	MR. MAY: Okay. Ashley, I think we're	17

20	today, continue to be under subpoena and you'll	20
21	contact me about what your available dates are.	21
22	And I'll check my calendar and I'll bring	22
23	Mr. Ruth back with me, and we'll kind of	23

- 1 marked as Exhibit 116. And let the record reflect
- 2 that a copy of the formal order of investigation
- 3 in this matter has been made available and will
- 4 continue to be made available for examination by
- 5 counsel and the witness during the course of this
- 6 proceeding.
- 7 Mr. Ruth, thanks for coming
- 8 back. I want to start today by looking at a
- 9 couple of the documents that you produced to us
- 10 on the 26th.
- 11 MR. MAY: And, Ashley, you continue to
- 12 have copies for counsel?
- MR. BURDEN: Of course. 13
- (Whereupon CFTC Exhibit No. 135 14
- was marked for identification.) 15
- Q All right. Mr. Ruth, I'm handing you 16
- 17 what I've marked as CFTC Exhibit 135. And take
- 18 a moment to look at it, if you would, please, and
- 19 when you finish, I'll ask you if you remember what
- 20 it is and what it's all about.
- A (Witness complies). 21
- 22 MR. MAY: Ashley, while we're doing
- 23 that, do you still have the exhibits that
- we used last time? I'm going to need a copy 24
 - Page 254
 - of those so when you're done with your 1
 - 2 examination, I can ask Mr. Ruth questions
 - 3 about those.
 - 4 MR. BURDEN: Okay. Well, I'll tell
 - 5 you what. Why don't you -- do you have a list
 - 6 of the ones that you want to talk about?
 - 7 MR. MAY: Possibly, but I'm probably
 - 8 going to need to see all of them.
- 9 MR. BURDEN: Okay. Let's talk about
- 10 that on the break.
- 11 MR. MAY: Sure.
- MR. BURDEN: We'll be able to do that 12
- 13 in one way or another.
- 14 Q All right. Mr. Ruth, do you recognize
- 15 Exhibit 135?
- A Yes. 16
- Q Can you tell me what it is, please. 17
- A I think it's just emails back and 18
- 19 forth between me and Tim Evans after I left Long
- 20 Leaf Trading Group.
- 21 Q All right. So this is an email and
- 22 attachments that you produced to us, correct?
- 23 A Yes.
- 24 Q All right. So there's references

- 1 in here -- it looks like in Exhibit 135 there
 - 2 is a release signed by a person named Okey Oteh,
 - 3 and that's Ruth 037. Do you know who Okey Oteh is?

- A Yeah, he was a customer at Long Leaf
- 5 Trading Group.
- Q Was he a customer of yours? 6
- A Yes and no. He was originally solicited 7
- 8 by Tony Klancic, and after Tony Klancic left the
- 9 firm he was on letter of direction. And after a
- 10 while being on letter of direction, I became his
- 11 broker.
- 12 Q All right. And it looks like this
- 13 is a release and Long Leaf paid him \$3,134.31, is
- 14 that right?
- 15 A That's what it says, yeah.
- 16 Q So did you pay that money?
- No, I have no clue, anything about this. 17
- Q So how did this release come to be in 18
- 19 your possession?
- 20 A I was owed money that was not paid
- 21 to me on my final paycheck and I reached out to
- 22 Tim Evans to inquire why, and this is one of the
- 23 things that he, I guess, deducted from my paycheck.
- Q All right. So Mr. Evans had deducted 24
 - Page 256
- 1 or claimed to have deducted this \$3,000 payment 2 to Mr. Oteh from your final paycheck you were owed,
- 3 correct?
- 4 A Correct.
- Q So did Mr. Evans ever tell you what 5
- 6 the basis for that was, like why you should have
- 7 to pay for that?
- A I think in here it says something 8
- 9 about -- I think it's in another email that we
- 10 produced to you, but it says something of the nature
- 11 that, I don't know, some sort of complaint from
- 12 Mr. Oteh Okey, which I never heard firsthand.
- Q Do you know what the basis is for 13
- 14 this release and this payment to Mr. Oteh from
- 15 Long Leaf?
- 16 A No, I don't. To be honest with you,
- 17 I don't even think it's -- in my opinion, I don't
- 18 think it's even like a real document. I don't think
- 19 Mr. Oteh Okey signed this.
- Q Why do you think that? 20
- 21 A Because of the date that it was
- 22 signed, the date that the money was taken from
- 23 my paycheck.
- 24 Q Did you ever ask Mr. Evans about that

1 or accuse him of ginning up a fake document?

- 2 A I mean, I had suspicions -- I don't
- 3 know if I ever said anything. But, you know,
- 4 I've thought about it and I'm still considering,
- 5 you know, trying to use some sort of legal action
- 6 to recover all the damages.
- 7 Q From whom?
- 8 A From Long Leaf Trading Group.
- 9 Q All right. And it looks as well here
- 10 like in Exhibit 135 Mr. Evans attached -- well,
- 11 it looks like a bill from an attorney named Thomas
- 12 Burke. What do you know about Mr. Burke's work for
- 13 Long Leaf?
- 14 A I think that that was just like his
- 15 general NFA or I guess like futures-related legal
- 16 issue counsel.
- 17 Q All right. So why did he send that
- 18 to you? Was this something else he deducted from
- 19 your paycheck?
- 20 A Yeah. He had mentioned another
- 21 deduction with like Harish Patel, a legal bill or
- 22 something of that nature.
- 23 Q And is that what this -- that was my
- 24 next question here. So is that what this legal

- Page 257

 1 A No. I know that -- my understanding
 - 2 is that they weren't able to come to terms and
 - 3 they had some like heated argument and then he

Page 259

Page 260

- 4 filed maybe something with the NFA, and then the
- 5 NFA had called like an initial check on, you know,
- o in remade caned into air initial cricon on, you tho
- 6 I guess the situation. And then I don't know if
- 7 anything -- I never heard anything and I don't have
- 8 any complaints and nobody asked me any questions,
- 9 so I don't really know.
- 10 Q Got it, okay.
- 11 (Whereupon CFTC Exhibit No. 136
- 12 was marked for identification.)
- 13 Q All right. Mr. Ruth, I want to hand
- 14 you next what I've marked as CFTC Exhibit 136, and
- 15 this is a group exhibit consisting of a letter from
- 16 Mr. Schena to you and others and then a settlement
- 17 agreement and release relating to Mr. Schena's
- 18 client, Priscilla Lamar.
- 19 MR. MAY: The official one's yours.
- 20 MR. BURDEN: Yours is next, Andrew.
- 21 THE WITNESS: Sorry.
 - MR. MAY: Oh, okay. There's two documents.
- 23 Is that all 136?
- 24 MR. BURDEN: Yeah, yeah, it's a group

Page 258

- 1 bill is for?
- 2 A I think so.
- 3 Q All right.
- 4 A It doesn't really say, but I think we're
- 5 supposed to assume that.
- 6 Q All right. And who is -- yeah,
- 7 that's what I assumed. Who is Harish Patel, please.
- 8 A Harish Patel was a client of mine
- 9 who at the end of like, I don't know, maybe like
- 10 the last weeks I was there he had complained about
- 11 the trading and he -- I guess he refused to speak
- 12 with me. So Tim Evans took over interacting with
- 13 him and he just had a complaint about like the
- 14 performance of the account. And Tim had told me
- 15 that, you know, at the time I wasn't responsible
- 16 for anything because I don't have anything to do
- 17 with the performance of the account -- and he said
- 18 this in front of everybody -- and that he would
- 19 handle all the legal fees and all that kind of
- 20 stuff. And then when we had this falling out,
- 21 all of a sudden this was deducted from my check
- 22 $\,$ and I was presented with this as evidence, I guess.
- 23 Q Do you know if Mr. Evans or Long Leaf paid
- 24 a settlement to Mr. Patel?

1 exhibit.

22

- 2 MR. MAY: Oh, okay.
- 3 BY MR. BURDEN:
- 4 Q And take a moment to look this over
- 5 for me, please. And when you've finished, please
- 6 indicate and I'll ask you some questions about it.
- 7 A (Witness complies).
- 8 MR. MAY: Okay, I'm ready.
- 9 BY MR. BURDEN:
- 10 Q All right. Mr. Ruth, do you recognize
- 11 CFTC Exhibit 136?
- 12 A Yes.
- 13 Q All right. Can you tell me what it is,
- 14 please.
- 15 MR. MAY: Oh, that was the last exhibit?
- 16 MR. BURDEN: Correct.
- 17 MR. MAY: Okay. What was the prior one,
- 18 135?
- 19 MR. BURDEN: Correct.
- 20 MR. MAY: All right.
- 21 A I obtained this --
 - MR. MAY: He asked if you recognize it.
- 23 THE WITNESS: I said yes.
- 24

Case: 1:20-cv-03758 Document #: 82-6 Filed: 11/05/21 Page 69 of 115 PageID #:2116 Page 261 Page 263 1 from Tim Evans. 1 BY MR. BURDEN: 2 Q All right. So this letter looks like Q All right. So in the email dated 3 it was sent after you had departed from Long Leaf, 3 February 25, 2019 you were suggesting to Mr. Evans 4 is that correct? 4 that an attorney by the name of Rebecca Wing A Yes. 5 was asking for money on behalf of Long Leaf Trading. 5 6 Q So who is Priscilla Lamar? 6 Is that what happened? 7 A Priscilla Lamar was a client of mine 7 A Yeah. 8 So you didn't give her any money, right? at Long Leaf. Q 8 Q And did you pay any money towards 9 9 No. 10 this settlement with Ms. Lamar that's reflected Q All right. So, you know, after the 10 11 in this settlement agreement and release we see 11 conversation that's memorialized in Exhibit 137 12 with Ms. Wing, did you talk to her again? Did she 12 starting at Ruth 024? 13 A Absolutely not. 13 bug you more for money? What came of this? Q So how did you come to be in possession 14 14 A Yeah. I mean, again, I think 15 I submitted the emails to you about this. I had 15 of this, please. A I sent you -- we also provided other 16 asked her for more details about the whole situation 17 emails, so I don't know the exact dates. Either 17 and, you know, I think her position was somewhere in 18 February or March of this year I think I got some 18 my employment contract that I have to indemnify --19 weird correspondence from an attorney named Rebecca 19 is that the right word? 20 Wing, who I think is Long Leaf's counsel, and she 20 MR. MAY: Indemnify. 21 was trying to collect money from me for I guess A -- indemnify them and, you know, 21 22 this settlement. And that's the first time I heard 22 the language says off of like gross negligence 23 about it. 23 or wrongful misconduct or something of that nature. 24 Got it, okay. Have you had any subsequent 24 And so I was trying to essentially ask her to tell Page 262 Page 264 1 interactions with Ms. Wing? 1 me why she'd think that I acted negligently or A What is subsequent? What do you mean 2 2 with gross misconduct and, you know, send me proof 3 by that? 3 of the settlement. 4 Q Well, like I want to go back to 136 4 BY MR. BURDEN: but -- sorry, yeah, 136. But, yeah, just so we're Q I did not see that email in the production. on the same page, I didn't realize this was all Did Ms. Wing respond? A Kind of. Not really. I mean --7 together. 7 8 (Whereupon CFTC Exhibit No. 137 8 Q What did she say? 9 9 was marked for identification.) A Well, that's how I got the --Q Let me hand you what I've marked Q Exhibit 136? 10 10 11 as CFTC Exhibit 137, and this is the email you 11 -- 136. And then -- yeah, that's how Α 12 produced from Rebecca Wing. So take a moment to 12 I got Exhibit 136. 13 look it over, please, and we'll all be on the same Q All right. So Ms. Wing sent you the 13 14 documents we see in 136, correct? 14 page. 15 MR. MAY: Are you done reviewing it? 15 A Yes. Q Did she send you anything else? THE WITNESS: Yes. 16 16 17 MR. MAY: Okay. 17 A No, I don't think so. 18 BY MR. BURDEN: 18 Q All right. Did Ms. Wing follow up Q All right. So, Mr. Ruth, do you recognize 19 at all or try to explain why you should pay this 19

20

21

22

money or what other money you owed?

When you say not really, does that

23 mean no or there was some halting communication?

A Not really.

24 Let me close this out.

Q Can you tell me what it is, please.

A It's an email and then a response to

24 an email that I wrote to Tim Evans and a response

Exhibit 137?

A Yes.

20

21 22

Page 265 A I don't think -- I don't know. I can't

- 2 speak for her, but I don't -- it was basically she
- 3 gave this to me and said pay it or we could do this
- 4 the easy way or the hard way and, you know, either
- 5 pay it or we're going to file a lawsuit against you.
- 6 Q And did they do that?
- 7 A Not to my knowledge.
- Q Were there any other settlements 8
- with Long Leaf customers that you were aware of?
- 10 And they don't have to be your clients, just however
- 11 you became aware of them.
- 12 A I think there's like a couple
- 13 like people who wrote like bad reviews on like
- 14 Google or something, and there might have been
- 15 like settlements to take down the reviews, things
- 16 of that nature.
- 17 Q So what do you remember about that?
- 18 Do you remember what customers were paid to take
- 19 down reviews on Google?
- 20 A I wouldn't say they were paid to take
- 21 down reviews on Google. I think what the customers
- 22 had done was wrote some things that were not
- 23 factual. And so it was more of like, hey, you need
- 24 to take this down because this isn't true.

1 something like that and, you know, well, you

- 2 lost 60 percent of your money in five months or,

Page 267

- 3 you know. So it's that -- yeah, like that's why
- 4 it's untrue or ...
 - Q Well, how did you know that the
- 6 reviews were untrue? It sounds like from your
- 7 testimony that only maybe one of them was your
- 8 customer or you don't remember if you read it.
- 9 Like how do you know if the reviews were, you know,
- 10 true or false?
- 11 A Tim Evans told me.
- 12 Q Okay. And so these customers that
- 13 posted these Google reviews, did they pay Long Leaf
- 14 Trading as part of a settlement or did Long Leaf
- 15 Trading pay them, if you know?
- A I'm not intimately familiar but, I mean, 16
- 17 I think Long Leaf Trading --
- 18 MR. MAY: Well, okay. He doesn't want
- 19 you to guess or speculate, I imagine.
- 20 THE WITNESS: All right.
- MR. MAY: So if you know, then you know. 21
- 22 A Yeah, I'm not intimately familiar or
- 23 I don't recall.

24

Page 266

Page 268

- 1 Q Do you remember the names of those
- 2 customers?
- 3 A I mean, I think Harish Patel might even
- 4 be one of them. I'm not sure.
- 5 Q Do you remember any others?
- A I couldn't tell you the names. 6
- Q So did you ever read those reviews that 7
- 8 were posted?
- 9 A Did I ever read them?
- Q Yeah. 10
- 11 A Possibly. I don't necessarily recall.
- Q Okay. Other than Harish Patel, were 12
- they customers of yours that wrote these reviews?
- A No, I think there were others. 14
- 15 Q All right. And so I think you testified
- before just now that the reviews the customers wrote
- were untrue, is that correct? 17
- A Yeah, I mean --18
- Okay. So what's your basis for saying 19 Q
- 20 that?
- A Like, for example, somebody will 21
- 22 say like, oh, I lost -- like I'm just giving you
- 23 a hypothetical situation, but they'll say I lost
- 24 like 80 percent of my money in three months or

- 1 BY MR. BURDEN:
- 2 Q Well, did anybody tell you? Did you
- 3 come to know? Like I understand that you didn't
- 4 pay them or receive money from them, but was there
- 5 talk of it around the office? Is there anything
- 6 you recall about it?
- 7 A Yeah. I think this -- going back
- 8 to like 135, if you look at the release that
- 9 Oteh Okey signed, I think I've seen one before of
- 10 somebody else signing.
- 11 Q All right. So your recollection is
- 12 that Long Leaf Trading paid the people who wrote
- the Google reviews and not the other way around?
- 14 Correct.

- (Whereupon CFTC Exhibit No. 138
- 16 was marked for identification.)
- 17 Q Mr. Ruth, I want to hand you what I've
- 18 marked as CFTC Exhibit 138. Take a look at it for
- 19 me, if you would, please, and indicate to me when
- you've finished reviewing it.
- 21 A I'm ready.
- Q Mr. Ruth, do you recognize CFTC 22
- 23 Exhibit 138?
- 24 A Yes.

Page 269 Page 271 1 Q Can you tell me what it is, please. 1 Was it more than one, let's say? 2 2 It's more emails between me and Tim Α Yes. Q Okay. More than five? 3 Evans post my employment with Long Leaf Trading 3 4 Group. A I would assume. I can't say. 5 Q All right. And so this is an email 5 Q All right. So what kind of files 6 that you produced to the CFTC, right? 6 did you put into the Operation Frosty file? Like A Correct. were they Word documents, PDFs? 7 8 Q So what's Operation Frosty, please. 8 A Yeah, they're Word documents. A We were -- I guess it's just like 9 All right. Any other types of files? 9 10 preparation of documents or preparation for an Not that I recall. 10 All right. Do you remember the names 11 NFA exam. Q 11 12 of any of those Word docs, like, you know, the file 12 Q Well, you're talking about a file folder 13 labeled Operation Frosty, right? 13 name? A Yes A Yeah, they're like order ticket templates. 14 14 Q So are order ticket templates the 15 Q So what's in that file folder, please. 15 A Just recordkeeping and -- I think it 16 only files that you put in this Operation Frosty 16 17 was just recordkeeping for the, yeah, for the NFA 17 file folder? 18 exam that we had coming up. 18 MR. MAY: I'm sorry. Could I ask 19 Q All right. Well, it sounds like 19 the court reporter to read back the question. 20 you're saying that something is not good about 20 MR. BURDEN: Sure. 21 Operation Frosty because you write, "Your attempts21 (Whereupon the portion of the record 22 to rule over those by installing fear are no longer was read as requested.) 22 23 effective. During the PC diagnostic did you find 23 I don't recall. Α 24 the file folder labeled Operation Frosty? Have 24 All right. On whose computer was this Page 272 1 Operation Frosty file folder? 1 you made the NFA aware of Operation Frosty? It 2 is surprising that a person with clear ethical I think it's in the Cloud. 2 3 shortcomings would try to imply someone has acted 3 So was it a shared, like a shared drive? 4 unethically." So what are you talking about here, 4 Yeah, you could say that. 5 please. Q And who had access to it? 5 6 A What am I talking about? 6 Α Everybody on the broker team. 7 Q Yeah. 7 Q And that includes you, correct? A I mean, I'm just going back with Tim 8 8 Α Yes. 9 Evans about the fact that I'm upset that he screwed 9 Q Did other people -- do you know 10 me out of my paycheck. 10 if other people on the broker team contributed Q Got it. So when you're talking 11 files to the Operation Frosty file folder? 11 12 about Operation Frosty or the file folder labeled A I mean, I can't recall specifically but ... 12 Q All right. I think you testified 13 Operation Frosty, who gave the file folder that 13 14 before that Operation Frosty was something to do 14 name? A I don't recall. 15 with preparation for an NFA audit. Did I get that 15 Q Was it you? 16 right? 16 A I don't recall. A Correct. 17 17 Q All right. So how many files were in Q All right. So what form did that 18 18 19 that folder? 19 preparation take? 20 A What do you mean? 20 A I have absolutely no clue. 21 Q Did you put any files in that folder? 21 Q Well, why was it -- why was there sort A Probably, yeah. 22 of a specially designated folder for this effort? 22 Q Okay. How many files? 23 Why was it called Operation Frosty? 23 24 A I have no clue. 24 MR. MAY: Okay. That's two questions.

3 it?

4

5

10

Page 273 Do you want to take them one at a time? Are

- 2 you aware of both questions that are pending?
- THE WITNESS: Yeah. 3
- MR. MAY: Okay. 4
- 5 A So what's the first question?
- 6 BY MR. BURDEN:
- Q All right. So how was Operation Frosty 7
- used to prepare for an NFA audit?
- A I think when you -- I'm not a compliance
- 10 guy, so I don't really deal with the audits.
- 11 Q No, I understand.
- A Yeah. 12

1

- 13 Q What do you understand? What do you know?
- A I think it's just preparing all the 14
- 15 things that they're going to ask you for. I think
- 16 they give you like a checklist of the things that
- 17 they want, right?
- 18 MR. MAY: Okay. That sounds like you're
- asking him a question. 19
- 20 A Well, I mean, yeah, I guess I don't know.
- 21 BY MR. BURDEN:
- Q All right. So you'll have to forgive 22
- 23 my suspicion, though it sounds like you didn't have
- 24 much to do with it from your testimony. You know,

- MR. MAY: Didn't he already answer that?

1 Frosty folder is, but that's really my question.

2 Is it part of a larger drive? Where could we find

Page 275

Page 276

6 MR. BURDEN: No.

A I have no --

- 7 Q So, Mr. Ruth --
- 8 MR. MAY: He actually said that it
- 9 was in the Cloud or it was a shared drive.
 - MR. BURDEN: Well --
- MR. MAY: You're asking him where it is 11
- 12 on the computer system.
- MR. BURDEN: Yeah, that's part of the 13
- computer system. Watch this. We'll walk 14
- through it and if Mr. Ruth knows, we'll know 15
- too soon. And if he doesn't, then we'll move 16
- 17 on to the next exhibit.
- 18 Q So, Mr. Ruth, you testified that
- 19 this Operation Frosty folder was on the Cloud,
- 20 is that right?
- A I believe so, yes. 21
- 22 Q All right. So are there other file
- 23 folders that were on the Cloud that you used at
- 24 Long Leaf Trading?

- 1 you say, "Have you made the NFA aware of Operation
- 2 Frosty?" Why did you write that? Why would it be
- 3 necessary or good or bad for Mr. Evans to make the
- 4 NFA aware of Operation Frosty?
- A I don't necessarily recall why
- 6 specifically I felt that way at the time. I
- 7 think it was just kind of in like a heated argument
- 8 about the fact that I didn't get my paycheck or my
- 9 paycheck wasn't what I was expecting it to be, and
- 10 I think I'm just going back and forth trying to
- 11 score points with him.
- Q So why would you be scoring points 12
- 13 by bringing up this Operation Frosty? It seems
- 14 to me like it's good to prepare for an NFA audit,
- 15 and it seems to me like you're suggesting that
- 16 Operation Frosty is unethical from the next line.
- 17 Am I reading that right?
- A That's the thing, is I don't know --
- 19 I don't know if preparation for an NFA audit is
- 20 ethical or unethical because I don't know what was
- 21 being done or what was presented to the NFA. So
- 22 I can't answer that question.
- Q All right. I don't want to ask you
- 24 what the file directory address for the Operation

- A Yes. 1
- 2 Okay. Just for illustrative purposes,
- 3 what were some of the other file folders that were
- 4 on the Cloud?
- A We had Power Point presentations 5
- 6 that we used during the solicitation process,
- 7 and those were represented to us as the official
- 8 ones from the compliance department that we were
- 9 allowed to use during the solicitations.
- 10 Q So you've got Power Points on the Cloud?
- 11 A Yes.
- 12 Q What else have you got on the Cloud?
- A The official script that you had --13
- 14 we talked about last time.
- 15 MR. MAY: Do you have a reference
- number? You don't see it in front of you, 16
- 17 do you?
- 18 THE WITNESS: No, I don't have the
- 19 exhibit.
- 20 BY MR. BURDEN:
- Q Okay. So let's say you're sitting 21
- 22 at your computer at Long Leaf Trading. Did you have
- 23 a computer at Long Leaf Trading?
- 24 A I did.

Page 277 Q So you log on to your computer, right?

- 2 You start it up at the beginning of the day?
- 3 A Yes.
- 4 Q All right. So how do you navigate to the
- 5 Cloud?
- 6 A I would use Office 365.
- 7 Q All right. So you open Office 365, right?
- 8 A Yes.
- 9 Q So how do you get to the Cloud from there?
- A I mean, it's a tab within the website. 10
- So like the intranet for Long Leaf Trading, 11
- 12 is that right?
- A I wouldn't necessarily say that. 13
- Q All right. What does the tab say that 14
- 15 you go to?
- A I don't know exactly. Shared folder or 16
- 17 something? I don't know.
- Q Okay. So within that shared
- 19 folder there are a number of other folders,
- 20 and Operation Frosty is one of those folders,
- 21 is that right?
- A I don't know. I don't know. This 22
- 23 is two years ago, and I don't know the directory
- 24 of Long Leaf and I don't know if it's still there.
 - Page 278
 - 1 I don't know. I don't know anything.
 - 2 Q Well, let's put that one aside then,
 - 3 please.
 - 4 A (Witness complies).
 - (Whereupon CFTC Exhibit No. 139 5
 - was marked for identification.) 6
 - Q Mr. Ruth, I want to hand you what I've 7
 - marked as CFTC Exhibit 139. Take a moment to look
 - 9 at the document and tell me -- and I'll ask you if
- 10 you recognize it, but tell me when you've finished
- 11 reviewing it, please.
- A I'm ready. 12
- Q Mr. Ruth, do you recognize CFTC 13
- 14 Exhibit 139?
- 15 A No.
- Q All right. I want to talk about it 16
- 17 anyway, if we could, please. So you'll see this
- 18 is from Mr. Evans to jruth@longleaftrading.com. And
- 19 Mr. Ruth writes, "Jeremy, I need an accounting for
- 20 all LLTG scripts" --
- MR. MAY: Did you say that Mr. Ruth writes? 21
- MR. BURDEN: If I did, I meant Mr. Evans. 22
- 23 MR. MAY: Okay.

- 1 BY MR. BURDEN:
- 2 Q And Mr. Evans here in Exhibit 139
- 3 appears to be asking for an accounting of all
- 4 LLTG scripts, and he asks you to email him a
- 5 bunch of scripts. And then he writes, "Any and
- 6 all other versions of documents outstanding need
- 7 to be deleted." He also writes, "I also need
- 8 confirmation from you that you are not keeping
- 9 any of these documents or other Long Leaf material
- 10 outside of Long Leaf provided accounts."
- 11 Do you have any knowledge or
- 12 understanding of why Mr. Evans was asking you to
- 13 send him all LLTG scripts?
- A I have no recollection. 14
- Q All right. Do you have any knowledge 15
- 16 or understanding of why Mr. Evans says that any
- 17 and all other versions of documents outstanding
- 18 need to be deleted?
- A No. 19
- 20 Q Do you recall deleting any --
- 21 or I guess shredding or destroying any scripts
- 22 or any other promotional documents at Long Leaf?
- 23 A No.
- 24 Q No, you didn't do it or no, you don't

Page 280

- 1 remember? Sorry.
 - A No, I don't remember. 2
 - Q All right. Do you have any knowledge
 - 4 or understanding of why Mr. Evans asked you for
 - 5 confirmation that you're not keeping any of these
 - 6 documents, you know, at home?
 - 7 A No, I have no recollection.
 - 8 Q All right. Do you recall any
 - 9 subsequent conversations with Mr. Evans about his
 - 10 request for these scripts or that certain scripts
 - 11 be deleted?
 - 12 A No.
 - 13 Do you know if this was -- this
 - 14 email was sent prior to an NFA audit of Long Leaf
 - 15 Trading?
 - 16 A I have no -- I don't recall this email
 - 17 at all.
 - 18 Okay. Did you in fact have any scripts
 - 19 or promotional materials at home?
 - 20 Α
 - 21 Q Let's put that one aside, if we could,
 - 22 please.
 - A (Witness complies). 23
 - 24

Page 281 (Whereupon CFTC Exhibit No. 140 1 1 documents from our compliance department to use in 2 was marked for identification.) 2 the solicitation for Time Means Money. Q Mr. Ruth, I want to hand you what I've Q Got it. And so were these documents that 3 4 marked as CFTC Exhibit 140. And take a moment to 4 you used in connection with your own solicitations? 5 look it over, please, and let me know if you recall MR. MAY: Do you have a time frame that 5 you were going to ask him about? 6 it. 6 7 MR. MAY: Do we have any idea about the 7 BY MR. BURDEN: length of this one? It's not consecutively 8 Q During any period that you worked at 8 9 Bates stamped. 9 Long Leaf Trading. MR. BURDEN: Once again, it kind of is. A Yeah, I guess my -- I don't know if I'm 10 10 11 Remember we'd said last time about control 11 answering your question, but my role is to utilize 12 the program solicitation documents that are approved 12 numbers? MR. MAY: Right. To me it appears to 13 13 by the compliance department. be about 75 pages. Q And did you do that? 14 14 MR. BURDEN: Yeah, it's an email and A Yes. 15 15 its attachments. 16 Q And you'll have to forgive me if 16 MR. MAY: My pen just ran out of ink. 17 I asked this question last time. But when you 17 MR. BURDEN: Could we go off the record, 18 refer to the compliance department at Long Leaf 18 19 Trading, who was that, please. 19 please. 20 (Discussion off the record.) 20 A Tim Evans. 21 MR. BURDEN: Okay. Back on the record, 21 Q Anybody else? 22 22 Α No. please. 23 MR. MAY: Are you done reviewing it? 23 Q All right. So did you share any of these THE WITNESS: Yes. 24 documents in Exhibit 140 with NFA? 24 Page 282 MR. BURDEN: Ready to go? 1 1 2

Page 284

Page 283

MR. MAY: Yeah. 3 BY MR. BURDEN: Q All right. Mr. Ruth, do you recognize 5 CFTC Exhibit 140?

Q All right. So you'll see it purports to 7

8 be an email from jruth@longleaftrading to Tim Evans

9 dated January 23, 2017. And jruth@longleaftrading

10 was your email address at Long Leaf, correct?

11 A Yes.

A No.

6

Q All right. And do you see the subject 12

13 is Emailing Time Means Money Documents and then

14 there's a zip file attached to it? And the contents

15 of the zip file I will warrant you are the documents

16 that are appended to the cover email in Exhibit 140.

17 Do you recall sending this email, Mr. Ruth?

18 A No.

Q All right. So you looked over the 19

20 documents in Exhibit 140, right?

A Correct. 21

Q All right. So what are these documents, 22

23 please.

A These documents are the approved

A I wouldn't do that. That's the compliance 2 department's job.

Q And by compliance department you mean 3

4 Mr. Evans?

5 A Yes.

Q All right. So do you know if Mr. Evans 6

7 ever showed these documents to NFA?

8 A I don't know.

9 Q All right. Let's put 140 aside, if we

10 could, please.

11 A Are we trying to infer that 139 is a

12 response -- or, sorry, 140 is a response to 139?

13 Q Is it?

14 A I've never seen this 139, nor have

15 I ever seen this 140. I mean, I'm not saying I

16 haven't seen like the document. I'm talking about

17 like the actual emailing of these two things so ...

18 But I'm just curious if that's what you're -- I

19 mean, if you look at this, the 16th and the 23rd.

20 I don't think I would take, me personally would

21 take six days to respond to a superior's request

22 for information. So, I mean, that's just not my

23 style.

24 Q So since we're back on 140, do you

- 1 recall where you obtained these solicitation
- 2 documents from that you forwarded to Mr. Evans or
- 3 that the email reflects that --
- A Yeah. Again, like I don't think
- 5 I sent this email and I don't think I received
- 6 this. But these documents, like the reason why
- 7 this doesn't also make sense to me is because
- 8 these documents are in the shared folder like in
- 9 Office 365. So I don't get this whole --
- Q So you think you didn't send Exhibit 140?
- A No. 11
- Q So why? 12
- A Because why would I send something that's 13
- 14 already in a shared folder?
- Q So other than that, do you have any
- 16 reason to believe that you didn't send 140, that
- 17 it's a fake document or that maybe that somebody
- 18 else sent it?
- 19 A I mean, reading 139, to me -- I don't
- 20 know why -- but this looks like a CYA type email
- 21 that was sent.
- Q By whom? 22
- 23 A By Tim Evans and --
- MR. MAY: Could you -- I'm sorry. 24

- 1 a moment to look it over and tell me when you've
- 2 looked it over, please.
- A What are these red things that are marked?
- Q Oh, you know what? I gave you my 4
- 5 copy. But you know what, I think you should hang
- 6 on to it because I think the little red tabs will
- 7 help us.
- 8 A All right.
- 9 MR. MAY: Can I see your version?
- MR. BURDEN: I don't know that I'm going 10
- to ask about the tabbed ones. But if you want 11
- 12 to tab them, you can.
 - MR. MAY: Yeah, I was going to.
- I should have picked a different color tab. 14
- 15 Okay.

13

- 16 BY MR. BURDEN:
- 17 Q All right. Mr. Ruth --
- 18 MR. MAY: We're ready.
- 19 BY MR. BURDEN:
- Q -- do you recognize CFTC Exhibit 141? 20
- 21
- 22 Q Can you tell me what it is, please.
- 23 Well, I'd like to correct that.
- 24 I recognize the attachment, but I don't -- I guess

Page 286

- Could you state for the record what CYA --1
- 2 what you mean by when you say CYA?
- THE WITNESS: Like cover-your-ass type 3
- 4 email.
- 5 MR. MAY: Okay.
- 6 A That's what it looks like to me. And
- 7 like he has all this -- like it doesn't make sense
- because he has all this information because he's the
- one who approves it. So --
- 10 MR. MAY: So there's no reason for him
- 11 to --
- THE WITNESS: Yeah. 12
- A And I don't recall ever seeing this 13
- 14 email. I don't recall ever sending that, and
- 15 he's the only one who has access to my email,
- 16 which we've talked about before.
- 17 BY MR. BURDEN:
- Q Yeah. You can put those aside, if you 18
- 19 would, please.
- A (Witness complies). 20
- (Whereupon CFTC Exhibit No. 141 21
- 22 was marked for identification.)
- Q All right. Mr. Ruth, I want to hand 23
- you what I've marked as CFTC Exhibit 141. Take

- 1 this is an email being sent.
 - Q All right. And it appears to have
 - 3 been sent from jruth@longleaftrading.com, right?
 - 4 A Correct.
 - 5 Q All right. To Tim Evans, right?
 - 6 Α
 - 7 Q So do you remember sending this email?
 - 8 Α
 - Q All right. But you do recognize the
- 10 attachment, which is this Custom Version 3 Power
- 11 Point, right?
- A Yes. 12
- Q All right. So what's the Custom Version 3 13
- 14 Power Point, please.
- A It's the visual Power Point for the
- 16 custom portion of the solicitation process for the
- 17 Time Means Money program.
- Q So this is something that you would
- 19 show to clients or prospective clients as part of
- 20 your presentation, correct?
- A Yes. 21
- Q All right. Did you draft or create this 22
- 23 Power Point we see?
- 24 A No.

Case: 1:20-cv-03758 Document #: 82-6 Filed: 11/05/21 Page 76 of 115 PageID #:2123 Page 289 Page 291 1 Q Who did, please. 1 going on here, please. A Some guy in India. 2 2 A What do you mean by that? 3 Q What makes you say that? Q Well, this is something that you would 3 A He outsourced it to some guy in India. 4 4 show to clients, correct? 5 Q Do you remember the guy's name? A Yes. 5 A No. He's like a designer that you find 6 Q So is this meant to show that Long 6 7 like on like a website. 7 Leaf expects or anticipates that they'll win three 8 MR. MAY: And who's "he"? You said he 8 out of four trades? 9 outsourced it. 9 Α No. THE WITNESS: Tim Evans. 10 10 Q What's it meant to show? 11 BY MR. BURDEN: 11 It's talking about the -- it's visualizing 12 Q All right. Did this person from 12 that goes along with the words the amount of money 13 India to whom the Power Point presentation was 13 that you -- the 1:2 risk-to-reward ratio. 14 outsourced, did this person email the presentation Q Got it. So what would you say to 14 15 clients when you showed them this, or prospective 15 to you? A No. 16 16 clients when you showed them this particular slide, 17 Q So why is this -- do you recall why 17 please. 18 you were sending this presentation to Mr. Evans? 18 A What's ever on the customer --19 A No clue. 19 Q Well, let's pretend on a client's, if you 20 Q All right. So let's take a look, if 20 would, please. 21 we could, please, at a part of the presentation. 21 A I would have to go to Exhibit 140 in order 22 I want to go sort of to the end, and I bet there's 22 to tell that you. 23 a red tab on it. And it's the page that says 23 Q Okay, great. Let's do that. Very good. 24 Portfolio Management and there's a win column 24 And is that because 140 reflects a script that Page 290 Page 292 1 and a lose column. 1 accompanied this slide show? 2 Um-hmm. 2 A Yes. It says right -- yeah. So let's 3 Q I think it's the fourth from the end, 3 say based on the risk preferences, a person who 4 if you would, please. 4 owned --5 A I'm ready. 5 MR. MAY: Are you reading from Exhibit 140? MR. MAY: Yes, ready as well. 6 THE WITNESS: Yeah. 6 7 BY MR. BURDEN: 7 MR. MAY: But these numbers -- these 8 Q All right. So, Mr. Ruth, this portfolio 8 documents aren't sequentially Bates stamped, 9 management page -- what are you looking at there? 9 so we all can't be on the same page as you 10 It looks like you've got a different exhibit. 10 very easily. 11 A Yeah, Exhibit 140. 11 MR. BURDEN: I don't need to be. And, 12 Q Oh, well, let's just look at Exhibit 141, 12 Mr. May, take whatever time you need to get 13 if we could, please. 13 on the same page as Mr. Ruth. 14 Yep. 14 MR. MAY: Okay. Well, you know, I think we're about at the hour mark. We still don't 15 Q And if there's something you want to 15 16 talk about with Exhibit 140, we can just go right 16 have any water. 17 back to that. 17 MR. BURDEN: Would you like water? MR. MAY: Yeah, I would love it. 18 A All right. 18 Q All right. So let's look at Exhibit 141, MR. BURDEN: Well, why don't we 19 19

20

21

22

23

24

both of you.

- 20 if we could, please. We're on the fourth page from
- 21 the end. It says Portfolio Management. It says
- 22 Win 500, 500, 500 and then it totals to 1500 and
- 23 then it says Lose 1,000. That totals to 1,000 and
- 24 then there's an equation at the bottom. What's

[10/11/2019] Ruth, Jeremy 2019-10-11

quickly finish this question and you can

do your pitch and I'll secure some water for

MR. MAY: Okay. So let me see if

I can't find Exhibit 140 so we're all looking

Page 293 Page 295 Q All right. So let's look at the bottom at the same page. 1 2 MS. STREIT: What's the Bates number 2 of this portfolio management slide in Exhibit 141, 3 please. So it says \$500 times 12 equals 6,000. 3 at the bottom, the last two digits? Then you 4 Is this meant to communicate to clients that for 4 can find it. 5 a hypothetical portfolio of the type you describe. 5 THE WITNESS: 27. 6 they can expect to receive \$6,000 a year? 6 MS. STREIT: It says Conclusion on it? 7 Α No. 7 THE WITNESS: No. 8 Q What's it meant to communicate to clients, 8 MS. STREIT: No, okay. MR. MAY: Is there a question pending? 9 please. 9 A In the event that you win three 10 I don't think there is. 11 and lose one position on a monthly basis in a 11 BY MR. BURDEN: 12 hypothetical situation, that -- and you have a Q Yes. The question was, Mr. Ruth, if you 13 1:2 risk-to-reward ratio and all the assets are 13 would, please, deliver me the pitch that you would 14 equally weighted, in this hypothetical situation 14 deliver to a client along with the fourth slide from 15 the end in Exhibit 141. 15 then you would win \$500 per month. And if you 16 carry that on every single month perfectly in A Yeah. I mean, I think it's --16 17 a hypothetical situation, you would make \$6,000 THE WITNESS: Am I allowed to go there? 17 18 a year. MR. MAY: If you want to. 18 A Let's just say based on the risk 19 Q All right. Now, were there any 19 real clients that you're aware of who achieved preferences of a person who owns this hypothetical, results such as this at Long Leaf Trading? 21 yeah, theoretical portfolio we're talking about, 21 MR. MAY: I'm sorry. 22 that would have us bring in \$500 per position. 22 23 A There's no --23 That would mean each position had a maximum outlay 24 MR. MAY: I'm sorry. Hold on. Didn't 24 of \$1,000 worst case scenario. If we design our Page 294 Page 296 positions --1 you ask him this last time? 1 2 2 MR. BURDEN: I don't know, but we're MR. MAY: She's got to take down 3 everything that you're saying, so you've got 3 going to ask him again. 4 to read it not like you're talking to somebody. 4 MR. MAY: Okay. We can keep asking, 5 You have to read it very slowly so she can take but I think he's answered it. 5 6 it all down, so very slowly. So maybe we should 6 A It has nothing --7 just start from the beginning. 7 MR. MAY: I'm sorry. Could you read back 8 THE WITNESS: I mean, can't we just 8 the question. reference G and H and then just write it in? 9 9 (Whereupon the portion of the record Do I have to say it? 10 was read as requested.) 10 11 MR. MAY: Yeah, that would be fine. 11 A It's not applicable to this situation. 12 BY MR. BURDEN: 12 BY MR. BURDEN: Q Say it, if you would, please. 13 Q Why do you say that? 13 A All right. So let's say based on A Because what you're -- real results 15 the risk preferences of a person who owns this 15 and what this is talking about, this is talking 16 theoretical portfolio we are talking about, would 16 about a hypothetical situation. It has nothing to 17 have us bring in \$500 per position. That would 17 do with the program. 18 mean that each position had a maximum outlay of Q Well, set aside Exhibit 141, if you 18 19 \$1,000 worst case scenario. A It's not applicable. It has no --3 3 And then Mr. Evans appears to write, "Same as all 4 either you're not understanding what is being said 4 customers. We will have to present him new trade 5 here or --5 rec's as they come out." Q Well, I want to get away from 6 6 Do you recall any discussions 7 Exhibit 141 because I hear what you're saying 7 with Mr. Evans about providing track records to 8 and I understand. But I'm asking you a separate 8 customers? 9 question, which is did you have any clients that 9 Α No. 10 made \$6,000 in profit over the course of a year at Q All right. Did you ever provide a track 10 11 Long Leaf Trading? 11 record to any customer of yours? 12 A It's possible. 12 Not that I recall. Q Okay. What were the names of those 13 13 Q Was that pursuant to a policy at Long Leaf 14 clients, please. 14 Trading? A Yes, I guess. 15 A I don't recall. 15 16 MR. BURDEN: I'll tell you what. 16 Q Why do you say that? 17 Let's take a break then, if we could, please. A Well, there is no track record for what 17 I'll fetch you guys some water. 18 18 we do. 19 (Whereupon a recess was taken from 19 Q Why do you say that? 10:30 a.m., to 10:55 a.m., after 20 20 A Because it doesn't meet the requirements which the following proceedings 21 21 from like either the CFTC or NFA in regards to track were had:) 22 22 records, the style of trading. 23 MR. Mr. Ruth, I want to hand 3 you know, everybody has to be doing the same thing 3 4 you what I've marked as CFTC Exhibit 142. Take 4 or the same -- I think it more applies to like CTAs 5 a moment to look over the document, please, and let 5 and CPOs than what we were doing. me know when you're finished. Q So this CFTC requirement that you're 7 discussing, did you ever read that requirement, that 7 A I'm ready. MR. MAY: I'm ready as well. 8 regulation? 8 A About track records? 9 BY MR. BURDEN: 9 Q Mr. Ruth, do you recognize the documents 10 Q Sure. 10 11 we've marked as CFTC Exhibit 142? 11 A Yeah, I think it's in -- I don't know A No. 12 if it's a CFTC thing. Maybe it's an NFA thing. 12 Q All so. Did you and Mr. Evans while 13 I'm not quite sure, but I've read something about 13 14 you were working at Long Leaf Trading use a chat 14 it. 15 system in the office? 15 Q All right. And where did you read A Possibly. 16 that? Like did you read it at work or somewhere 16 Q All right. So I want to show you this 17 else? 17 18 document and ask you some questions about it. It 18 A Yes. 19 says here -- it says Jeremy Ruth 1:13 p.m., and it 19 Was this something that Mr. Evans showed Q 20 reflects a chat that says -- and I'm skipping ahead 20 you? 21 in the chat. It essentially says that a customer 21 A No. I think it was -- I read it in 22 "was looking for a track record and you were trying 22 preparation for the Series 3. 23 to give him live rec's instead. Did you send 23 Q Okay. Well, let's set aside your 24 anything to him?" And Mr. Evans writes, "No, we 24 interpretation of track record for a moment, and

- 1 I'll ask did you ever provide any of your customers
- 2 with historical trading results for Long Leaf
- 3 customers?
- 4 A Not that I recall.
- 5 Q So why not?
- 6 A Why did I not do it?
- 7 Q Yeah.
- 8 A Because, I don't know, past performance
- 9 isn't indicative of future performance. I don't
- 10 think it benefits you.
- 11 Q Why don't you think it benefits
- 12 a person to know what a firm's previous trading
- 13 history did for their customers?
- 14 A Because you can't -- there's no indication
- 15 it's going to happen in the future.
- 16 Q But don't you think it would be relevant
- 17 to customers to know if a firm had no track record
- 18 or if the historical results for customers was bad?
- 19 Do you think that would be important to a customer?
- 20 MR. MAY: That's --
- 21 A I don't --
- 22 MR. MAY: Hold on. There's two
- 23 questions pending. Do you want me to have
- 24 the court reporter read it back to you because
 - Page 302
 - 1 I think it's a compound question. So you
 - 2 might be a little confused.
 - 3 BY MR. BURDEN:
 - 4 Q Are you confused?
 - 5 A I'm not confused. You're on both
 - 6 sides of the fence. You're telling me that you
 - 7 don't want me to send out a track record, and then
 - 8 now you're saying why don't you send out a track
- 9 record.
- 10 Q No, no, no, I'm not telling you anything.
- 11 A Yeah, you are.
- 12 Q I'm just asking you questions.
- 13 MR. MAY: Don't look for any implicit
- 14 meaning. Just answer his questions, okay?
- 15 A I have no comment.
- 16 BY MR. BURDEN:
- 17 Q All right. Was there a policy at
- 18 Long Leaf to not provide customers with historical
- 19 trading results?
- 20 A I can't answer that because there
- 21 is not historical trading results because it's
- 22 individualized for each individual person. So
- 23 there's not -- some people have different strikes.
- 24 Some people have different, you know, premium

- Page 303

 1 collection and things of that nature. So there
 - 2 isn't like a set standard for what is going on.
 - 3 So like the question just doesn't apply to those
 - 4 situations.
 - 5 Q Well, you see why I'm asking
 - 6 this question because, you know, it appears
 - 7 in Exhibit 142 like you were asking to provide
 - 8 a customer with a track record. And it sounds
 - 9 like Mr. Evans says -- in fact he writes here, no,
 - 10 we don't do track records. Do you recall any
 - 11 discussions with Mr. Evans about that?
 - 12 A I don't think that's what this says 13 at all.
 - 14 Q What do you think it says?
 - 15 A It says Harry Kaplan -- I think I'm
 - 16 memorializing a conversation with him.
 - 17 Q Got it, okay. So what are you
 - 18 memorializing then, please.
 - 9 A That Harry Kaplan was a guy that he
 - 20 talked to that wouldn't let you do a real demo
 - 21 and requested that you send him information, was
 - 22 looking for a track record and you were trying to
 - 23 give him live rec's instead. Did you send him
 - 24 anything.

- 1 Q And so how does Mr. Evans respond in 2 Exhibit 142?
- 3 A "No. we don't do track records."
- 4 Q Do you have any understanding of why
- 5 Mr. Evans would say that?
- 6 A Why?
- 7 Q Yeah.
- 8 A I mean, you've got to understand I've
- 9 been a licensed commodity broker here for like
- to be a large of the large of t
- 10 30 days. So I think I'm just like learning what's 11 going on.
- 12 Q Okay. So it sounds like you don't know
- 13 why he said that?
- 14 A I'm asking him how we're supposed to
- 15 proceed with soliciting this customer, potential
- 16 customer.
- 17 Q Got it. And did you ever talk
- 18 to Mr. Evans about providing track records to
- 19 customers?
- 20 A No.
- 21 Q Why not?
- 22 A Because you -- we don't -- from a
- 23 solicitation standpoint and the program doesn't fit
- 24 the requirements to be able to lawfully or within

Page 305 Page 307 1 Mr. Bruno get back when he closed his account? 1 regulations provide a track record. 2 Q Did you consult an attorney about that 2 A I don't recall. Q Were you Mr. Bruno's broker? 3 question? 3 A Me? No. A Yes. 4 4 Q All right. Let's put this one aside, 5 Q All right. And did Mr. Bruno trade 5 6 pursuant to the Time Means Money program? 6 if we could, please. 7 A (Witness complies). A I don't recall. (Whereupon CFTC Exhibit No. 143 8 Q Did you give your grandfather any special 8 9 recommendations? 9 was marked for identification.) A I don't recall. 10 Q I want to hand you what I've marked as 10 11 CFTC Exhibit 143, and take a moment to look it over, 11 Where does your grandpa live? 12 if you would, please. My grandpa's deceased. 12 13 A I'm ready. 13 Q I'm sorry to hear that. Did you have Q All right. Mr. Ruth, do you recognize 14 any other family members that invested with Long 14 15 CFTC Exhibit 143? 15 Leaf Trading? A No. 16 Α No. 16 Q All right. So I'm going to ask you 17 Did you invest with Long Leaf Trading? 17 A When you say "invest with," what do you 18 some questions about it anyway. Do you recall 18 19 this exchange? 19 mean by that? 20 A No. 20 Q Yeah. I guess the right way to put Q All right. Exhibit 143 reflects that 21 it is did you give any of your money to Long Leaf 21 22 Jeremy Ruth at 8:48 a.m. on November 4, 2015 writes, 22 Trading to trade pursuant to the Time Means Money 23 "Any word on my grandpa's check?" And it looks like 23 program? 24 A No. 24 this is a series of messages with Mr. Evans. Do you Page 306 Page 308 know what this might be referring to? Q All right. So let's look at the 2 second line of Exhibit 143, please. Jeremy Ruth 2 A I don't recall. 3 Q Did your grandpa, your grandfather invest 3 writes, "Also, can I get a performance statement with Long Leaf Trading? 4 to go over with Art Rieck?" Do you know who Art A No. He had an account at Long Leaf 5 Rieck is? 5 Trading. 6 A No. 6 7 Q Sorry. He did? 7 Q Let's put this one aside, if we could, 8 A Yeah, he was a customer. 8 please. 9 Α Q Oh, what was your grandfather's name, 9 (Witness complies). 10 please. 10 Q Who is Luis Molina? 11 A Mike Bruno. 11 A He's a broker at Long Leaf. I think 12 Q Did you have any other family members 12 it's Luis, though. 13 that had accounts at Long Leaf Trading? Q Oh, thanks. So was he a junior broker 13 14 14 or a senior broker, please. A I don't know his title. 15 Q How did your grandfather's account perform 15 16 at Long Leaf Trading? (Whereupon CFTC Exhibit No. 144 16 17 was marked for identification.) A I don't recall. 17 Q All right. I want to hand you what 18 Q Did you not talk to your grandfather 18 19 I've marked as CFTC Exhibit 144. And take a look 19 about it? A I just don't recall. This was four years 20 at it, please, and tell me when you're done looking 20 21 ago. 21 at it. Q Do you know how much Mr. Bruno invested?22 MR. MAY: Are you ready, Jeremy? 22

23

24

A I don't know. Maybe \$5,000.

Q All right. And how much of that did

THE WITNESS: Yes.

1 BY MR. BURDEN:

- 2 Q So, Mr. Ruth, I want to direct
- 3 your attention to the second numbered item on
- 4 Exhibit 144. If you look at the top, Mr. Molina
- 5 writes -- it says, "Write three questions you have
- 6 about Time Means Money, any investment vehicle,
- 7 geopolitical issues, politics, market correlations,
- 8 historical events, et cetera," and then it looks
- 9 like he's writing three questions here.

10 Did you ask Mr. Molina to write these

- 11 three questions?
- 12 A No.
- 13 Q Do you have any knowledge or
- 14 understanding of why he would have written these
- 15 questions to you rather than, you know, somebody
- 16 else?
- 17 A I think if I recall, I don't know
- 18 specifically, but we would have like a morning
- 19 meeting. And I think he is giving me questions
- 20 to -- and I would put questions together from
- 21 everybody to then ask Tim Evans so that he could
- 22 like explain the stuff to people.
- 23 Q Got it. So the second item here
- 24 Mr. Molina writes, "I had a prospect yesterday

Page 310

- 1 that insisted on a track record. I explained
- 2 to him that past performance is not indicative of
- 3 future performance. Also, that everything we do
- 4 here is custom to each individual, so everyone's
- 5 return is different. He said he is looking for
- 6 consistency and without a track record, wouldn't do
- 7 business. What would be a better way to approach
- 8 this?" Do you recall answering this question?
- 9 A No.
- 10 Q Do you remember what Mr. Evans'
- 11 answer was to this question, if he answered it?
- 12 A I don't recall.
- 13 Q All right. Let's put that one aside,
- 14 if we could, please.
- 15 A (Witness complies).
- 16 (Whereupon CFTC Exhibit No. 145
- 17 was marked for identification.)
- 18 Q All right. I want to hand you what
- 19 I've marked as CFTC Exhibit 145, and let me know
- 20 when you're ready to talk about this, please.
- 21 A I'm ready.
- 22 Q All right. Mr. Ruth, do you recognize
- 23 CFTC Exhibit 145?
- 24 A No.

Page 309

1 Q All right. Who's James Hatzigiannis?

- 2 A He's a broker at Long Leaf.
- 3 Q All right. So Exhibit 145 appears to be an
- 4 exhibit from Mr. Hatzigiannis to you and Mr. Prieto,
- 5 and the subject is Super Team Assignment. Do you
- 6 have any knowledge or understanding of what super
- 7 team refers to?
- 8 A Don't recall.
- 9 Q All right. So Mr. Hatzigiannis
- 10 begins the email by addressing it to you and to
- 11 Vince, and there's some questions at the bottom
- 12 and I want to focus in on the last question here.
- 13 So Mr. Hatzigiannis writes, "If someone says
- 14 I won't set the appointment unless you tell me
- 15 your annual return, do we tell him or just not set
- 16 him?" Did you respond to this question?
- 17 A I don't recall.
- 18 Q Do you recall if anybody else, such as
- 19 Mr. Prieto, responded to this question?
- 20 A I don't recall.
- 21 Q All right. So, you know, we've
- 22 been sort of going back and forth about your
- 23 definition of track record and why you feel like
- 24 it's not applicable. So I think this might be a

Page 312

- 1 good jumping-off point to find some common ground
- 2 on that. Mr. Hatzigiannis talks here about an
- 3 annual return.
- 4 Did you ever provide an annual
- 5 return or average annual return for customers
- 6 in the Time Means Money program to anybody you were
- 7 soliciting?
- 8 A Not that I recall.
- 9 Q Why not?
- 10 A Because it's not appropriate.
- 11 Q Why do you think that?
- 12 A Because I'm a -- well, I was a licensed
- 13 commodity broker and it's not appropriate.
- 14 Q But what is your basis for saying that
- 15 it's not appropriate?
- 16 A I don't know. Everything in that book
- 17 probably tells you not to.
- 18 Q What book are you referring to?
- 19 A The CFTC Exchange Act, the Commodity
- 20 Futures Exchange Act.
- 21 MR. MAY: Which color book are you
- 22 referring to?
- 23 BY MR. BURDEN:
- 24 Q What --

MR. MAY: Well, no. That actually is 1

- 2 a real question because there are two books
- 3 over there.
- 4 THE WITNESS: Both of them.
- 5 MR. MAY: Okay.
- 6 BY MR. BURDEN:
- 7 Q All right. So what provisions
- 8 of the Commodity Exchange Act or accompanying
- 9 regulations do you believe make it inappropriate
- 10 to share average annual returns of customers
- 11 participating in the Time Means Money program?
- A Well, I don't know specifically
- 13 like what sections of the Act or anything of
- 14 that nature, but there is no average annual return
- 15 because everybody does -- not everybody has the same
- 16 trades. And, furthermore, you have people coming in
- 17 and out of the program at different times and things
- 18 of that nature so ...
- 19 Q Well, you had suggested before
- 20 that you think that there's something in the Act
- 21 or the regs that would prohibit you from sharing
- 22 customer returns. Is that what you're getting at?
- 23 A That would prevent you from sharing
- 24 customer returns?

Page 314

- 1 Q Yeah.
- 2 A Yeah. It's my understanding that
- 3 there's certain things that have to I guess
- 4 qualify in order for you to be able to put together
- 5 some sort of document that shows what your annual
- 6 return is.
- 7 Q Okay. So --
- 8 A And this program and the way that
- 9 it's run and the customers that are involved and the
- 10 results, they don't fit in any of the requirements
- 11 needed to qualify to be able to do so.
- Q So where did you get that idea from? 12
- 13 Did somebody tell you? Did you read it?
- A The internet, speaking with people. 14
- 15 Q Who did you speak with?
- A Tim Evans. 16
- 17 Q Okay. What else? Sorry I interrupted you.
- A I don't know. Just, again, studying 18
- 19 for the Series 3 from like a textbook. I think it
- 20 says it on like some sort of disclosures and things
- 21 of that nature. I don't know. It's -- a lot of
- 22 places.
- Q All right. Did you consult any attorneys 23
- 24 about that?

Page 313

- A No, I -- the compliance officer at my
- 2 firm told me that.
- Q And that's Tim Evans? 3
- A Yes. 4
- So Tim Evans told you that you were 5 Q
- 6 forbidden from providing average rates of return
- 7 for customers participating in the Time Means Money
- 8 program?
- 9 A I don't know if he said that
- 10 specifically, but essentially giving people results
- 11 is not something -- we don't meet the requirements
- 12 in order to be able to do so.
- Q Okay. Did Mr. Evans tell you this in
- 14 like an email or a chat?
- A I don't recall. 15
- Q Do you know when he --16
- 17 A Actually, I can tell you one time he
- 18 told me. Going back to Exhibit 142 it says, "No,
- 19 we don't do track records," on 6/1/2015 at 1:22 p.m.
- 20 Q No. Yeah, I understand. We talked about
- 21 that one.
- 22 A Well, that's an example -- that answers
- 23 your question.
- 24 Well, what I'm interested in is when

Page 316

- 1 Mr. Evans told you that this was precluded by the
- 2 CFTC Act or regs.
- A I don't know specifically. This is four
- 4 to -- two to four years ago.
- Q All right. Do you remember if it was a
- conversation in person?
- 7 A I don't recall.
- 8 Was anybody else present during --
- 9 I don't recall.
- 10 Q -- that conversation? You've got to
- 11 let me finish, if you would, please. Was anybody
- 12 else present during the conversation?
- A I don't recall. 13
- Q All right. Let's put that one aside,
- 15 if we could, please.
- A (Witness complies). 16
- Q All right. Mr. Ruth, I want to hand you 17
- 18 what I've marked as CFTC Exhibit 110.
- MR. MAY: 110? Did we use -- is 19
- 20 this one of the ones you used last time?
- 21 MR. BURDEN: No.
- Q So take a look at it for me, if you 22
- 23 would, please, and tell me when you're ready to
- 24 proceed.

Page 317 Page 319 MR. MAY: Are you ready, Jeremy? 1 MR. MAY: Do you want to the court 1 2 THE WITNESS: Yes. 2 reporter to read it back? 3 BY MR. BURDEN: 3 THE WITNESS: Yeah. Q Mr. Ruth, do you recognize CFTC 4 MR. BURDEN: You know what, I think 4 5 Exhibit 110? 5 I can probably ask it a little bit better. 6 A No. 6 Q So what is the value in getting around 7 Q All right. So if we look at CFTC 7 the request for a track record? 8 Exhibit 110, the first email in the chain purports A I don't think -- I think you need to take 9 to be from Jeremy Ruth. It's dated April 27, 2017 9 away the word value. 10 to Mr. Leeney and Mr. Prieto and the subject is Q Okay. So --10 11 Calls to Review and the email reflects Jeremy A I think the value is in listening to 11 12 Ruth writing, "Bros, here are some calls I think 12 the call. 13 are worth the listen," and then I guess it talks 13 Q You say --14 about some calls. Was reviewing calls something A I don't think the value is in getting 14 15 that you would do with other brokers at Long Leaf? 15 around a track record. A What do you mean by reviewing calls? 16 16 Q But it says, "The value in this call 17 Well, the calls that you made were Q 17 is how to get around a request for a track record." 18 recorded, correct? A Yeah. So it's referring to like from 18 19 A Some. 19 a development standpoint that you can get value from 20 Q And you understood that, right? 20 this call by learning how to get around a request A That some were recorded? 21 21 for a track record. Q Yeah. 22 22 Q All right. But why is that valuable? 23 A Yes. 23 Like why is that a good thing that other brokers Well, would you go back and listen 24 would want to learn? 24 Page 318 Page 320 1 to them by yourself with other brokers? Because, I mean, you can't give out 2 A At times. 2 a track record, and so a lot of people get stumped Q All right. So do you know who Jerry 3 by that question. And so how to get around it is by 3 4 Krantz is? 4 telling them that you can't give out a track record 5 and being honest about it. 5 A No. Q All right. So in this email that 6 Q All right. Let's put this one aside then. 6 7 purports to be from Jeremy Ruth in Exhibit 110 7 A (Witness complies). 8 it says, "Jerry Krantz: Broker Premier, started 8 (Whereupon CFTC Exhibit No. 146 9 from a Pierre fuck-up but the value in this call 9 was marked for identification.) 10 is how to get around a request for a track record Q All right. Mr. Ruth, I want to hand 10 11 and how to show empathy so he feels you understand 11 you what I've marked as CFTC Exhibit 146, and please 12 him." And you say, "Let me know if you have any 12 read the document and let me know when you've 13 questions," and then Mr. Leeney responds, "Thanks, 13 finished reviewing it. 14 Bra." So did you write this? 14 THE WITNESS: Are you ready? 15 A It appears so. 15 MR. MAY: Not yet. Ready. A Yes. Q All right. This suggests, or suggests 16 16 17 to me anyway, that there's value in getting around 17 BY MR. BURDEN: 18 a request for a track record and showing empathy. Q All right. Mr. Ruth, I want to ask you 19 What is that value? 19 if you recognize CFTC Exhibit 146.

20

21

A I don't.

Q All right. So I'm going to ask you

22 some questions about it anyway. So there's an

24 to the broker team. Were you a member of that

23 email here from Mr. Evans dated September 19, 2016

24 did you say exactly?

20

21

23

22 please.

A I don't agree with that statement.

A I mean, I don't think you're -- what

Q Okay. Well, correct me, if you would,

1 broker team?

- 2 A It appears so.
- 3 Q All right. So Mr. Evans writes here,
- 4 "Going through the numbers, there are some obvious
- 5 and urgent changes that need to be made. First off,
- 6 the junior guys suck on the phone. This needs to
- 7 change and these guys need to know that they need
- 8 to. I did my best today with Mark, Brendan, Luis
- 9 and James to make them understand their performance
- 10 is shit and it needs to change now." Who are Mark,
- 11 Brendan, Luis and James?
- 12 A They're brokers at Long Leaf.
- 13 Q All right. What's Mark's last name,
- 14 please.
- 15 A Couldn't tell you.
- 16 Q What's Brendan's?
- 17 A Maybe Brendan Sears.
- 18 Q Luis is Luis Molina, correct?
- 19 A Yeah.
- 20 Q Yes?
- 21 A Yes.
- 22 Q And James is -- is that James Leeney?
- 23 A That's probably James Hatzigiannis.
- 24 Q Very good, thank you. So are these

Page 322

- 1 the junior guys that Mr. Evans is referring to?
- 2 A I believe so.
- 3 Q All right. So are there junior brokers
- 4 and senior brokers?
- 5 A Yeah, I guess.
- 6 Q So --
- 7 A It's like a team-based environment, yeah.
- 8 Q Got it. So why are Mark, Brendan, Luis
- 9 and James junior guys and you're a senior guy?
- 10 A I think it's just because I've been there 11 longer.
- 12 Q Is there a division of roles or was
- 13 there a division of roles between the junior brokers
- 14 and the senior brokers?
- 15 A Yeah. It was, like I said, a team-based
- 16 environment.
- 17 Q All right. So what did the junior
- 18 brokers do that the senior brokers didn't do?
- 19 A Nothing.
- 20 Q What did the senior brokers do that the
- 21 junior brokers didn't do?
- 22 A Communicate with clients and I guess
- 23 broker accounts, if you want to call it that.
 - 4 Q Got it, okay. And the junior guys didn't

1 do those things?

- 2 A Correct.
- 3 Q What did they do then? That seems like 4 the whole job.
- 5 A They would be the beginning stages of
- 6 the sales solicitation process.
- 7 Q Got it. And what are the beginning stages 8 real guick?
- 9 A Like setting up an initial appointment
- 10 through like a cold call and running what we call
- 11 like a demonstration.
- 12 Q Okay, thanks. So let's continue on
- 13 in this first paragraph in Exhibit 146. Mr. Evans
- 14 refers to the junior guys' performance as not being
- 15 good and he says, "But it is going to require
- 16 follow-through from you guys to make sure when
- 17 they come back to you as changes people" -- I think
- 18 that's a typo -- "that we go down a different path.
- 19 Let's get rid of the idea we are all pals. They
- 20 work for you. You pay them. They should do what
- 21 you tell them to do. Unless they are producing,
- 22 they are taking money out of your pocket and
- 23 putting it in theirs. This shit isn't supposed
- 24 to work like that, clearly."

Page 324

- 1 So Mr. Evans appears to write
 - 2 here that you pay them. Did you pay junior brokers?
 - 3 A I don't know how to explain this, but
 - 4 like he paid them but he would deduct money from us
 - 5 to pay them I guess or -- yeah.
 - 6 Q So it didn't come out of your pocket?
 - 7 A It did.
 - 8 Q Okay.
 - 9 A Technically. Like it would be on
 - 10 your payout, though. It wasn't -- so I think like
 - 11 maybe we went like half and half, so I think they
 - 12 had like a set salary of like 1500 bucks a month
 - 13 or something like that.
 - To or something like that
 - 14 Q So did you have your own junior guys or
 - 15 did everyone kind of share them?
 - 16 A They kind of shared them I guess,
 - 17 but I think his idea originally was we were supposed
 - 18 to have our own. I don't think it worked.
 - 19 Q So who was originally supposed to be yours?
 - 20 A I don't know. I don't recall. I know
 - 21 maybe Luis if I -- but then, I mean, I don't know.
 - 22 I think I might have had them all. I don't know.
 - 23 Q All right. So could you hire or fire these
 - 24 junior brokers?

Case: 1:20-cv-03758 Document #: 82-6 Filed: 11/05/21 Page 85 of 115 PageID #:2132 Page 325 Page 327 1 A I don't know. 1 (Whereupon CFTC Exhibit No. 147 2 Did you fire any of these junior brokers? 2 was marked for identification.) 3 Q All right. Mr. Ruth, I want to hand 3 A I don't think so. Q Were any of the junior brokers fired? 4 you what I've marked as CFTC Exhibit 147. Let me 4 A What, like these four? 5 know when you've finished reviewing it, please. 5 MR. MAY: Are you ready, Jeremy? 6 Q Any junior broker. 6 7 THE WITNESS: Yes. 7 A Oh, I would assume, yeah. Q Well, who? 8 8 BY MR. BURDEN: 9 A I don't know their names, but there Q Mr. Ruth, do you recognize CFTC 10 was other ones. I mean, I think you try to --10 Exhibit 147? 11 you know, you hire seven and like some guy doesn't 11 A No. 12 show up. I think he gets fired, you know, 12 Q All right. So it's an email that appears 13 something like that. 13 to be from you from jruth@longleaftrading.com to a Q Well, did you fire anybody? 14 bunch of other people dated February 6, 2017. 14 15 Who is Michael Bauer, please. 15 A I think -- if I recall, maybe one 16 time Tim had asked me to, you know, like pass A He was a broker at Long Leaf Trading Group. Q All right. So all the guys in the To field 17 a message to somebody that they were no longer 17 18 working there. But I don't -- I mean, it wasn't 18 are brokers, correct? 19 like I made that decision or anything of that 19 A Yes. 20 20 nature. Q All right. And the subject is Demo Q And who was it that you passed this 21 Flake Attempting Reschedule New List. And the 21 22 message to? 22 email reflects that Jeremy Ruth is writing, "Team, 23 A What is this kid -- I don't remember what 23 we have not been doing a good job resetting demos. 24 the kid's name was. 24 The resets are not of quality and they are not Page 326 1 Q And was he a junior broker? 1 happening. To change this outcome I have created 2 A Yeah. 2 a new dialer list for all of you to access entitled 3 Q All right. Did you get to hire any 3 'Demo Flakes - Be Relentless.'" Is this something 4 junior brokers? 4 that you wrote? 5 A No. 5 A It appears so. 6 Q Did you get to interview any prospective 6 So this Demo Flakes Be Relentless dialer, junior brokers? 7 what's that, please. 8 A I would sit in like with Tim on interviews 8 A It's like a -- through the CRM you 9 sometimes. can create lists for, you know, people to call. Q Did you have like a say in who got hired, Q And did you do that here? 10 10 11 like a vote or input? 11 Α That's what it says, yeah. All right. So jumping to the next 12 A Not that I'm aware of. 12 13 paragraph the email says that Mr. Ruth is writing, 13 Q Well, did you tell Mr. Evans who 14 you thought did well or didn't do well or who he 14 "We need to hit this list and hit it hard. If 15 should hire or not? 15 you are smart, you would go ham on this list sooner 16 16 rather than later. It's first come first served. A No. 17 I'll be keeping stats on this list and making 17 Q So why did you sit in on the interview 18 adjustments to my strategy in regards to demo 18 then? A I don't -- I mean, I don't know. 19 flakes attempting reschedule based on those stats. 19 Q All right. Let's put this one aside, 20 How did you keep track of these stats, please.

21

22

24

A I don't recall.

A I don't recall.

23 strategy regarding demo flakes?

What adjustments did you make to the

A (Witness complies).

21 if we could, please.

20

22

23

24

7

Q Was this program a success? 1

2 A I don't recall.

Q So why are you the guy that's 3

4 sort of taking charge of this attempt to reduce

demo flaking?

A Why am I? 6

Q Yeah. 7

A Well, it's a team-based environment. 8

9 So these guys set demos and if the people don't show

10 up, then I don't have anything to do. So I probably

11 wanted something to do.

Q All right. Let's put that one aside,

13 if we could, please.

A (Witness complies). 14

Q All right. So, Mr. Ruth, how were 15

16 your customers at Long Leaf Trading able to keep

17 track of the profit and loss from their trading?

A How were they? 18

Q Yeah. 19

20 A I would assume from their account

21 statements.

Q Okay. So the customers get account 22

23 statements from -- when you were there -- Gain,

24 right?

Page 330

A Yes. 1

2 Q All right. So did they get any kind

3 of statement from Long Leaf saying how they're

4 doing?

5 A No.

6 Q Why not?

A Because the official record of their 7

8 account is the account statement.

Q All right. Did customers express

10 confusion to you about the account statements they

11 received from Gain?

A Yes. 12

Q Was that a fairly frequent occurrence? 13

A I think it's a frequent occurrence for 14

15 everybody who has a futures account.

Q Why is that? 16

17 A Because the statements are confusing.

Q All right. You just saved yourself four 18

19 exhibits.

20 MR. MAY: Want to share them with me just

in case I want to use them? 21

22 MR. BURDEN: Yeah. I mean, they're

customers complaining about how the statements 23

are confusing.

Page 329 1 MR. MAY: Okay.

> 2 THE WITNESS: I don't think that's a me

3 issue or a Long Leaf issue, though.

MR. MAY: Yeah. I think you said it was --4

5 THE WITNESS: Yeah.

6 BY MR. BURDEN:

Q So this is what I want to ask about.

8 I'm not allowed to have an opinion on this in

9 testimony, but you can imagine what it is since

10 everybody thinks that these Gain statements are

11 confusing and difficult to follow. And you think

12 that, right?

A I did at one time, yeah. 13

14 Yeah. But you get them now?

Yeah. 15 Α

16 Q But imagine if you're a retail

17 customer, it would be hard to make heads or tails

18 of. Do you think that's right?

19 A Yeah, I agree.

20 Q All right. So my question is why

21 didn't Long Leaf as a company -- I'm not talking

22 about you in particular necessarily, though we'll

23 get to that. So did you -- do you have an

24 understanding of why Long Leaf didn't tell clients

Page 331

1 sort of how they were doing on a day-to-day or

2 month-to-month or trade-by-trade basis?

A Well, the official record of the

4 account is the account statement. So I don't

5 think you're allowed to within regulations provide

6 them anything else besides their account statement

7 and --

8 Q So -- sorry.

9 A So they had daily statements.

10 They have access to a platform that can show

11 them I guess what's going on in real time.

12 I mean, there's many different ways that they

13 could obtain that information, and I think it's

14 the responsibility of the client to know what

15 they're doing as well.

Q All right. Well, let me ask you this. 16

17 Did you ever ask Mr. Evans why Long Leaf didn't

18 just tell customers how the trades did after they

19 closed?

20 Α Did I ever ask him why?

21 Q Yeah.

22 Not that I recall. Α

23 Q Did you ever wonder?

24 I mean, I already know the answer, 1 though. So --

- 2 Q What's the answer? What's the answer?
- 3 A You can't provide a client anything outside
- 4 of the account statement.
- 5 Q Why do you think that?
- 6 A Because I think that's the rules and
- 7 regulations call for that.
- 8 Q Well, what rules or regulations say that?
- 9 A I don't know specifically, but I know
- 10 it's somewhere in there.
- 11 Q All right. So is this something that
- 12 somebody told you? Did you find it yourself?
- 13 A I've -- in preparation for the Series 3,
- 14 I think I read about it. I've read about it in
- 15 other things. Look at -- reading NFA complaints
- 16 and decisions I get the impression that, you know,
- 17 people are giving false statements to clients.
- 18 I don't know. Reading about Bernie Madoff and
- 19 him providing false statements to his clients,
- 20 I think --
- 21 Q Well, I want to --
- 22 A -- it's pretty obvious that you
- 23 shouldn't give anybody anything except for the
- 24 official statement of their account, which is a

Page 33

- 1 statement provided by Gain Capital which is sent2 to them.
- 3 Q So I want to push --
- 4 A And we confirm that they can open the
- 5 statements and that they've read statements and
- 6 things of that nature periodically throughout the 7 account.
- 8 Q So I want to push back on that a little
- 9 and explore. Certainly you can't provide customers
- 10 with false statements. You understand that, right?
- 11 A Yes.
- 12 Q But what about true statements
- 13 of how their trades did? Your testimony is that
- 14 you believe it's against the rules?
- 15 A Yes.
- 16 Q All right. What rules is it against?
- 17 A I don't know specifically.
- 18 Q Did somebody tell you it was against
- 19 the rules?
- 20 A Yes.
- 21 Q Who told you that?
- 22 A Tim Evans.
- 23 Q Anybody else?
- 24 A During the time period that we're talking

- Page 333 1 about, no, that would be it.
 - 2 Q All right. What about after the time
 - 3 period?
 - 4 A I mean, Ryan Griffith told me.
 - 5 Q All right. And who's Ryan Griffith?
 - 6 A He's an AP at Postrock Trading Group.
 - 7 Q All right. Anybody else tell you that
 - 8 you can't share true information with customers
 - 9 about account performance?
 - 10 A No.
 - 11 Q All right. So when Mr. Evans
 - 12 told you that you can't provide customers with
 - 13 truthful information about how their trades did --
 - 14 A Oh, that's not what I'm saying.
 - 15 Q Okay. What are you saying?
 - 16 A I'm saying that you can't make
 - 17 a document, outside of their account statement,
 - 18 and send it to them that has anything to do with
 - 19 account performance.
 - 20 Q Got it, okay. So did Mr. Evans tell
 - 21 you that?
 - 22 A Yes.
 - 23 Q When did he tell you that?
 - 24 A Since the day I started.

Page 336

- It 1 Q All right. Well, am I going to find
 - 2 any emails or texts or chats?
 - 3 A I don't recall.
 - 4 Q All right. Did he tell you this verbally?
 - 5 A I don't recall.
 - 6 Q Do you recall if there were other people
 - 7 there when he told you this?
 - 8 A A lot of times when things were
 - 9 communicated of this nature, it would be like
 - 10 senior brokers around. So it could be Tony Klancic,
 - 11 Vince Prieto, James Leeney. I don't recall
 - 12 specifically, but those would be the people.
 - 13 Q Got it. Did you consult an attorney
 - 14 with respect to this? Did you ever ask an attorney,
 - 15 hey, is it okay to provide customers with things --
 - 16 A No, I never had an attorney as an
 - 17 AP. I have a compliance department. I go to
 - 18 the compliance department. If I have any questions,
 - 19 the compliance officer tells me that is the rule
 - 20 of the law.
 - 21 Q All right. And that compliance department
 - 22 is Tim Evans, right?
 - 23 A Yes.
 - 24 Q Is Tim Evans an attorney, do you know?

Case: 1:20-cv-03758 Document #: 82-6 Filed: 11/05/21 Page 88 of 115 PageID #:2135 Page 337 Page 339 1 A Not that I know of. 1 BY MR. BURDEN: 2 Did you ever call the NFA and ask if it Q All right. Mr. Ruth, do you recognize 3 was okay to provide --3 the emails in Group Exhibit 148? A No, it's not -- it's inappropriate 4 A No. 5 because it's -- again, I have an internal compliance 5 So I want to ask you some questions about department. I go to the compliance department. 6 them anyway. Let's turn, if we could, please, to The compliance department tells me what to do. 7 the second and third emails in the exhibit. I'm not 8 Q So you never called the NFA and asked? 8 going to ask you about the first one. If you look, 9 A No. It's not appropriate for an AP 9 there's an email from jruth@longleaftrading.com 10 to do that because an AP has a chain of command, 10 dated June 22, 2017 to this odd string of characters 11 which is to go to your compliance department. 11 and numbers at route@ihance.net. Do you know what 12 Q Well, I want to push back a bit 12 that is? 13 on this, your view that it's inappropriate, 13 MR. MAY: I'm sorry. Could you -are you referring -- there's two emails 14 or let's say explore it. So you think that it's 14 15 inappropriate for you to ask questions of the NFA 15 apparently to that email address. Are you 16 because there's a chain of command? referring to the one at 12:21 p.m. or to the 16 17 A Yes. 17 one at 11:57 a.m.? Q But do you think that the NFA would have 18 18 MR. BURDEN: Well, let's just say 19 refused to answer your question? 19 12:21 p.m. because it's the same for both. 20 A I don't even know if there's a form for 20 Q I just want to ask if you know what this 21 the NFA to answer my question as an AP. 21 address is. Q Well, they have a phone number, right? 22 22 A No. 23 Α Correct. 23 Q All right. So it says Subject: 24 And they have a market regulation 24 Long Leaf Trading Group Position Update and it Page 338 1 department that you're familiar with, correct? 1 says Barry. Did you have a customer named Barry? 2 A No, I'm really not. Do they actually 2 A Not that I recall. Q All right. So let's look, if we 3 have one? 3 4 Q Well, you've recently been subject 4 could, please, to the second paragraph. And I 5 want to focus on the last couple sentences in this 5 I understand to some interviews by NFA, correct? 6 paragraph. And the email reflects that Mr. Ruth is 6 Q And do you know what division of the 7 7 writing, "When we are holding positions and a market NFA that was or what department? 8 turns unexpectedly, obviously it's not a good thing. 9 But when we are then reinitiating the portfolio, A No clue. Is that who I would call, 9 10 though? 10 we are now capturing that existing volatility with 11 higher premiums on our option sales. This is why 11 Q I can't answer your questions, 12 but I'll bet you can talk to your counsel about 12 we tend to perform well coming out of these periods 13 it. 13 where we take a loss." Did you write that? James Leeney wrote it. 14 A All right. 14 15 (Whereupon CFTC Exhibit No. 148 15 Q Well, what does that mean?

was marked for identification.) 16

17 Q All right. Mr. Ruth, I want to show you

- 18 what I've marked as CFTC Exhibit 148. And please
- 19 review the document and indicate for me when you've
- 20 finished reviewing it. And I should have mentioned
- 21 148 is a group exhibit.
- 22 MR. MAY: I'll be ready in a few minutes.
- Are you ready, Jeremy? 23
- THE WITNESS: Yes. 24

- What do you mean? 16
- Q Well, did he send this email? Did you 17
- 18 send the email?
- 19 A I think it's -- he writes -- I think
- going back to the first one, he like writes these. 20
- 21 Q Yeah, so don't let this first one
- 22 trip you up. I'm not sure why I attached it to
- 23 the group exhibit. I'll just be honest with you --
- 24 A I know. But James Leeney -- like I don't

1 do -- I wouldn't do market stuff.

2 Q Got it.

So like he would write these emails 3

4 and then I would, you know, sometimes send it out

5 to the clients before I got on the phone with them.

6 Q All right. So now you'll see that

7 this email from Mr. Leeney to you, the first email

8 in 148, it's dated June 23, 2017.

9 A Yeah.

Q And you're sending these out on the 10

11 22nd. I put these together, and maybe I shouldn't

12 have done. That's the nature of a group exhibit.

13 I just want to make sure that you're testifying from

14 memory and not because you're looking at my goofy

15 exhibit and trying to figure out what it means.

A Yeah. I'm not saying that this

17 specific -- this is an example of an email that

18 he would send to me and then I would take -- like

19 copy, you know, portions of --

20 MR. MAY: You're pointing to a page.

Perhaps we should identify which page in 21

Group Exhibit 148 that you're pointing to. 22

23 BY MR. BURDEN:

24 Q All right. So I think I can help Page 341 A Again, he sends like a blanket email

2 that's similar to the one on the first page, and

Page 343

3 then I pick like a portion of it to put into my

4 message.

Q Got it. So is that Mr. Leeney's like 5

assigned job? Like why does --

7 A No, it was just --

Q -- he do that? 8

9 A This is like a month or two before

10 I left. And, you know, I believe we were getting

11 more concerns about like performance, and these are

12 trades that I didn't like design or I didn't have

13 anything to do with. So I'm just lending him

14 this like process of transferring information.

15 So I think it was more of he was assisting in that

16 because he's like the market guy I guess or next

17 in line to Tim.

18 Q All right. So when you talk about

19 concerns with performance I think you said, what

20 concerns did you have?

21 A I didn't have concerns.

22 So what are you talking about?

23 A Like a client would come to me and

24 ask me more questions. Like they were asking

Page 342

Page 344 1 me deeper questions at the time about specifics

2 about the actual trade, and so I reached out to

3 other people to gather that knowledge because I

4 didn't have it firsthand because they're not my

5 trades.

Q Got it. So I want to point to this

7 last sentence -- I was going with this before --

8 where you say "we tend to perform well coming

9 out of these periods where we take a loss." So

10 is that sort of Mr. Leeney's verbiage?

11 A Yeah. I think what he's saying is

12 is that you're getting lots of volatility at

13 the end of the option period, which is bad for

14 the current positions, but it's good for the next

15 positions because of the fact that if there's an

16 increase in volatility, that means there's increase

17 in premium collection, which means that when you

18 do win, you can win more and when you lose, you

19 can lose less because of the fact that you're

20 collecting more premium.

21 Q All right. And did that happen for

22 customers while you were at Long Leaf Trading?

23 Did their accounts tend to perform better coming

24 out of losing trades?

1 with this. So let's take a look, if we could,

2 please, at the --

MR. MAY: Well, I cut you off, Jeremy. 3

4 Did you want to keep going? I mean, I just

5 wanted you to clarify you were pointing to

6 the first page --

7 THE WITNESS: Yeah.

MR. MAY: -- of Group Exhibit 148. 8

9 A The email would have been sent by me.

10 The content of the email is written essentially

11 by James Leeney. This specific -- I'm not saying

12 that because of the, you know --

13 BY MR. BURDEN:

Q Got it, okay. That's what I'm making 14

15 sure of.

A Because of this email, but like this 16

17 type of language isn't -- it's not necessarily

18 mine.

Q Got it. All right. So looking at 19

20 this portion of Exhibit 148, it's Bates labeled

21 Long Leaf Trading 362715, and that's the email from

22 Jeremy Ruth sent June 22, 2017. So your testimony

23 is that you sent this email but Mr. Leeney wrote

24 the text?

Page 345 Page 347 1 know --A I think there's times, yeah. 1 2 2 Q And when were those times? MR. MAY: Check in with the office. 3 MR. BURDEN: -- when you guys are ready A I couldn't tell you specifically. 3 4 to talk about this one, please. Q How many times did that happen, 4 5 that there was better performance after a period 5 MR. MAY: This is Exhibit 149? 6 MR. BURDEN: Correct. 6 of loss? A I couldn't tell you specifically, but it 7 MR. MAY: Are you ready, Jeremy? 7 8 happened. 8 THE WITNESS: Yes. Q All right. Let's put this one aside, 9 BY MR. BURDEN: Q All right. Mr. Ruth, do you recognize 10 if we could, please. 10 11 CFTC Exhibit 149? 11 A Just to reiterate, all of these 12 communications that like when somebody does --12 A Yes. What is it, please. 13 like, for example, James Leeney is designing 13 Q It's an email --14 that email, that's all being routed through the 14 All right. 15 compliance department before it's going out to 15 Q -- chain. 16 a customer and being approved. So it's not --16 Α 17 nothing like goes to a customer without it being 17 O And who's Chris Zolton? 18 approved by the compliance department. 18 He was a customer of mine. Q And by that you mean Mr. Evans? 19 Q All right. So Exhibit 149 reflects 19 A Yes. 20 Mr. Zolton writing to you and he says, "Hi, Jeremy. 20 21 What kind of return are we looking for? Was it (Whereupon CFTC Exhibit No. 149 21 22 12 percent annually or monthly? Chris." And you 22 was marked for identification.) 23 see the email at the top which says, "You will get 23 Q All right. I want to hand you what 24 I've marked as CFTC Exhibit 149. And take a minute 24 to design that. Normally with a 10K account my Page 346 1 with it, please, and let me know when you've 1 clients target \$500 to \$1,000 per month. Obviously 2 there are going to be months where we don't win, 2 looked at it. 3 but getting an average of win in that range is MR. MAY: Hey, Ashley, we're about at 3 4 the 1 hour and 15-minute mark. Do we -- and 4 a realistic target." So did you write that top 5 bit? it's around lunchtime. Do we have an idea about 5 maybe when we're going to take a break, how long A It appears so. 6 6 we're going to break? 7 Q All right. So how many of your 7 8 MR. BURDEN: I mean, we're doing great 8 clients at Long Leaf Trading had an average win 9 rate of 12 percent? 9 here. If you want to take a break after this exhibit, I'm happy to do that. We'll come back 10 A Well, if you read what I'm --10 MR. MAY: I'm sorry. Did you --11 and do --11 was the question an average win rate of 12 MR. MAY: Okay. I think maybe 12 13 12 percent? when we're off the record, maybe we could 13 MR. BURDEN: Sure. go through the exhibits that maybe I plan on 14 14 A I'm not -- I don't know. I don't --15 using this afternoon and narrow them down. 15 16 I mean, you're inferring that by my statement MR. BURDEN: Okay. 16 17 I'm saying that I represented that to him, which MR. MAY: But we don't have to do that 17 18 I didn't. 18 on the record. Q Okay. Well, you say here, "Normally MR. BURDEN: All right. Well, I'll 19 19 20 with a 10K account my clients target \$500 to \$1,000 tell you what. Do you want to do a break 20 after this exhibit? 21 a month. Obviously there are going to be months 21 22 where we don't win, but getting an average of win MR. MAY: I think it's, yeah, probably 22 23 in that range is a realistic target." 23 time. I probably want to check my emails.

24

24

MR. BURDEN: Great, okay. So let me

So what customers did you have

Page 349 Page 351 1 that had an average win of let's say 500 to \$1,000 1 A That's not what I'm saying. 2 MR. MAY: Okay. Do you mind if 2 per month? 3 I actually state that you've kind of been 3 A Again, I'm not saying that. Q Okay. So what are you saying here? 4 asking him that since the last time, and this 4 5 Help me out with this, please. 5 time --MR. MAY: Well, okay. Is the question 6 6 MR. BURDEN: So is this an objection? what's written on Exhibit 149 or is the question 7 7 MR. MAY: It is not. 8 what he recalls? 8 MR. BURDEN: What do you think is going 9 9 to happen with it then? MR. BURDEN: It's not either one of those MR. MAY: Well, okay. My point is 10 10 is that he's answered the question each and Q Mr. Ruth, set me straight. What are you 11 11 12 talking about in this email? 12 every time. MR. MAY: Do we -- I'm sorry. That's 13 MR. BURDEN: Have you seen this exhibit 13 another question. Is the prior question 14 14 before? stricken because now I think there's multiple MR. MAY: This exhibit? 15 15 questions floating --16 16 MR. BURDEN: Yes. MR. BURDEN: Are you going to be 17 17 MR. MAY: Okay. But you're asking him how many of his clients, and every time he's really formal about investigative testimony? 18 18 asked -- you've asked him that question he said 19 MR. MAY: No. I just want to -- I just 19 20 want to make sure that --20 he can't recall and he gives you the reasons 21 MR. BURDEN: What are you doing here? 21 why he can't recall. 22 Are you objecting? Are you just talking? 22 MR. BURDEN: Yeah, I don't think MR. MAY: Well, okay. No, I'm not 23 23 that was his testimony. I think we're still objecting. I'm observing that it might be --24 working through this. 24 Page 350 Page 352 his response might be difficult later when MR. MAY: I think you're ignoring all 1 1 2 we're looking at the transcript to see which 2 the other exhibits then. 3 3 response he's responding to if there are MR. BURDEN: Have you seen this exhibit multiple questions pending. 4 4 before? MR. BURDEN: Yeah, let's assume 5 5 MR. MAY: No. 6 there's one pending at a time and it's the 6 MR. BURDEN: Was this used previously? 7 7 last question I asked. So --MR. MAY: No, I don't think it was. 8 MR. MAY: I'm okay with that. 8 MR. BURDEN: No, it wasn't. That's right. 9 MR. BURDEN: -- to accommodate you, 9 MR. MAY: Right. 10 Mr. May, I'll make it very clear that previous 10 MR. BURDEN: So we're going to go questions are stricken. through this one just like the rest of them, 11 11 MR. MAY: Thank you. 12 and there's more. 12 MR. MAY: Okay. I'm sure there are 13 BY MR. BURDEN: 13 Q And, Mr. Ruth, I would like you to 14 but, I mean -- okay. I just think that, 15 tell me what you're communicating to Mr. Zolton 15 again, I think --16 in this email. 16 MR. BURDEN: I know what you think. A I am telling him that based off 17 MR. MAY: -- his testimony's not going 17 18 of the premium collection of my clients who have to change no matter how many exhibits you 18 19 \$10,000 accounts, that it is possible for a win to 19 show him because he's given you reasons why 20 be in the range of 500 to \$1,000 when that does --20 he can't recall. And you're upsetting his dog. 21 when there is a win because of the fact of the 21 MR. BURDEN: Yeah. I want the record to reflect that Mr. Ruth brought his dog. 22 premium collection. 22 Q All right. And so for how many of your 23 23 Q Is that correct, Mr. Ruth? 24 clients did this happen for? 24 Α Yes.

Page 353 MS. STREIT: I'm surprised he was let

2 into the building.

1

3

4

5

6

7

8

9

10

MR. MAY: Yeah. Maybe now that that's reflected, that Mr. Ruth's dog is in an airline container where the dog is not able to leave the bag I guess is the best way to describe it -- I've never had this happen before.

MR. BURDEN: The CFTC has no objection to the dog and doesn't care at all.

Q All right. So let's return, if we

11 could, please, to Exhibit 149. How many of your

12 clients at Long Leaf Trading enjoyed wins of 500

13 to \$1,000 per month?

14 A I would -- every single one of them.

15 Q All right. And so did they have an

16 average win rate of 500 to \$1,000 a month over the 16

17 course of the life of their accounts?

18 A No, but that's not what's being

19 represented in this statement.

20 Q So what are you trying to tell Mr. Zolton?

21 A That based off of the premium

22 collection that you can get with a \$10,000

23 account and the four positions, that I can say

24 it's realistic for -- in the event that you were

Page 354

- 1 to have a winning month, that it could be within
- 2 that 500 to \$1,000 range.
- 3 Q All right. So I want to draw attention
- 4 to your use of the word average, and that's sort
- 5 of the source of my line of questioning here. You
- 6 write, "Obviously there are going to be months where
- 7 you don't win, but getting an average of win in that
- 8 range is a realistic target."
- 9 So when you talk about an average
- 10 of win in that range, do you mean an average of win
- 11 in the 500 to \$1,000 a month range?
- 12 A Can you repeat the question?
- 13 Q Sure. So when you talk about getting
- 14 an average of win in that range, the range you're
- 15 referring to is 500 to \$1,000 per month, is that
- 16 correct?
- 17 A Yeah, but you're taking out the word "is a
- 18 realistic target."
- 19 Q Yeah, right.
- 20 A That's an important part of the whole
- 21 statement.
- 22 Q No, yeah, we got the statement. So
- 23 my question is how many of your customers had an
- 24 average of 500 to \$1,000 profit a month in their

1 accounts?

- 2 A I don't -- that's not -- I'm saying
- 3 that in the event let's say you have a winning
- 4 month, it is realistic for that winning month to
- 5 be in the range of 500 to \$1,000.
- 6 Q Got it. So let's put that aside
- 7 for a second and let me just ask you separate
- 8 and apart from Exhibit 149 --
- 9 A Okay.
- 10 Q -- how many of your clients had
- 11 an average profit of 500 to \$1,000 per month in
- 12 their account over the life of the account?
 - A That's -- I don't -- again, this
- 14 is going back to my previous testimony is is that
- 15 we only look at one month at a time.
 - Q But it says here -- and I've got
- 17 to push back on this a little bit. You're talking
- 18 about an average and that's why I'm focused on
- 19 averages. So how many of your clients had average
- 20 profits of 500 to \$1,000 per month in their account
- 21 over the life of the account?
- 22 A Well, that's not the intention of
- 23 the statement. The intention of the statement
- 24 is to say that in the event that you have a winning

Page 356

- 1 month, based off the premium collection that you 2 could collect on a \$10,000 account, it is realistic
- 3 for it to be in the target range of 500 to \$1,000.
- 4 Q But what customers did you have that
- 5 enjoyed that average?
- 6 A I have -- I had customers that had
- 7 winning months where the winning month profits
- 8 were in the range of 500 to \$1,000.
- 9 Q And did those customers have average
- 10 profits on a monthly basis over the life of their
- 11 account --
- 12 A I don't know.
- 13 Q You've got to let me finish.
- 14 MR. MAY: You can't answer his question
- until he's done asking it.
- 16 THE WITNESS: All right.
- 17 BY MR. BURDEN:
- 18 Q -- of 500 to \$1,000 a month?
- 19 A I don't know. I don't recall.
- 20 MR. BURDEN: All right. Do you guys want
- 21 to do your lunch?
- 22 MR. MAY: That works for me.
- 23 MR. BURDEN: Great, okay. Let's go off
- 24 the record, please.

Page 357 Page 359 1 customers at Long Leaf who made \$45,000 on a 1 (Whereupon a lunch recess was taken 2 from 12:25 p.m., to 2:05 p.m., after 2 \$150,000 account? A Are you asking me this in relation to 3 3 which the following proceedings were 4 the video -- the audio you just played? 4 had:) 5 Q Yes. 5 AFTERNOON SESSION A I mean, that's not what the audio is 6 6 JEREMY RUTH, 7 talking about. 7 called as a witness herein, having been previously 8 Q All right. So what's that audio talking sworn and examined, testified further as follows: 9 about? 9 FURTHER EXAMINATION (Cont'd.) A I think it's talking about a commission 10 10 BY MR. BURDEN: 11 discount and how that affects the bottom line in the Q All right. So, Mr. Ruth, I'm going 11 12 event that there's a return. 12 to play you an audio file produced by Long Leaf 13 Trading. Q All right. Well, did you have any 14 customers that achieved the return that you're MR. BURDEN: I'm going to mark 14 15 describing to Mr. Caldwell on the call? it as CFTC Exhibit 150. The file name is 15 A Well, Mr. Caldwell is completely 05-03-2017_JAYCALDWELL --16 16 17 different from all my other clients because MR. MAY: Could you do the dates again, 17 18 it's a significant amount more money than any Ashley? 18 19 other client that I think I've had. MR. BURDEN: Sure. 05-03-2017 JAYCALDWELL 19 20 Q All right. So did you have any clients _3527464855. 20 21 who achieved a \$30,000 return over the course of (Whereupon CFTC Exhibit No. 150 21 22 a year? was marked for identification.) 22 23 MR. MAY: Course of a year? Q So, Mr. Ruth, does the name Jay Caldwell 23 24 MR. BURDEN: Yeah. 24 ring any bells for you? Page 358 Page 360 1 A No. A I don't know. But, again, this 2 MR. BURDEN: All right. So I want 2 guy's got four times the amount of money that 3 to start this at 1 hour. 18 minutes and 3 like my average client had. So I don't think

4 40 seconds. Let's see how --5 MR. MAY: Could you tell me how long 6 the whole thing is? 7 MR. BURDEN: 113 minutes and 8 seconds. 8 MR. MAY: 113 minutes and 8 seconds. MR. BURDEN: Or, you know what, I 9 take that back. I'm reading the wrong field. 10 It's 1 hour, 53 minutes and 8 seconds. 11 THE WITNESS: And we're starting where? 12 MR. BURDEN: At 1:18:40, if I can get 13 14 it to work. So we're starting at 1:18:19, which is close enough. 15 (Whereupon the audio was played.) 16 MR. BURDEN: So I want to stop it there 17

20 MR. BURDEN: Yeah. Q So, Mr. Ruth, is that your voice on the

21 22 call?

23 A Yes.

at 12:04.

18

19

24 Q All right. So did you have any 4 that's -- I don't -- yeah, I mean, I don't recall

5 anybody having a \$30,000 return.

Q Did anybody that was your client have 7 more than a \$30,000 return?

8 A I don't recall.

Q Did anybody who was your client have

10 a 20 percent return or anything close to that over

11 the life of their account?

12 A I don't do anything over the life of

13 the account. We live -- as I've testified before,

14 we live on a month-to-month basis when we talk about

15 results with our clients.

Q All right. And do you say that to 16

17 the client? You know, and I'm talking generally

18 about calls, you know. I hear you kind of telling

19 me that you look at things on a month-to-month

20 basis, is that right?

21 A Correct.

Q So when you're talking to clients, 22

23 am I going to hear calls where you tell them,

24 listen, this only relates to one month at a time?

[10/11/2019] Ruth, Jeremy 2019-10-11

MR. MAY: 12:04?

7

Page 361 A Yeah, I only talk about the results

- 2 from -- I mean, if there's multiple -- like let's
- 3 say there's multiple bad months in a row or multiple
- 4 good months in a row. Then maybe I like reference,
- 5 you know, well, it's two months in a row that we've
- 6 done well or that it's two months in a row that,
- 7 you know, we've done poorly. But I don't talk
- 8 about necessarily the overall performance of the
- 9 account over the time period because what's relevant
- 10 is reporting the results of what was done in that
- 11 month.
- 12 Q So when you're talking to this
- 13 prospective client, Mr. Caldwell, we just heard
- 14 this small snippet of the call where you talk about
- 15 how a customer could achieve almost a 20 percent
- 16 return with a \$150,000 account and with the
- 17 commission --
- A Well, that's almost a two-hour phone 18
- 19 call, and I think you cut off the part before it
- 20 where we're not talking about giving him a return.
- 21 We're talking about in a hypothetical situation if
- 22 he were to achieve a 12 percent return but then he
- 23 got a commission discount because of the amount
- 24 of money that he put into the account, what effect

Page 362

- 1 that would have on the bottom line.
- 2 Q Yeah. I know the part of the call
- 3 you're talking about, but what I'm asking is sort
- 4 of more general, right? Like if you're telling
- 5 customers, as you were telling Mr. Caldwell --
- A Sorry, go ahead. 6
- 7 Q -- about returns, do you make it
- 8 clear that you're only saying that these returns
- 9 are achieved sort of in one month rather than
- 10 overall?

15

16

17

- 11 A I'm not talking to him about returns,
- 12 though. I'm talking to him about commission
- 13 discounts based off the amount of money that he
- 14 puts into the account on his initial deposit.
 - MR. BURDEN: All right. I'm going to move on to the next part of this call I want to talk about at 1:36:35. All right. We're
- going to start at 1:36:33. 18
- (Whereupon the audio was played.) 19
- MR. BURDEN: All right. So let me stop 20
- 21 it at 1:36:57.
- Q So why did you ask Mr. Caldwell 22
- 23 if any of his family members were part of the NFA
- 24 or SEC?

1 As part of the application.

- 2 Q What application?
- 3 The Gain Capital application.
- Is that -- that's funny. I didn't 4
- 5 see that. Where is that on the application?
- A I don't know. In the application. 6
 - Q Okay. Well, you can imagine --
- MR. MAY: You don't have a page number? 8
- 9 THE WITNESS: No.

10 BY MR. BURDEN:

- Q Yeah. Well, you could imagine how 11
- 12 I'd be really interested in that. So what part
- 13 of the application is it in? Tell me what you can
- 14 remember, if you would, please.
- A If you go online to a Gain Capital
- 16 application, they ask that question probably to
- 17 this day.
- 18 Q Okay. So did you ask other customers
- 19 the same question?
- 20 A Yeah. Every customer fills out the
- 21 same application, the same -- that application while
- 22 I worked there was -- evolved over time.
- 23 Q Yeah.
- 24 Α Was provided by Gain Capital.

Page 364

Page 363

- Q Well, I'm asking a simpler question,
 - 2 which is just did you ask other customers if they
 - 3 had family members who were the SEC or NFA?
 - 4 A If I was assisting them in filling out
 - 5 the application, then yes.
 - Q Okay. Did anybody ever say, yes,
 - 7 I do have a family member that's at the SEC or the
 - 8 NFA?
 - 9 A No, not to my knowledge.
 - Q What would you have done if they had 10
 - 11 said yes?
 - 12 MR. MAY: Is that a hypothetical?
 - 13 MR. BURDEN: Yeah.
 - 14 A I would have hypothetically selected
- 15 yes on the application or advised them to put --
- 16 disclose that on the application.
- Got it. 17

18

- (Whereupon CFTC Exhibit No. 151
- was marked for identification.) 19
- Q Mr. Ruth, I want to hand you what I've 20
- 21 marked as CFTC Exhibit 151. And take a look at it
- 22 for me, if you would, please.
- 23 (Witness complies).
- 24 MR. MAY: Are you ready, Jeremy?

Page 365 Page 367 THE WITNESS: Yes. A Yeah, all right. 1 1 2 BY MR. BURDEN: 2 MR. MAY: Wait. You're not supposed to Q Do you recognize CFTC Exhibit 151? 3 3 be testifying. A No. 4 4 MR. BURDEN: I answer the questions 5 So CFTC Exhibit 151 purports to be an 5 that I want to or that I think are funny. 6 email from Luis Molina to you and it says Questions, 6 That's my policy. 7 and the first question is what I'm interested in. 7 A I mean, I just think --8 8 Mr. Molina appears to write, "Can we have access MR. MAY: You answered his question. 9 to the Jordan Belfort videos for our own training?" 9 You don't really need to elaborate. 10 What are these videos that he's referring to? THE WITNESS: I just want to --10 A The Jordan Belfort -- there's like 11 MR. MAY: Do you want to elaborate? 11 12 12 a sales system called the Straight Line Persuasion, THE WITNESS: I do. I want to say 13 and there's videos that go along with that and 13 something. 14 that's what he's referring to. 14 BY MR. BURDEN: Q All right. So did Long Leaf have them, 15 Q Okay. Go ahead. 15 16 these videos? 16 MR. MAY: Please don't. A No, they're on YouTube. 17 A I get that like having you associated 17 Q So why is he saying can we have access 18 with Jordan Belfort, if you knew his story, doesn't 18 19 to them? 19 sound good from a regulation standpoint. But since 20 A Again, like going back to like that 20 you have watched the movies, he does talk about like 21 Monday -- like the morning meeting thing, these 21 the ethical stuff of it every five seconds, that he 22 are like questions that -- they're supposed to 22 was basically a POS and that you shouldn't be a POS 23 like -- they were supposed to submit questions 23 in the future. I just want to point that out. 24 to me every morning for me to then present them 24 MR. MAY: I'm sorry. Just so we're Page 366 Page 368 1 to Tim for Tim to answer them during the morning 1 clear for the record, POS? 2 2 meeting. THE WITNESS: Piece of shit. Q Did Tim answer this question? 3 (Whereupon CFTC Exhibit No. 152 3 4 A I would -- I don't recall, but I would 4 was marked for identification.) BY MR. BURDEN: 5 assume so. 5 Q Did you watch any of these Straight Line Q All right. I want to hand you what I've 6 6 Persuasion videos? 7 marked as CFTC Exhibit 152. 7 8 MR. MAY: Ready, Jeremy? 8 A Yes. 9 Where did you watch them? THE WITNESS: Yes. 9 Q A YouTube. 10 BY MR. BURDEN: 10 11 Q But like at work or at home? 11 Q Mr. Ruth, do you recognize CFTC 12 Exhibit 152? 12 Α Both. And why did you watch them? A No. 13 13 I don't know. It's a motivational Q All right. So it looks like an email 14 14 15 video for development of sales skills. I don't 15 sent from you to somebody at this string of numbers 16 and letters sent April 3, 2017 and it looks like know. 17 you're corresponding with this Alexander Krone. 17 Q Were these recommended to you by somebody? A Tim Evans, yeah. 18 Who's Alexander Krone? 18 Q All right. Who's Jordan Belfort? 19 A It seems like -- appears to be some 19 A He's the Wolf of Wall Street. 20 guy who was, I don't know, inquiring to work at 20 Q That's right. 21 Long Leaf. 21 22 A Have you ever seen the videos, though? 22 Q I mean, do you remember him? We can both Q After reading that email, I watched all 23 read the email. 23 24 of them. 24 A I mean, after reading the email, I mean,

Page 369 Page 371 A Technically I got my license like 1 1 I kind of know who he is, yeah. 2 Q Okay. So do you remember corresponding 2 April 24th I think it was. Q Well, that's a long -- I mean, surely 3 with him? they didn't pay you \$10 for --A Yes. 4 Q All right. So my question here 5 A Yeah, it was --5 6 is you write to him, "I'll make 370K this year 6 MR. MAY: Are you being facetious when 7 if I do not open up another account." Is that true? 7 you --8 THE WITNESS: Yeah. A Well, I got fired three months later 8 9 MR. MAY: -- testified that \$10 --9 so --THE WITNESS: I don't know. I don't 10 10 Q All right. 11 A -- no. 11 know. 12 BY MR. BURDEN: 12 Q You know, I guess what I ought to ask 13 is how much money did you make at Long Leaf Trading? 13 Q Definitely do not be facetious, please. 14 And if you have to break it down by year, if that's 14 Α 15 easier, then go right ahead. 15 Q Was it more than \$100,000? 16 A I don't know. I have no clue. A No. 17 MR. MAY: And, Ashley, does your question Q Was it more than \$100,000 a year? 17 18 relate to 2015? 18 A I don't know. Q More than \$50,000 a year? 19 MR. BURDEN: Yes. 19 20 A I would assume so. Hopefully, yeah. MR. MAY: Okay. 20 21 Here's one thing you've got to understand. When 21 BY MR. BURDEN: Q So the question again, in 2015 did you 22 it comes to like my compensation with Long Leaf --22 Q Yeah. 23 make more than \$100,000? 23 24 A I don't recall. 24 -- I was never properly compensated. Page 370 Page 372 1 And, yeah, so it's what do I think I should have 1 (Whereupon CFTC Exhibit No. 153 2 was marked for identification.) 2 been paid and --Q Well, my question is what were you paid, 3 Q All right. So I want to hand you what 3 4 right? 4 I've marked as CFTC Exhibit 153. This is a group 5 exhibit, and the group exhibit is an email that 5 A Like physically paid? I mean, I don't 6 remember off the top of my head. 6 purports to have been sent by you. And the email's 7 Q All right. Can you give us a ballpark, got a link in it, and I'm handing you what's in that 8 right, because all we have to go on --8 link and we've printed it. A I think in 2017, which -- and I 9 MR. MAY: This is now 153? 10 understand I only worked there for half a year --10 MR. BURDEN: Yeah. 11 I think it was somewhere around 200 grand was --11 A All right. 12 which I was actually physically paid. 12 MR. MAY: Hold on. I'm not ready. THE WITNESS: I'm curious where this Q All right. So 2016, what did Long Leaf 13 13 14 pay you in 2016? 14 is going. A I don't know. 15 15 MR. MAY: Are you ready, Jeremy? Q Was it more or less than 200K? THE WITNESS: Yes. 16 16 A I don't know. I couldn't tell you off 17 BY MR. BURDEN: 17 18 the top of my head. 18 Q Mr. Ruth, do you recognize CFTC Q What about 2015? 19 Exhibit 153? 19 A Maybe like \$10. A Yes. 20 20 21 Q Why only \$10? 21 Q What is it, please. It's an email that I sent to Tim Evans A Because I was -- I don't know. I was new 22 22 23 in the industry so I didn't make anything. 23 with a link. Q When did you start in 2015? 24 Q And the subject line is Case I was talking

1 about. Do you see that?

- 2 A Um-hmm.
- 3 Q Yes?
- 4 A Yes.
- 5 Q Thanks. So what's the case you were
- 6 talking about and why were you talking about it?
- 7 A James Cordier is an option sellers
- 8 principal. And when I would solicit people a lot
- 9 and talk about Time Means Money, sometimes I'd run
- 10 into people who either were option sellers clients
- 11 or had gone through their solicitation process,
- 12 and they would bring it up. So I studied, you
- 13 know, their process and what they did so I could
- 14 talk educatedly about like what the difference is
- 15 between what we did and what they did. And what
- 16 was the question?
- 17 MR. MAY: There were two.
- 18 BY MR. BURDEN:
- 19 Q Yeah. So it was what was the case?
- 20 MR. MAY: I think you've dealt with
- 21 the first one.
- 22 BY MR. BURDEN:
- 23 Q Yeah, and supply that. Then I asked,
- 24 you know, why did you send this to --

Page 374

- 1 A Oh, Tim?
- 2 Q Yeah, to Mr. Evans.
- 3 A Yeah. I think it was more of like --
- 4 if you read in here, they like showed examples
- 5 of emails that James would send out to his
- 6 clients I was interested in because I think at
- 7 that time I was talking about Tim to write like
- 8 emails to the clients on a monthly basis as opposed
- 9 to me doing it when I don't represent his trades,
- 10 you know, if that makes sense. So I think it was
- 11 like showing him like, hey, this has been done in
- 12 the past, this is how it's done, and this is how
- 13 the CFTC feels about it.
- 14 Q All right. Did you have any followup
- 15 discussions with Mr. Evans after you sent the email?
- 16 A I don't know exactly.
- 17 Q Well, do you remember if you had any
- 18 or not?
- 19 A No. I mean, that was -- from the
- 20 period of around this time, like me and him were
- 21 in like a -- I don't know if you want to call it
- 22 a feud.
- 23 Q Well, I want to get into that in a minute.
- 24 But right now --

1 A Yeah.

- 2 Q -- if we could, let's just please
- 3 focus on 153. So it seems like you did some real
- 4 diligence here. I didn't know that. I didn't
- 5 know that this James Scott Cordier was part of an
- 6 option selling group. But I see that you sent this
- 7 link to your boss and that he got in trouble for
- 8 unauthorized trading, which is what's reflected in
- 9 this order. And I want to know did you have any
- 10 discussions with Mr. Evans about it?
- 11 A Yeah. I mean, like I had talked
- 12 to him about it after I read it, and then I sent
- 13 it to him so that he could, I guess, read it. I
- 14 don't know if he read it or I don't recall what
- 15 happened after that.
- 16 Q Got it.
- 17 A Yeah.
- 18 Q So when you were talking to Mr. Evans
- 19 about it, what did you say, please.
- 20 A Just like, hey, this -- I read this.
- 21 This is what happened, you know. Now, you know,
- 22 I get why we do this. Like stuff like that. I'm
- 23 like --
- 24 Q Well, what was the stuff that you got --

Page 376

- 1 A I don't remember specifically, but
 - 2 I would have to read the whole entire thing again
- 3 to -- but I don't know. Like --
- 4 MR. MAY: When you say the whole
- 5 entire thing, could you elaborate on that?
- 6 A The whole entire -- I don't know.
- 7 BY MR. BURDEN:
- 8 Q Decision?
- 9 A Yeah, I guess.
- 10 MR. MAY: Starting at page 1 and ending
- 11 at page 33?
- 12 THE WITNESS: Yeah, yes.
- 13 A You know, and I would ask him
- 14 questions too. Like you've got like the whole
- 15 PFG, MF Global, all that stuff happened before I
- 10 11 0, Wil Global, all triat otali happonoa boloro
- 16 was in the industry, but like people talked to me
- 17 about it. And if I don't know about it, then why
- 18 would they want to invest their money with that
- 19 person. So I tried to learn stuff and be an expert
- 20 in the industry. So, yeah, I think it was more of
- 21 a development of myself.
- 22 BY MR. BURDEN:
- 23 Q So did Mr. Evans do anything different
- 24 or make any changes in response to your email?

1 A I couldn't tell you.

2 Q Were you trying to suggest by

- 3 this email that Long Leaf Trading shouldn't make
- 4 certain solicitations? Was that the point of this?
- 5 A No.
- 6 Q Was the point of the email to
- 7 suggest that Long Leaf Trading might be engaged
- 8 in unauthorized trading and so not to do that?
- 9 A No, no, not that I -- no.
- 10 Q All right. Let's put this one aside then.
- 11 A (Witness complies).
- 12 Q So I don't think I asked you this last
- 13 time, other than maybe very briefly. I haven't --
- 14 I just haven't reviewed the transcript yet. Why
- 15 were you let go from Long Leaf Trading?
- 6 A I mean, it's kind of like a buildup.
- 17 But the specific -- on the specific day that I was
- 18 let go was the day where I think like a majority
- 19 of the accounts were down like eighty some percent19
- 20 and we had to, you know, pitch the trades that
- 21 Tim had designed. And I want to say, if I recall
- 22 correctly -- I could be wrong -- I had like
- 23 67 clients at the time and those -- this
- 24 conversation was longer than normal. Like most

- 1 all I got.
 - 2 Q So when you said that Mr. Evans didn't
 - 3 like the speed that you were going, what did he say

Page 379

Page 380

- 4 to you?
- 5 A Like hurry the fuck up.
- 6 Q Got it. So you were going too slow
- 7 for him?
- 8 A I wasn't, but for him because he's
- 9 trying to execute and I'm trying to make sure that
- 10 I have permission and that these people understand
- 11 what's going on.
- 12 Q So your testimony I think just now
- 13 is that you were calling up customers and you were
- 14 giving them the results. And that was bad news at
- 15 this point, is that right?
- 16 A It was a bad -- it was a terrible month,
- 17 yeah.
- 18 Q Got it.
 - A And so, yeah, it was a terrible month
- 20 on top of I think maybe a terrible month before
- 21 then. So it was pretty bad, yeah.
- 22 Q Did you usually provide clients with
- 23 trading results, i.e., call them and tell them how
- 24 their trades had done?

- 1 of them are, you know, maybe like two, three minutes
- 2 every month. Well, this was like a significant
- 3 point in these people's accounts where these were
- 4 30-minute, hour-long conversations.
- 5 Q So when you're talking about these
- 6 conversations, you're talking about conversations
- 7 with clients?
- 8 A Yes. And it's where I'm giving them
- 9 results, telling them, hey, I guess, you know,
- 10 we're trying to get this turned around. Here's what
- 11 we're doing, da, da, da, da, da, give them the
- 12 whole spiel and trying to obtain their permission to
- 13 do the next trades. And it was a very difficult --14 very difficult conversations to have and very
- 15 lengthy. And I had 67 clients and he didn't like
- 16 the speed in which I was moving and I didn't like
- 17 the trading results. So he, you know, told me
- 18 to leave the office and I left and then he wanted
- 19 like -- he wanted stuff from me. Basically I got
- 20 the impression that he didn't want to pay me for --
- 21 he didn't want to pay me the commissions that
- 22 I would have generated from there. So he figured
- 23 out that it would be easier to fire Jeremy and
- 24 then he got to keep all the commissions. That's

- s 1 A Yeah.
 - 2 Q And was that sort of every time the
 - 3 trades were closed?
 - 4 A Yeah, pretty much, yeah. I mean,
 - 5 every client liked to be talked to differently.
 - 6 Q Got it. And how did you know what those
 - 7 results were?
 - 8 A From Tim Evans.
 - 9 Q And you also knew them because you got
 - 10 the Gain statements every day, right?
 - 11 A Well, yeah, but --
 - 12 Q And would you give them the results
 - 13 sort of for the life of their account or just that
 - 14 month?
 - 15 A Just that month I think would be
 - 16 more specific. Sometimes I might be -- you know,
 - 17 sometimes somebody might like -- it wasn't the same
 - 18 thing for every single person. So if somebody
 - 19 said -- you know, there could be a time where like
 - 20 maybe it was like the second month they're in.
 - 21 Well, are we up overall since we started? And
 - 22 then I would say either yes or no, which probably
 - 23 at that time would be no. But it was mostly on
 - 24 a monthly basis.

Page 381 MR. PATRICK: Was it Tim Evans that 1

2 told you -- I think you testified earlier 3

that the majority of the accounts were down more than 80 percent. Was that something that

5 Tim told you? 6

to do that.

THE WITNESS: Yeah, yeah. Like that morning he pulled us into like a conference room and was like, all right, you guys are going to have a really shitty day, you know. This is where your accounts are at. But, you know, I need you to soldier up and make these phone calls and da, da, da, da, like trying to huddle around. Like we need to make sure that -- you know, we're going to lose people, people are going to be upset but, you know, you need to like make it the best as possible. And it just so happened it took me a while

MR. BURDEN: All right. You know, that's all I've got. If we could go off the record for a couple minutes, I'll confer with my colleagues. And if you guys want to get your exhibits together, I know, Mr. May, you wanted to ask some questions.

Q Yeah, go right ahead.

2 A Jake Cahn, C-a-h-n.

Q All right. And do you know the name 3

4 of Postrock's counsel that you're referring to?

Page 383

Page 384

A Yeah, I have that one in here.

6 Matthew Kluchenek.

Q All right. And I should know this,

8 but I can't remember. Did you go over to Postrock

9 with Mr. Leeney?

A We went over separately. But, yeah, we 10

11 both were at --

12 Q So who from Long Leaf was at Postrock?

13 A Me, James Leeney, Luis Molina was

14 at one point, Vince Prieto was at one point,

15 what's his name, Brendan Sears was at one point,

16 and there was one other. I forgot his name.

17 Q All right. So when you were

18 at Postrock, were you sort of making trade

19 recommendations to customers in the same kind of

20 way that Long Leaf was?

21 A How was Long Leaf making trade

22 recommendations?

23 Q Well, you know, we've seen Long Leaf

24 make these recommendations through the Time Means

Page 382

1 MR. MAY: I did, yeah.

2 MR. BURDEN: How much time should we take

3 a little break here for?

4 MR. MAY: Like 15 minutes?

5 MR. BURDEN: Okay, that sounds good.

6 Off the record, please.

(Whereupon a recess was taken from

2:45 p.m., to 3:20 p.m., after which

the following proceedings were had:)

MR. BURDEN: Let's go back on the record, 10 11 please.

12 Q All right. So, Mr. Ruth, when did you

13 leave Postrock?

14 A May 2nd.

15 Q All right. And what were the circumstances

16 for your departure?

A I was starting my own occupation. 17

Q So did you guit or were you fired? 18

A It's interesting because I thought 19

20 that I quit, and I think Postrock's attorney might

21 have represented to my previous counsel that I was

22 fired. So I don't know the answer.

Q Who was your previous counsel, please. 23

A Do you mind if I --24

1 Money program, right?

2 A Yeah.

Q All right. And they're recommending 3

4 trades to customers and customers can participate

5 in those trades or not, right?

A Correct.

So -- and I think we established 7 Q

8 too that these trades recommended by Long Leaf

9 were spread trades typically, is that also right?

A Yes. 10

11 Q All right. And these customers

12 really all get the same recommendations, though

13 they may participate in them differently, is that

14 fair to say?

15 A No.

16 Q What's wrong about that?

A The word same recommendation. The word 17

18 "same" is what's wrong with that.

19 Q Okay. So my understanding, and

20 I thought we've been looking at these emails

21 together, is that the same sort of spread trade

22 recommendation goes out to everybody and the thing

23 that's different is the number of contracts that's

24 recommended.

7

Page 385

1 A No.

- 2 Q Okay. So what else is different?
- 3 A The fill prices, which means that
- 4 it's completely different, and sometimes even the
- 5 strike prices.
- 6 Q You know, my understanding was that
- 7 the Long Leaf Trading recommendations had the same
- 8 strike and fill prices for all customers. Is that
- 9 not right?
- 10 A No.
- 11 Q So if I compare all of the Long Leaf
- 12 trading recommendations, I'll see different strike
- 13 prices recommended to customers?
- 14 A At times, yes.
- 15 Q All right. Well --
- 16 A That's why there's no track record,
- 17 is what we're trying --
- 18 Q Well, I'm not sure if I agree with
- 19 that characterization. That's new to me and I think
- 20 contradicts previous testimony, but we're going to
- 21 look into it. You know, what I want to get at here
- 22 is what --
- 23 A Like there's -- yeah. So there's
- 24 like a quote/unquote block order. I don't know

Page 386

- _____
- 1 if block's the right term, but a mass order where
- 2 generally I think those are like APS'd. But then
- 3 there's trades that are done that are outside of
- 4 that block order, that those people are still part
- 5 of the program, and so they're getting different
- 6 fill prices. And in some cases, because those
- 7 fill prices aren't available, it makes sense for the
- 8 program or that client, they're getting different
- 9 strikes prices.
- 10 Q I see. All right.
- 11 A Yeah, so you're right. A majority
- 12 of them try to like -- try to be done in like
- 13 a mass, you know, quantity. But, I mean, that's
- 14 not the case. I don't think there's a single month
- 15 where every single person was traded the same way.
- 16 Q So what I want to try to figure out --
- 17 and that's helpful -- is did Postrock do this same
- 18 type of thing?
- 19 A Yeah. I mean, we -- like James Leeney
- 20 and I did something similar to the Time Means Money
- 21 program, yeah, but it's not the exact same thing.
- 22 Q So when you say that you and Mr. Leeney
- 23 did something that was similar to the Time Means
- 24 Money program at Postrock, who came up with the

1 trade recommendations there?

- 2 A I mean, they were constantly evolving.
- 3 We had -- I mean, James Leeney hired a couple
- 4 different like chief market strategists, a lot
- 5 of people involved and constantly trying to, you
- 6 know, figure out a way to make it work.
 - Q Got it. So it sounds like at Postrock
- 8 those recommendations didn't come from somebody
- 9 way up high at Postrock. They were generated
- 10 by Mr. Leeney or somebody hired by Mr. Leeney,
- 11 is that right?
- 12 A Yeah. I mean, yeah -- no, nobody
- 13 at like Postrock -- yes, not like there's one
- 14 principal at Postrock. No, he wasn't -- I mean,
- 15 he might have like given his two cents on a trade
- 16 or something of that nature but not -- like he
- 17 wasn't the designer of a trade.
- 18 Q Did you come up with any trades
- 19 at Postrock that were recommended to customers?
- 20 A Yeah, probably.
- 21 Q Did you when you were at Postrock
- 22 use -- did you use any of the old sales materials
- 23 from Long Leaf Trading?
- 24 A I don't know how you could because

Page 388

- 1 I don't work for Long Leaf, though.
 - 2 Q Well, you got scripts, right? Like
 - 3 did you bring them over or adapt them or anything
 - 4 like that?
 - 5 A I mean, the scripts at Long Leaf
 - 6 say Long Leaf on them. So if you call and say
 - 7 I'm with Long Leaf but you're really with Postrock,
 - 8 that wouldn't really work.
 - 9 Q Right. But did you use the same script
 - 10 or a similar script but change it to Postrock?
 - 11 A I mean, there's similarities but
 - 12 I wouldn't say that -- I guess you could say like
 - 13 the Postrock pitch was a derivative of the Long Leaf
 - 14 one, but it's not -- there's a lot of enhancements
 - 15 and differences as well.
 - 16 Q Got it. And who developed that pitch?
 - 17 Who wrote that pitch?
 - 18 A Me, James Leeney, compliance, Ryan
 - 19 Griffith. We got feedback from Turnkey Partners
 - 20 I think it's called. Bunch of people involved.
 - 21 Q All right. Do you have any of those
 - 22 scripts or sales materials that you used while you
 - 23 were at Postrock?
 - 24 A I don't know. I don't know.

Q Okay. So I don't think those fall

- 2 within the ambit of the subpoena that we've served
- 3 upon you, so we'll be serving another one for those
- 4 but --
- 5 A I mean, I don't have access to --
- 6 like the same thing. I got cut off from all my
- 7 Postrock stuff.
- 8 Q No, I understand.
- 9 A Yeah.
- 10 Q But I'm admonishing you not to destroy
- 11 them. And I'll send you guys a subpoena and you
- 12 can look for them. If you've got them, we'll look
- 13 at them and if you don't, you don't.
- 14 A All right.
- 15 Q So did Postrock terminate you for making
- 16 misrepresentations to clients?
- 17 A No, I've never been told by Postrock that
- 18 I've been terminated so ...
- 19 Q How did you quit?
- 20 A Well, I'd been planning for like months
- 21 to go out on my own with their help, and I was going21
- 22 to leave on May 1st. And then they got a call from
- 23 the NFA saying, hey, we want to interview Jeremy
- 24 Ruth and they came in. So I didn't move over that
 - Daga 200
 - 1 day, and I came in on May 2nd and -- or maybe
 - 2 it was May 1st, I don't know, May 1st maybe and
 - 3 the NFA interviewed me. And then the next day I got
 - 4 to the office and I was like, all right, I'm moving
 - 5 over to, you know, my new operation today. And they
- 6 said okay, and he goes let me know when you hit the
- 7 submit button and then I'll drop you on our end,
- 8 and that was it.
- 9 Q So did anybody say anything to you
- 10 about misrepresentations or misbehavior of any
- 11 kind?
- 12 A At Postrock?
- 13 Q Yeah.
- 14 A I mean, the nature of the NFA
- 15 coming to talk to me, they didn't -- I mean,
- 16 I don't know what you'd call that, but they I guess
- 17 made some allegations but not -- Postrock never said
- 18 anything.
- 19 Q Yeah. What I'm asking you is did
- 20 Postrock ever admonish you or otherwise accuse you
- 21 or misconduct or fraud?
- 22 A No, no.
- 23 Q So your testimony is that you learned
- 24 through your counsel that -- your former counsel

Page 389

1 that Postrock had been claiming that they had

Page 391

Page 392

2 fired you?

3 A Yeah. He had talked, yeah, to their

4 counsel. He goes -- he had asked me like, you

5 know, how did it end and I told him. He goes, all

6 right, well, their official position is is that they

- 7 terminated you.
- 8 Q That doesn't sound right, though.
- 9 A Why?
- 10 Q Well, it doesn't sound like they
- 11 terminated you. It sounds like your testimony is
- 12 that they didn't terminate you.
- 13 A They didn't, no, but that was what I was
- 14 told through --
- 15 Q Yeah.
- 16 A -- my previous counsel, yeah.
- 17 Q All right. Have Postrock come back to
- 18 you at all with demands or trying to contact you?
- 19 A No. I've tried to contact them, though.
- 20 Q What did you try to contact them about?
- 21 A I got screwed out of another paycheck
- 22 at the end.
- 23 Q Did they respond?
- 24 A No.

1

MR. MAY: See if we can't do something

- 2 about that.
- 3 BY MR. BURDEN:
- 4 Q So I think you testified that you were
- 5 planning on leaving Postrock but that Postrock was
- 6 going to help you, is that right?
- 7 A Postrock had been. I'd been working on
- 8 trying to leave for months.
- 9 Q So what kind of help were they giving you?
- 10 A Oh, everything. Like contacts, like
- 11 advice, consulting, everything.
- 12 Q But why did they want you to do that?
- 13 Were they going to make money off it somehow?
- 14 A Off me leaving?
- 15 Q Yeah.
- 16 A When I originally went over there,
- 17 there was never the intentions of like me being
- 18 there forever. It was kind of like a steppingstone.
- 19 Q Well, like why would they want to
- 20 help you out with that? It seems like you were
- 21 a tremendously productive salesperson at Long Leaf.
- 22 A Because I wasn't in a position to --
- 23 I had learned under one person, and I knew myself --
- 24 like that was my pitch to them. I'm not --

- 1 I mean, I'm not ready to start my own firm.
- 2 I want to start my own firm, but I want to learn
- 3 from other people as well before I do so. So, you
- 4 know, it just turned out to be a very good fit
- 5 because Ryan Griffith I think is a very good mentor.
- 6 And, you know, when it comes to like compliance and
- 7 regulations and things, I've learned a ton from him.
- 8 Q And he's the principal at Postrock?
- 9 A No, Kevin Meyer.
- 10 Q Who's he?
- 11 A He's, I don't know, Kevin Meyer's
- 12 right-hand man type AP slash -- I don't know.
- 13 Q And, sorry, is he at Postrock?
- 14 A Yeah.
- 15 Q Okay.
- 16 A He's also on like the, I don't know,
- 17 the independent introducing broker like association.
- 18 Like he's -- yeah. Like Friday night most people
- 19 go out and -- go out to dinner or go out and eat,
- 20 cocktails. He sits at home and reads like the CFTC
- 21 Exchange Act and stuff like that so ...
- 22 Q Another quick one, if we could, please
- 23 on Postrock, which is while you were at Postrock
- 24 how many other brokers were there?

Page 394

- 1 A Postrock is very like secretive
- 2 in telling me like about their -- they have like
- 3 multiple brokers all across the country I think in
- 4 various different locations, but I don't -- I didn't
- 5 really get involved. Like Postrock's primary focus
- 6 is commercial hedging and they don't do retail,
- 7 except for I think they might do like managed
- 8 futures through some other plan. And so I only saw
- 9 like the people that are in the Chicago office.
- 10 Q But you continued to do sort of retail
- 11 work for them, right?
- 12 A Yeah, correct.
- 13 Q All right. So how many other people
- 14 were in the Chicago office? So what I'm trying
- 15 to get a feel for is like what percentage this group
- 16 of Long Leaf guys constituted. Was it just a few
- 17 brokers or a lot? It sounds like you don't know
- 18 nationwide, but in Chicago --
- 19 A I don't know. Yeah, I don't know
- 20 how many brokers they have but it's, you know --
- 21 how many -- I'm sorry. You were trying to figure
- 22 out how many we represented?
- 23 Q Yeah.
- 24 A Well, there's --

1 MR. MAY: So I'm guessing the question

- 2 is the percentage of the Chicago office of
- 3 Postrock, the percentage of Long Leaf -- former
- 4 Long Leaf traders who were at Postrock, the
- 5 percentage of the total of Postrock --
- 6 A I don't -- yeah.
- 7 MR. MAY: -- reps.
- 8 A I mean, it was either me and James Leeney
- 9 and one other person or me and one other person for
- 10 the most part. So we were -- our "operation" was
- 11 either two or three brokers at a time, and I don't
- 12 know how many there is. Five maybe in the Chicago
- 13 office, seven. I don't know.
- 14 BY MR. BURDEN:
- 15 Q So these other former Long Leaf
- 16 brokers, Mr. Prieto, Luis Molina, Mr. Sears, did
- 17 they work with you and Mr. Leeney on continuing to
- 18 solicit for these spread trades?
- 19 A I mean, we don't -- I don't know.
- 20 It's kind of a weird question because we're not --
- 21 we're just soliciting. Like I don't think the
- 22 trade is for the spread trades. I don't know --
- 23 Q Let me ask you a different way.
- 24 A Yeah.

Page 396

Page 395

- 1 Q You know, did you and Mr. Leeney work
- 2 with Mr. Prieto, Mr. Sears and Mr. Molina while you
- 3 were at Postrock?
- 4 A Yeah, yeah. Like we kind of did the same
- 5 system where like they would set up appointments.
- 6 Q Got it.
- 7 A Yeah.

8

- MR. BURDEN: All right. Thank you.
- 9 Mr. May, if you want to --
- 10 Q This is actually the part I'm supposed
- 11 to say, Mr. Ruth, is there anything you wish to
- 12 add to your testimony or to clarify with respect
- 13 to your testimony?
- 14 MR. MAY: Prior to me asking you
- 15 questions.
- 16 A There was one thing. Oh, I know
- 17 we kept talking a lot about like the compliance
- 18 department and then I would -- you would say
- 19 Mr. Evans. Towards the end of my tenure there
- 20 was another gentleman who was I guess part of that
- 21 operation. I don't know what his official role was,
- 22 but it would be Brian Adams.
- 23 BY MR. BURDEN:
- 24 Q And he was part of the compliance group?

Page 397 Page 399 A I guess, because there was things --1 MR. BURDEN: I'll tell you guys what I am 2 or I don't know if he was just like an assistant 2 not going to let happen is a lengthy redirect of 3 to Mr. Evans. I don't know. It was -- I don't 3 all the exhibits from the last two. If there's 4 know. It was a weird situation. 4 something you want to clarify or add to your 5 Q Is there anything else with respect 5 testimony, we can do that. Do you guys want 6 to your testimony that you would like to clarify 6 some time? or expound upon? 7 MR. MAY: I have some questions I want 8 MR. MAY: Why don't you hold that --8 to ask him about the documents. 9 THE WITNESS: Yes. 9 MR. BURDEN: Yeah, you don't get MR. MAY: -- and I'll ask you the 10 to ask those questions in my investigative 10 questions. And then if you feel that you testimony. Why don't you guys confer, see 11 11 still want to add something after that, if there's something you want to add to your 12 12 we'll come back to it. testimony or correct, and we'll go back. And 13 13 if you want to trot those out, we can do that. 14 THE WITNESS: Sure. 14 MR. MAY: How's that sound? MR. MAY: All right. So I'm not going to 15 15 MR. BURDEN: The reason I'm doing this 16 be able to ask him the questions that I want? 16 17 is I have never been in testimony, and it's 17 MR. BURDEN: No. Have you not done one not sort of enshrined in our procedures, where 18 18 of these before? 19 counsel for the witness gets a redirect, you 19 MR. MAY: Sure, I have. 20 know. And I guess I don't mind and there's no 20 MR. BURDEN: When? 21 reason not to, except that we never ever do it. 21 MR. MAY: All the time. 22 And I sort of thought it was a good vehicle, 22 MR. BURDEN: Yeah. With whom? since he's represented by counsel, to sort 23 23 MR. MAY: CFTC, NFA, FINRA. 24 of clarify or set -- you know, correct any 24 MR. BURDEN: Who in this office has Page 398 Page 400 previous testimony. But it kind of sounds let you do a lengthy redirect? 1 1 2 like Mr. Ruth has made the corrections that 2 MR. MAY: I'm not doing a redirect. 3 he wants to make or expound to the extent he 3 I'm asking him some clarifying questions. MR. BURDEN: Okay. Let me give you guys 4 wants to, and I wanted to close that out. And 4 5 if what you're doing is something else --5 a couple minutes to confer. MR. MAY: Well, can you -- I think I'm 6 6 MR. MAY: Sure. probably going to be a lot more thorough than 7 7 (Whereupon a recess was taken from 8 he is. I don't know if he can recall the prior 8 3:42 p.m., to 3:48 p.m., after which 9 testimony. I mean, do you want to ask him about 9 the following proceedings were had:) 10 adding anything to his testimony today? I think 10 BY MR. BURDEN: that might be easier for him. Q All right. Mr. Ruth, is there anything 11 12 BY MR. BURDEN: 12 you wish to add to your testimony or clarify or 13 correct? Q Sure. Do you want to add something to 13 14 your testimony today? A Yeah. I'm going to do some clarifications MR. MAY: About your testimony today. 15 with the help of my counsel here. 15 A No. I mean, off the stuff you gave me, MR. BURDEN: All right. 16 16 17 **EXAMINATION** 17 no. 18 BY MR. BURDEN: 18 BY MR. MAY: Q What about your testimony generally? Q So, Mr. Ruth, I've got the documents 19 19 A I mean, the things I would like to add is 20 from our first time on September 26th, and we're 20 21 going to share them. So I'm going to put them 21 some of the documents that I provided you. Q Okay. Well, do you want to take a 22 between you and I. Can you tell us again when you 22 23 look at those again? If you want to confer with 23 worked for Long Leaf Trading? 24 your counsel, you can. 24 A I think my first day was March 13,

Page 401
1 2015 through maybe the last Friday in August

- 2 of 2017.
- 3 Q So that's approximately --
- 4 A Two and a half years maybe.
- 5 Q From the end of your tenure at Long Leaf?
- 6 A Yeah, beginning to end.
- 7 Q Okay. And what about the beginning?
- 8 So you worked there for two and a half years. How
- 9 long ago from March of '15 to today?
- 10 A Four and a half years ago.
- 11 Q Okay. And you were asked a number
- 12 of questions, a number of emails, a number of
- 13 documents, and you were shown some of them. Would
- 14 it be difficult for you to answer some of those
- 15 questions based on the length of time that's
- 16 transpired?
- 17 A Yes.
- 18 Q I have another clarifying question for
- 19 you, and I believe this was part of your testimony
- 20 but I want to make sure. Did you come up with trade
- 21 ideas at Long Leaf Trading?
- 22 A No.
- 23 Q When you were an associated person
- 24 at Long Leaf Trading, what were your primary job

Page 403

- 1 broker knows what's going on and the client knows
- 2 what's going on before it happens in terms of the
- 3 structure, like the number of trades, when things
- 4 are going to happen and things of that nature
- 5 whereas traditional brokerage, everything is at
- 6 random.
- 7 Q Okay. I'll make a statement. You
- 8 tell me if it's true. And I believe you mentioned
- 9 this before, but I want to clarify it. For a Time
- 10 Means Money client, would they know going in what
- 11 they -- what the maximum amount they could lose was?
- 12 A For a specific trade?
- 13 Q Yes, or let's say for a specific month.
- 14 A Yeah. I mean, when we obtain their
- 15 permission, we would generally tell them what the
- 16 profit potential and the loss potential was on the
- 17 specific trade.
- 18 Q And how could you know what the loss
- 19 potential was?
- 20 A Because we only use spread positions.
- 21 Q Anything else?
- 22 A No.
- 23 Q Would you know -- were you writing
- 24 options with Time Means Money or were you buying

Page 402

- 1 responsibilities?
- 2 A I mean, to -- I guess the primary
- 3 responsibility was open up accounts specifically
- 4 for the Time Means Money program.
- 5 Q And is there anything else?
- 6 A I mean, that's my primary duty, yeah.
- 7 Q Okay. Who was responsible at Long Leaf
- 8 Trading for obtaining authorization from the clients
- 9 to trade?
- 10 A Whoever the assigned broker is for the
- 11 account.
- 12 Q So if it was your assigned account, that
- 13 would be your responsibility?
- 14 A Correct.
- 15 Q I believe you talked about maybe
- 16 the difference between time versus -- TMM, what
- 17 does TMM stand for again?
- 18 A Time Means Money.
- 19 Q Okay. And maybe traditional brokerage.
- 20 Do you recall that testimony?
- 21 A Parts of it.
- 22 Q How is TMM different than traditional
- 23 brokerage?
- 24 A TMM is like a system that the

1 options?

- 2 A We were selling options, yeah.
- 3 Q Okay. Would that tell you --
- 4 A Well, actually --
- 5 Q -- how much you could lose or gain?
- A -- the net position is that we're
- 7 selling options, but in an option spread you are
- 8 buying and selling an option so ...
- 9 Q Okay.
- 10 A But we were credit spreads, meaning
- 11 that there was a net, you know, credit balance
- 12 based off the option position.
- 13 Q Okay. And do you recall any
- 14 testimony about -- just asking you a clarifying
- 15 guestion about the number -- let's talk about the
- 16 total number of accounts you had while you were
- 17 at Long Loof Trading Crown
- 17 at Long Leaf Trading Group.
- 18 A I would say somewhere around a hundred.
- 19 Q Okay. And what was the most you had
- 20 at any one time?
- 21 A From what I recall, 67.
- 22 Q I had a question about you and another
- 23 clarifying question. You were presented with a
- 24 number of emails that were sent out and a number

Page 405 1 of scripts or a number of documents. Were the

- 2 documents that you used in talking to clients
- 3 at Long Leaf Trading, were those approved by the
- 4 compliance department before you would use them?
- 5 A Yes.
- 6 Q Can you direct your attention
- 7 to Exhibit 122. That would have been from the
- 8 first time we came. We have to share. Familiarize
- yourself with the email.
- A Yep. 10
- Q Do you recall the CFTC presenting you 11
- with this email in your prior testimony? 12
- 13
- 14 Q Okay. And who was the email from?
- 15 A Myself.
- Q And who is it to? 16
- 17 Α Tim Evans.
- Q And who's the subject? 18
- A Harish Patel. 19
- 20 Q What can you glean from this email?
- A What do you mean by glean? 21
- Q Okay. So this is the amount that was 22
- started with and the amount that it was ended with.
- Can you tell what the P&L is?

- A He's a resident -- or a registered
- 2 investment advisor.
- Q Okay. And so that's not a commodity 3

Page 407

Page 408

- 4 or futures designation, is it?
- A No. He's securities.
- 6 Q And so is -- does he manage money for
- 7 other investors?
- A Yes. 8
- 9 Q Do you recall some prior testimony
- 10 about opening up accounts at Gain, the FCM that
- 11 was for Long Leaf Trading?
- 12 A Yes.
- 13 Q In looking at the documents the CFTC
- 14 gave you either on the 26th or 27th of September
- 15 and today, did you see any account opening documents
- 16 for any of the customers you had at Long Leaf
- 17 Trading?
- 18 A Yes.
- 19 Q You did?
- 20 A What do you like --
- Q Account opening documents, documents 21
- 22 you would need to open up a commodity account at
- 23 an FCM.
- 24 A Yes.

- - Q What documents did you see? 1
 - 2 A A customer agreement, CFTC regulation
 - 3 risk disclosures, NFA Rule -- I think it's like 2-30
 - 4 risk disclosures, W-9s, electronic transmissions
 - 5 trading, all the stuff required by the FCM.
 - Q Okay. If some of those documents
 - 7 were missing and not completed, would Gain Capital
 - 8 open an account?
 - A Absolutely not.
 - Q And you mentioned some other disclosures. 10
 - 11 Do you happen to know what some of the disclosures
 - 12 are in, say, CFTC --
 - A Yeah. 13
 - 14 Q Hold on. You've got to let me finish. --
 - 15 CFTC Regulation 1.55?
 - 16 A I think it has to do with customers
 - 17 attesting that they're using genuine risk capital
 - 18 and that they understand that there's risk in
 - 19 trading and loss and that spreads don't necessarily
 - 20 put you in a better position or option spreads and
 - 21 things of that nature.
 - 22 Q I believe in -- and we'll be getting
 - 23 to this hopefully if we can hear one of the tapes.
 - 24 But you used the term risk capital, and I believe

- Yeah. 1 Α
- 2 And what's that?
- 3 A It's a total loss of \$16,457.60.
- 4 Q And what's the total commissions?
- 5 A \$29,820.
- Q In comparing the total loss and 6
- 7 the total commissions, can you reach any sort of
- 8 conclusion?
- A There was profitable trading at some point. 9
- Q Okay. Directing your attention to 10
- 11 CFTC Exhibit 125, can you take a look at that?
- 12 A Yes.
- Q I want you to take a look. Okay. 13
- 14 And there's an email from a Steve Beranek --
- 15 A Beranek.
- Q -- B-e-r-a-n-e-k, to Jeremy Ruth. I'm 16
- 17 talking about the one dated Saturday, October 2016.
- 18 Could you tell me who Steve Beranek is?
- A He was a customer of mine. 19
- Q Okay. And what is Mr. Beranek's email 20
- 21 address?
- 22 A technicalmanagement@comcast.net.
- Q And what sort of business is Mr. Beranek 23
- 24 in?

- 1 I saw that in some of the documents. What is
- 2 your understanding of risk capital?
- A It's money that you have that if you
- 4 were no longer to have it, you know, you wouldn't
- 5 have to shut down your operation or, I don't know,
- 6 change your lifestyle or anything of that nature.
- Q So let me see if I understand that. 7
- 8 The risk capital is if you were to lose that
- 9 capital, it wouldn't affect maybe the quality of
- 10 your life?
- 11 A Correct.
- 12 Q And explain to me -- using that term
- 13 risk capital and the customers you had at Long
- 14 Leaf Trading, I believe you mentioned it was a
- 15 high of 67 at one point and maybe an estimate of
- 16 around a hundred during your time period. With
- 17 those customers, were you using their risk capital?
- 18 Were you using more than their risk capital?
- 19 I mean, walk me through that.
- 20 A I mean, I would like to rephrase that
- 21 where they are using their risk capital. I'm not
- 22 using anything.
- 23 Q Okay.
- 24 But, yeah, it's -- you know, during

Page 410

- 1 the solicitation process we use the term risk
- 2 capital, you know. They attest to that they're
- 3 using genuine risk capital. It's disclosed multiple
- 4 times throughout multiple stages of the process, and
- 5 even after they still funded the account with their
- 6 risk capital we ask them again, you know, to make
- 7 sure that they understand that they're using their
- 8 risk capital.
- Q Do you have an understanding of maybe
- 10 an average amount that -- I believe you testified
- 11 today you were asked -- we listened to a second
- 12 phone call today, and I forget the name of the
- 13 gentleman, but I think you were talking about
- 14 maybe his account was aberrationally high.
- 15 A Yeah, you're referring to the Jay
- 16 Caldwell call. I think he started off an account
- 17 with a hundred thousand dollars of risk capital.
- 18 I think it was more normal for me to have like
- 19 \$25,000.
- Q You anticipated my next question. 20
- 21
- Q Directing your attention to CFTC 22
- 23 Exhibit 132, could you take a look at that?
 - A Um-hmm.

Q And I believe we mentioned this last

- 2 time, but there's an email from a Jeremy Ruth
- 3 to James Leeney on August 29, 2017 at 1:43 p.m.
- 4 Do you believe that you sent this email from --
- 5 Α No.
- 6 Q -- the Long Leaf Trading email --
- 7 Α
- 8 Q -- system? And why is that?
- 9 Because I was no longer employed there.
- Did anyone else have access to your email? 10
- 11 Yeah, Tim Evans. Α
- 12 Q Okav.
- As the administrator. 13 Α
- And after you were no longer working 14 Q
- 15 for Long Leaf Trading, you didn't know whether
- 16 they continued to use that email address, is that
- 17 a fair statement?
- 18 A Now I know that they did because I'm seeing
- 19 evidence of it right here.
- Q And did you ever have a client named 20
- 21 Karl Reimer?
- A That was a client that was maybe 22
- 23 passed on to me in the last month or so of me
- 24 being at Long Leaf.

Page 412

Page 411

- Q Okay. In your testimony I believe
 - 2 from the 26th or 27th there was a percentage given
 - 3 of option trades that expired worthless. Do you
 - 4 recall that testimony?
 - 5 A Yes.
 - Q Okay. And do you happen to know where 6
 - 7 that percentage came from?
 - 8 A Yeah. There was a study that the
 - 9 CME Group put out that's based off of data that
 - 10 they collected in some markets in '97, '98, '99.
 - 11 And did you read the study?
 - I've read the tables within the study, yes. 12
 - Q Okay. Directing your attention to 13
 - 14 CFTC Exhibit 133, that's the phone call.
 - MR. MAY: Can we play the phone call?
 - MS. STREIT: What do you plan to do with 16
 - 17 the phone call?
 - MR. MAY: I just had to ask him a couple 18
 - questions about things that were in the phone 19
 - 20 call.

15

- 21 MS. STREIT: I mean, the phone call is
- 22 what the phone call is.
- MR. MAY: I know, but I was only 23
- 24 going to play it just on the portions that

Page 413 Page 415 you played to him. I think there was a couple 1 you the ability to collect more premium. When 1 2 clarifying questions in that. I'm not going 2 you collect more premium, you reduce more risk. 3 Q Okay. And there was a mention on to ask about --4 4 the call of a return to risk capital. I believe MS. STREIT: Yeah, we're not going 5 to go through the whole hour-long phone call. 5 you mentioned that before but, again, why is that 6 MR. BURDEN: I can play it for --6 important? Why would you be communicating that 7 MR. MAY: Yeah, I was going to ask --7 to a client? 8 I have some time parts that you played and 8 A I don't know. Are you talking about why they're very, very short snippets. It's like, 9 9 am I using the word risk capital? Q Well, yeah. Why are you using the word you know, one minute or something like that. 10 MR. BURDEN: Let me call it up. It'll 11 risk capital and what are you communicating to the 11 12 take a couple minutes, though. 12 client when you use that term? MR. MAY: Sure thing. A Yeah. I use the term risk capital 13 MR. BURDEN: Let's go off the record. 14 because I only want them to utilize risk capital 14 (Whereupon a recess was taken from 15 in their investment if they're going to be, you 15 16 know, opening an account with us or Long Leaf, 4:06 p.m., to 4:10 p.m., after which 16 17 the following proceedings were had:) 17 and yeah. 18 MR. BURDEN: So we're going to start Q I think you mentioned volatility. 19 at 1:37:18, if that's all right. 19 You used the term if things go favorably. I want 20 MR. MAY: That's okay. 20 to ask you a question. Based on the use of that MR. BURDEN: And this is Exhibit 133. 21 term, can you tell me if the thing that you were 21 (Whereupon the audio was played.) 22 talking about with this particular client was a 22 23 MR. MAY: Can you pause it? What are we 23 hypothetical? 24 at now? 24 A Yes, yeah. I mean, obviously because Page 414 Page 416 1 MR. BURDEN: We're at 1:41:06. 1 I'm using the terminology if things go favorably. 2 BY MR. MAY: 2 So "if" refers to a hypothetical. Q Okay. Mr. Ruth --3 Q Okay. And what about the term targeted 4 A Yes. 4 return? Based on that, would that also indicate --Q -- did you listen to the prior conversation 5 5 would it indicate or not indicate a hypothetical? that was played? 6 A Yeah. Well, the targeted return A Yes. 7 7 is not a specific amount because the client gets Q Is that your voice? 8 8 to determine what their targeted return is. 9 Q Okay. And what about the term "I think Q Do you recognize the person who was on 10 10 I can show you"? Does that indicate to you that 11 the other end of the line? 11 the conversation with the client is a hypothetical A No. 12 or not? 12 Q Okay. I just had some questions for 13 13 A Yes. 14 you. There was some language used and everything Q Okay. Directing your attention to 15 like that, and maybe you can kind of explain a 15 CFTC Exhibit 134, which I believe we're sharing. 16 little bit what that sort of thing means. There 16 Do you want to familiarize yourself with that again? 17 was a reference to current market conditions. Why 17 A I'm good. 18 is that important? Why would you be communicating Q This appears to be an email from 18 19 that to a client? 19 Tim Evans dated September 7, 2016 to Jeremy Ruth. A I don't know. Maybe to talk about 20 20 The subject is Demo Script Senior. The attachments 21 volatility. 21 are Demo Script Time Means Money Senior Broker.docx. Q Okay. Well, why is volatility important? 22 22 Directing your attention to page 1, do you see that A Volatility is important when selling 23 23 there's halfway down, approximately halfway down 24 options because an increase in volatility gives 24 under Title & Risk Disclosures there's some

Page 417

1 pictures? Do you see that on this document?

- 2 A Yes.
- 3 Q Okay. And the language looks pretty
- 4 small, but what sort of risk disclosures do you
- 5 think those are?
- 6 A I believe that's the -- I think
- 7 there's multiple risk disclosures, but there's --
- 8 I don't know. Those are the preapproved NFA risk
- 9 disclosures or combinations of them.
- 10 Q And are those the same risk disclosures
- 11 that are used or required by Gain to open up an
- 12 account at an FCM?
- 13 A Yeah.
- 14 Q Directing your attention to page 7.
- 15 Well, strike that. Directing your attention to
- 16 page 4, if you go all the way down to 7, Introduce
- 17 Time Decay, what is that referring to in this
- 18 document?
- 19 A We're informing the potential
- 20 customer that -- about the concept of time decay --
- 21 Q And what is that?
- 22 A -- from an introductory standpoint.
- 23 Time decay?
- 24 Q Yes.

Page 418

- 1 A Time decay is, I don't know, an event
- 2 that occurs during an option period.
- 3 Q And what is the result of time decay?
- 4 A The option becomes less valuable.
- 5 Q As it becomes -- as it gets closer to --
- 6 A Expiration.
- 7 Q Okay. Directing your attention
- 8 to page 7, about halfway down it says, No. 11,
- 9 NFA Company Record. What did that -- why is that
- 10 in this document?
- 11 A For credibility purposes.
- 12 Q Okay. And so you're letting a prospect
- 13 know that the company doesn't have an NFA record?
- 14 A At the time, yeah. At one point I think
- 15 the company did have an NFA record.
- 16 Q Well, let's talk about that NFA record.
- 17 Is it that the company at one point did not have
- 18 any adverse marks on its NFA record? Is that what
- 19 it's referring to?
- 20 A Yeah. I mean, I don't know that of
- 21 this specific script at this time, but the company
- 22 did not have any adverse marks until an audit. I
- 23 guess Tim Evans didn't do the AML annual audit and
- 24 they got -- he got fined by the NFA.

1 Q Okay. And directing your attention

- 2 to page -- well, actually, let's stay on company
- 3 NFA record. Let me ask you about your NFA record.
- 4 Do you recall the CFTC asking a bunch of questions
- 5 about maybe some potential customer complaints?
- 6 A Correct.
- 7 Q And I believe those were Mr. Okey,
- 8 is that right?
- 9 A No.
- 10 Q Okay. What about Mr. Patel?
- 11 A Yes. Oh, Oteh Okey, is that what you're
- 12 saying?
- 13 Q I believe that was the first one.
- 14 A Yeah.
- 15 Q Sitting here today, do you happen
- 16 to know if you have any adverse marks on your
- 17 NFA record?
- 18 A I do not.
- 19 Q No customer complaints?
- 20 A Not that I know of.
- 21 Q Directing your attention to CFTC
- 22 Exhibit 134 on page 24. Oh, I'm sorry. I think I
- 23 have the numbers mixed up. Directing your attention
- 24 to page 16 on Exhibit 134, and this is a number that

Page 420

- 1 says 24, The Greeks. Could you tell me why that's
- 2 in this document? What does the Greeks refer to?
- 3 A The Greeks refer to the option
- 4 Greeks, which were I guess mathematical terms of
- 5 how you determine values of option pricing.
- 6 Q And directing your attention to page 25
- 7 of Exhibit 134, it's -- No. 36 says No Buying
- 8 Decision Today. What does that mean?
- 9 A We're informing the client that
- 10 we're not asking them to buy anything, to open
- 11 an account or anything, pressure them into doing
- 12 anything without giving them more information.
- 13 Q Okay. And would you describe that --
- 14 well, you had your prior testimony. Does that
- 15 comport with what I'll call a low-pressure sales
- 16 process?
- 17 A Yeah. I mean, I don't think --
- 18 I don't talk to somebody -- I think I talk to
- 19 somebody probably for about four hours before I ask
- 20 them for their business.
- 21 Q And directing your attention to CFTC
- 22 Exhibit 134, the attachments, pages 1 through 30,
- 23 was this a document that would have been approved
- 24 by the compliance department at Long Leaf Trading?

13

1 A This document?

- 2 Q Yes.
- 3 A Yes.
- 4 Q Do you recall testimony or questions
- 5 you received about performance that customers at
- 6 Long Leaf Trading incurred or had?
- 7 A Do I recall questions about performance?
- 8 Q Yes.
- 9 A Yeah.
- 10 Q Okay. Did you ever see anything from
- 11 a regulator or the AP or the firm that looked to be
- 12 something along the lines of official performance,
- 13 audited performance, anything like that during your
- 14 tenure -- or actually while you were at Long Leaf
- 15 or thereafter?
- 16 A No.
- 17 Q Do you recall questions or testimony about
- 18 the concept that past performance isn't indicative
- 19 of future results?
- 20 A Yes.
- 21 Q Okay. And do you have any idea
- 22 of the origin of that concept? Do you know where
- 23 it comes from?
- 24 A It comes from CFTC and NFA disclosures.

- Page 421 1 Q And you're discussing --
 - 2 A It's not --
 - 3 Q Which page are you talking about?
 - A The risk disclosure again is done
 - 5 at the end of the presentation before --
 - 6 Q Okay.
 - MR. BURDEN: Sorry. Could I have the

Page 423

- 8 page on that, please.
- 9 THE WITNESS: It's not in the script.
- 10 It's in the slide. So I think it would be
- 11 in the Power Point --
- 12 MR. BURDEN: Got it.
 - THE WITNESS: -- presentation.
- 14 BY MR. MAY:
- 15 Q Okay. We can put these away.
- 16 So directing your attention to the exhibits we
- 17 used today, CFTC Exhibit 135, can you take a look
- 18 at that?
- 19 A Yeah.
- 20 Q Directing your attention to the document
- 21 marked Ruth 037.
- 22 A Yep.
- 23 Q Do you recall testimony about negative
- 24 marks on your -- I believe you described it as your

- 1 Q And would that be the kind of
- 2 disclosures that were referenced in account opening
- 3 documents?
- 4 A Yes, and as long -- and as part of the
- 5 sales solicitation process multiple times.
- 6 Q Okay. And do you think that that is
- 7 somewhere in what we were referring to, Exhibit 134,
- 8 page 1 where it says Title and Risk Disclosure? Is
- 9 that where you're discussing it?
- 10 A Yes. If you look at subsection 2,
- 11 letter A, Risk Disclosure, and then verbally
- 12 saying in addition to the visual but first I want
- 13 to disclose that this is a solicitation to enter
- 14 into an investment opportunity and there are
- 15 risks associated with this and all investment
- 16 opportunities for that matter. So understand
- 17 that past performance is not necessarily indicative
- 18 of future performance.
- 19 Q So it's read as well as shown?
- 20 A Yes, in the end of the presentation
- 21 as well.
- 22 Q Could you direct me to that?
- 23 A There (indicating). It's brought up
- 24 as a visual right here if you look at the slides.

- Page 424

 1 NFA record or the lack of marks, negative marks
- 2 on your NFA record?
- 3 A I don't have any marks on my NFA record --
- 4 Q Right, okay.
- 5 A -- that I know of.
- 6 Q Okay. And where would one go to look
- 7 for that?
- 8 A I've seen something called BASIC through
- 9 the NFA website.
- 10 Q Okay. And directing -- well, do you
- 11 see on document Ruth 037 on CFTC Exhibit 135, could
- 12 you take a look at a document that says Liability
- 13 Release Form?
- 14 A Yes.
- 15 Q Okay. Looking at the second paragraph
- 16 where it starts, "It is understood," do you see
- 17 that?
- 18 A Correct.
- 19 Q Okay. Do you believe that looking
- 20 at that sentence, that this document would ban a
- 21 client from posting a negative review after signing
- 22 this document?
- 23 A I don't think it bans them. I just
- 24 think that it -- that they essentially could be

- 1 subject to civil penalties in the event that they
- 2 did violate the terms of the release.
- 3 Q Are they giving up the right to post
- 4 something negative, do you think, based on this
- 5 language?
- 6 A Yes.
- 7 Q Directing your attention to CFTC
- 8 Exhibit 135, document Ruth -- marked Ruth 038
- 9 and Ruth 039, these are I believe testimony
- 10 from a -- I'm sorry, documents from an attorney,
- 11 Thomas F. Burke. Could you take a look at those
- 12 bills and see if there's a reference made to any
- 13 particular client in the services include portions?
- 14 A It does not.
- 15 Q Okay. Directing your attention to
- 16 CFTC Exhibit 136, which I believe is Bates stamped
- 17 Ruth 017 through Ruth 023, could you direct your -
- 18 directing your attention to page Ruth 022, go down 18
- 19 to the third --
- 20 A Wait. Ruth 22?
- 21 Q 022. It's on CFTC Exhibit 136. I believe
- 22 you're looking at 135.
- 23 A Oh, okay. 022?
- 24 Q Yes, the third paragraph down.

Page 426

- 1 A Yep.
- 2 Q The third full paragraph down starting
- 3 with, "Securities brokers have a duty to, 1."
- 4 Have you found that?
- 5 A Okay.
- 6 Q Have you found that?
- 7 A Yeah.
- 8 Q Okay. Let me back up. Who is Priscilla
- 9 Lamar?
- 10 A Priscilla Lamar was a customer of mine at
- 11 Long Leaf Trading Group.
- 12 Q Okay. And this is a letter from
- 13 her attorney, CFTC Exhibit 136, is that correct?
- 14 A CFTC 136, yes, that's my understanding.
- 15 Q Okay. And were you a securities broker
- 16 to Priscilla Lamar?
- 17 A No.
- 18 Q What kind of broker were you?
- 19 A Commodity broker.
- 20 Q Directing your attention to CFTC
- 21 Exhibit 136, page Ruth 020, do you see that?
- 22 A CFTC, I'm sorry, what?
- 23 Q 136. The demand letter from Ms. Lamar's
- 24 attorney, the document Bates stamped in the bottom

- 1 right corner Ruth 020.
- 2 A Yep.
- 3 Q Do you see the first full paragraph
- 4 starting with, "Mr. Ruth and other Long Leaf
- 5 employees on behalf of Long Leaf and through Gain

- 6 also engaged in churning in violation of California
- 7 Civil Code Section 3294 and SEC Rule 15c1-7"?
- 8 Do you see that?
- 9 A Yes.
- 10 Q Okay. I believe you just testified
- 11 you're a commodities broker. Are you subject to
- 12 SEC rules, to your knowledge?
 - 3 A Not to my knowledge.
- 14 Q Directing your attention to
- 15 CFTC Exhibit -- well, I believe this is Group
- 16 Exhibit 136, the document entitled at the bottom
- 17 right corner Ruth 024. Are you there?
- 18 A Yep.
- 19 Q Okay. Halfway down on the first
- 20 numbered paragraph do you see the language that
- 21 says -- starts, "Nothing contained herein is to be
- 22 construed as an admission or evidence of liability
- 23 by LLTG and Gain"? Do you see that?
- 24 A Yes.
 - Page 428 Q Okay. And do you see the last
 - 2 sentence in that paragraph, "Rather, each party
 - 3 has entered into this Settlement Agreement solely
- 4 to avoid expense of litigation"?
- 5 A Yes.
- 6 Q Directing your attention to CFTC
- 7 Exhibit 136 and the document marked in the bottom
- 8 right corner Ruth 025.
- 9 A 25?
- 10 Q Ruth 025.
- 11 A Yep.
- 12 Q Do you see the numbered paragraph that
- 13 starts with the No. 4?
- 14 A Yeah.
- 15 Q Could you read the first and second
- 16 sentence for me?
- 17 A "Customer covenants not to disclose
- 18 the terms of this Settlement Agreement and Release.
- 19 Customer agrees to pay LLTG as liquidated damages
- 20 a sum equal to \$500 for each such occurrence if
- 21 the terms of this Settlement Agreement and Release
- 22 are disclosed by Customer. Notwithstanding the
- 23 foregoing, Customer release of information to the
- 24 Commodity Futures Trading Commission, the National

- 1 Futures Association or in compliance with a lawful
- 2 subpoena shall not be construed as a violation of
- 3 this provision."
- 4 Q Okay. Looking at that -- signatures
- 5 lower down on that same page, did you sign this
- 6 document?
- 7 A No.
- 8 Q Directing your attention to CFTC
- 9 Exhibit 137, and in the bottom right corner this
- 10 is a one-pager that's marked Ruth 028.
- 11 A Yep.
- 12 Q Look at the bottom email from you. Who
- 13 are you writing an email to?
- 14 A Tim Evans.
- 15 Q Okay. And what was the purpose for this 16 email?
- 17 A I'm trying to find out -- it was
- 18 brought to my attention over a phone call with
- 19 Rebecca Wing that Priscilla Lamar, you know, she
- 20 just told me about this. I didn't have any of
- 21 the -- I didn't have, you know, the complaint from
- 22 the attorney, the settlement agreement and all this
- 23 kind of stuff, and she's very slow moving. And so
- 24 I reached out to Tim because I wanted to find out

- 1 A Yes.
 - 2 Q I believe your testimony was you
 - 3 expressed some skepticism about this document?

Page 431

Page 432

- 4 A That's correct.
- 5 Q And what were the reasons for your
- 6 skepticism?
- 7 A Tim Evans already had access to all the
- 8 documents because he's the compliance department.
- 9 He approves them all and they're on the shared
- 10 drive, so why would he ask me for a copy of them.
- 11 And then going back to 140, there's like six days
- 12 in between of my email address sending it to him.
- 13 Again, documents that he already has.
- 14 Q What's the significance of six days?
- 15 A That's not something -- I wouldn't respond
- 16 to a superior six days later.
- 17 Q And you would respond sooner or later?
- 18 A Sooner.
- 19 Q Directing your attention to CFTC
- 20 Exhibit 141, and this is the email from Jeremy
- 21 Ruth to Tim Evans dated 4/8/2017. Subject is
- 22 Custom. The attachments are Custom Version 3.pptx.
- 23 Can you look at the second page of the attachment?
- 24 A Yes.

- 1 about it now because this is -- I think it's odd
- 2 that something that happened, I don't know, like
- 3 a year ago was just brought to my attention a year
- 4 later.
- 5 Q And what if anything did Mr. Evans
- 6 tell you? And I'm directing your attention to
- 7 the third sentence in his response to your email.
- 8 A "There is nothing to respond to,
- 9 as I and everyone at Long Leaf acted in a legal
- 10 and ethical manner while I owned the company."
- 11 Q And the fourth sentence?
- 12 A "That included the entirety of your
- 13 employment there."
- 14 Q Okay. Directing your attention to CFTC
- 15 Exhibit 140, do you have that one?
- 16 A Which one?
- 17 Q 140.
- 18 A All right.
- 19 Q Actually, let's put 140 away for
- 20 a second. Sorry about that. Let's look at CFTC
- 21 Exhibit 139.
- 22 A Okay.
- 23 Q Do you recall your testimony and being
- 24 asked about this document?

- 1 Q What is this?
 - 2 A The risk disclosure slide.
 - 3 Q Have we seen this before?
 - 4 A Yes.
 - 5 Q Where?
 - 6 A In the senior broker demo script that
 - 7 we were previously looking at.
 - 8 Q So this is a slide of a presentation,
 - 9 is that correct, CFTC Exhibit 141?
 - 10 A Yes.
 - 11 Q And so walk me through how this is
 - 12 displayed to a potential client.
 - 13 A We're on the phone with them. They're
 - 14 on their phone. And then this is utilized over
 - 15 online software called Join.me, which gives them
 - 16 the ability to view this from their home computer
 - 17 or laptop or tablet, whatever.
 - 18 Q Okay. Could you turn to the page
 - 19 that starts in this CFTC Exhibit 141, it says
 - 20 Equally Weighted Assets and there's a circle that
 - 21 says 76.5 percent asterisk.
 - 22 A I'm sorry. Yes, yes. Where are you
 - 23 seeing that?
 - 24 Q It's towards the back.

A Oh, there we go. Yep. 1

- 2 Q What is being depicted on this slide?
- 3 A It's talking about equally weighted assets.
- 4 Q And the 76.5 percent, what's the importance
- 5 of that?
- 6 A It's the study that's being cited.
- 7 Q Okay. And what does it mean that
- 8 76.5 percent of all options held to expiration at
- 9 the Chicago Mercantile Exchange expire worthless?
- 10 Why is that important?
- 11 A Why is it important?
- 12 Q Um-hmm.
- 13 A Because it -- an investor, I guess
- 14 you could look at it as you have a -- it could tell
- 15 an investor -- I mean, you can tell a lot of things
- 16 from it. An investor could say, well, the chances
- 17 of buying options and them becoming profitable is
- 18 not good. You could say, well, it's a zero sum
- 19 game. So for every winner -- loser there has to
- 20 be a winner. So maybe if I'm on the other side
- 21 of the transaction, that can be advantageous for
- 22 me. It's a lot of things.
- 23 Q Okay. And is it true that the study
- 24 source is cited in this slide?

Page 434

- A Yes. 1
- 2 Q Okay. And where else have we seen
- 3 or heard something about roughly 75 percent of
- 4 options expire worthless if held to expiration?
- 5 A In the demo script, which is included
- 6 in Exhibit 140 and somewhere in there as well
- 7 (indicating).
- 8 Q Have we heard any calls where maybe this
- 9 76.5 percent was cited?
- A I think in Exhibit 133, talk about 10
- 11 it in a recorded phone call that in the event
- 12 that 76.5 percent of options do expire worthless,
- 13 there's some quote about that in that phone call.
- 14 Q Okay. Directing your attention to
- 15 CFTC Exhibit 110 that's in your pile, it's from
- 16 today.
- 17 A All right. 110, gotcha.
- Q I'm looking at the email from James 18
- 19 Leeney at Long Leaf Trading sent on 4/27/17 to
- 20 Jeremy Ruth at Long Leaf Trading. Subject is Calls
- 21 to Review. Do you see the part -- it looks like
- 22 there's a picture of a leaf or something along that
- 23 line under the language that's James Leeney, senior
- 24 market strategist, Long Leaf Trading Group.

1 A Yeah.

> 2 Q Could you read the information in the

Page 435

3 first paragraph under the leaf?

A "Trading futures involves risk of

5 loss and is not suitable for all investors. Past

6 performance is not necessarily indicative of future 7 results."

8 Q Okay. And I had a question for you.

9 Was that language included on every email that you

10 would have sent to a customer?

A I'm going to say 99.9 percent of the 11

12 time. If I sent an email from my cell phone would

13 be the only time that it didn't, but I rarely sent

14 an email from my cell phone.

Q So was it prepopulated? Did you need to

16 cut and paste it? How did --

17 A No.

18 Q -- it get there?

19 It's the signature line of my Outlook

20 email.

21 Q Well, directing your attention to

22 CFTC Exhibit 146, it's an email from Jeremy Ruth

23 to Tim Evans dated September 19, 2016. And that

24 looks like a signature line for you, Jeremy Ruth,

1 senior commodity associate, Long Leaf Trading

- 2 Group. 3 A Yep.
- Q Is that disclosure language that you
- 5 just read from CFTC Exhibit 110 contained in this
- 6 email?
- 7 A Yes.
- 8 Q Directing your attention to CFTC
- 9 Exhibit 147 --
- A Got it. 10
- 11 Q -- I'm going to read -- this
- 12 is an email purportedly from Jeremy Ruth at
- 13 longleaftrading.com dated February 6, 2017 to
- 14 a Vince Prieto and a number of other persons with
- 15 Long Leaf emails. And the subject is Demo Flake
- 16 Attempting Reschedule New List. I'm going to
- 17 read some language, and I want you to kind of
- 18 explain what that means. In the first paragraph,
- 19 "There are 400 leads on this list." Do you see
- 20 that?
- 21 Α Correct.
- 22 Q "I expect these to be either reset
- 23 or moved to not interested." What does that mean?
- 24 What are you trying to communicate there?

1 A To either reset the appointment or

- 2 to disposition the lead record as not interested,
- 3 meaning that the client's not interested.
- 4 Q What happens when the client's not
- 5 interested? Do they ever get contacted again?
- 6 A That would be up to Tim Evans, but
- 7 the solicitation process stops and the lead is
- 8 essentially dead, and I don't know if they're
- 9 recycled at a later time or what.
- 10 Q Okay. Directing your attention to CFTC
- 11 Exhibit 149.
- 12 A Gotcha.
- 13 Q So this -- I'm looking at the bottom
- 14 of the page. It says it is an email from Jeremy
- 15 Ruth at Long Leaf Trading Company dated Monday,
- 16 July 24, 2017 to zinvesting@msn.com. The subject
- 17 is Emailing Account Documents Christopher Zolton.
- 18 What if anything is going on here? And tell me
- 19 whether this is --
- 20 A Yeah. I made it part of my process
- 21 where, you know, during the account opening process,
- 22 during the application you have the ability as the
- 23 user to download the account documents. I wanted
- 24 to make sure that I knew that they had a copy of
- **:**
- 24 question, Mr. Ruth. Do you recall testimony --

Page 438

- 1 their account documents. So I would send them
- 2 their account documents through email in addition
- 3 to that so I can, you know, have a record of the
- 4 fact that they received the account documents.
- 5 MS. STREIT: How much more do you have,
- 6 Mr. May? It's almost 5 o'clock.
- 7 MR. MAY: Yeah. Maybe --
- 8 MR. BURDEN: You can go for absolutely
- 9 as long as you want.
- 10 MR. MAY: There's -- no. I mean,
- 11 I probably have less than five minutes.
- 12 MS. STREIT: All right.
- 13 MR. MAY: Don't want to ruin anyone's
- 14 weekend.
- 15 Q Mr. Ruth, did you have any -- do you
- 16 recall questions about maybe whether you hired an
- 17 attorney to assist you in understanding CFTC or NFA
- 18 rules and requirements?
- 19 A When?
- 20 Q Earlier today. Do you recall any questions
- 21 like that?
- 22 A Oh, do I recall? Yes.
- 23 Q Okay. And what was your testimony on that?
- 24 A No, I'm an AP. I don't own the firm.

- 1 Q You don't what?
- 2 A Own the firm.
- 3 Q And do you recall testimony about
- 4 maybe the reason why account performance was or
- 5 was not allowed to be produced?
- 6 A Yes.
- 7 Q I'm going to make a statement and
- 8 you tell me if you think it's correct. Do you
- 9 believe that maybe the CFTC laws or regulations
- 10 would prohibit production of account performance?
- 11 A For -- specifically for the Time Means
- 12 Money program, yes.
- 3 Q Okay. And what would you expect
- 14 the possible ramifications if somebody produced
- 15 something for the Time Means Money program and
- 16 the performance was inaccurate, let's say either
- 17 too high or too low, what would be the possible
- 18 ramifications vis-a-vis a regulator?
- 19 A I would assume substantial fines, loss
- 20 of licensing, things of that nature.
- 21 Q Okay.
- 22 A But --
- 23 Q I believe I just have one more

Page 440

Page 439

- 1 and it happened today. I'll posit that -- about
- 2 maybe the last day you worked at Long Leaf Trading?
- 3 A Do I recall the last day I worked at
- 4 Long Leaf Trading?
- 5 Q No. Do you recall your testimony about
- 6 the day --
- 7 A Yes.
- 8 Q -- last day you worked at Long Leaf
- 9 Trading? And I believe you mentioned that the
- 10 performance was bad, is that --
- 11 A Of the specific month, yes.
- 12 Q Okay. Well, that was one of my questions.
- 13 And --

23

- 14 A And when I say bad, I just mean it's
- 15 a losing month. I don't know how much. I don't
- 16 know anything. I think in my testimony I
- 17 represented that like accounts were down 85 percent.
- 18 To clarify, that would probably be -- I mean, some
- 19 accounts that I can, you know -- not everybody
- 20 starts at the same time. Not everybody went through
- 21 that. But I recall, I don't know, maybe a couple

representative of all the clients that I had.

- 22 people that were down that much. But that's not
- 24 Q Okay. And then what month was the last

1 month you were at Long Leaf Trading?

- 2 A August 2017.
- 3 Q Okay. And during the time you were at
- 4 Long Leaf Trading with the spread trades, how many
- 5 positions were usually recommended by Mr. Evans?
- 6 A Hundred percent.
- 7 Q Well, how many positions would he
- 8 recommend, option positions? Was it --
- 9 A Four per month.
- 10 Q Four per month, okay. So if the
- 11 performance was bad on a particular month, could
- 12 you suggest to us, would that be a month where the
- 13 positions were half winning, half losing?
- 14 A I mean, it could depend. I mean,
- 15 you could win three positions and technically
- 16 you could still lose money on the month depending
- 17 on how the positions are designed, so ...
- 18 Q Do you recall the exact specific
- 19 performance of the four positions in August of
- 20 2017?

4

6

- 21 A I remember it being a bad month and
- 22 maybe they all lost. I don't know specifically.
- 23 Q Okay.
- A It's a while ago.

- Page 442

 MR. MAY: Okay. I don't have anything
 else.
- 3 MR. BURDEN: All right. I've got one
 - more and then I'll ask you guys again if you
- 5 have followup.
 - FURTHER EXAMINATION
- 7 BY MR. BURDEN:
- 8 Q Mr. Ruth, I'm going to read some
- 9 verbiage to you and I'm going to ask you if you've
- 10 heard this before, said it before, all right?
- 11 A Sure.
- 12 Q All right. These results are based
- 13 on simulated or hypothetical performance results
- 14 that have certain inherent limitations. Unlike
- 15 the results shown in an actual performance record,
- 16 these results do not represent actual trading.
- 17 Also, because these trades have not actually been
- 18 executed, these results may have over the -- may
- 19 have under or overcompensated for the impact, if
- 20 any, of certain market factors, such as lack of
- 21 liquidity. Simulated or hypothetical trading
- 22 programs in general are also subject to the
- 23 fact that they are designed with the benefit
- 24 of hindsight. No representation is being made

Page 441

1 that any account will or is likely to achieve

- 2 marfits on leases similar to the see being above
- 2 profits or losses similar to those being shown.

Page 443

- 3 I know that's a mouthful, but have you heard that
- 4 before?
- 5 A That's the disclosure with simulated 6 trading.
- 7 Q Say that one more time, please.
- 8 A Disclosure of simulated trading, I believe.
- 9 Q All right. Is that -- have you ever
- 10 related that orally to any customers or prospective
- 11 customers?
- 12 A I don't think it's applicable to the --
- 13 Q So let's get into that in a minute, but
- 14 let me ask you first.
- 15 A It might have been done in writing through
- 16 the account forms. I'm not familiar exactly.
- 17 Q Did you personally --
- 18 A It's on --
- 19 Q -- make that disclosure --
- 20 A No.
- 21 Q -- to any customers?
- 22 A I only make the disclosures that were
- 23 given to me in the script that's approved by the
- 24 compliance department.

- 1 Q All right. Was this disclosure that
- 2 I just read from 17 CFR 4.41, was that in any of the
- 3 materials given to you by compliance?
- A Unless if they're in the account
- 5 forms for Gain Capital, that would be the only
- 6 place I could say. I don't know. Otherwise, no,
- 7 I did not -- it was not given to me.
- 8 Q Okay. So that will do it for me.
- 9 Mr. Ruth, anything else you want to clarify
- 10 or correct in your testimony over the last two
- 11 days we've been doing it?
- 12 A My understanding is that you're
- 13 investigating Long Leaf Trading Group, and I wanted
- 14 to throw you a bone here.
- 15 Q Great. Let's have it.
- 16 A I found this out from I think this
- 17 document, which is from Priscilla Lamar's attorney,
- 18 but it talks about some guy who's a broker at Long
- 19 Leaf. Well, that brings me to my point. He's not
- 20 a broker at Long Leaf Trading Group because I think
- 21 he was acting as a broker unlicensed.
- 22 Q And who is that person, please.
- 23 A Andrew Nelson maybe. But I guess he
- 24 represented -- he talked about me to Priscilla

	My point is is that there's an unlicensed broker	14
